President

Oakland, CA 94607

Dear President Patterson and Members of the Board:

L3-1

I was very disappointed to learn that your Board only granted an additional fifteen days for the comment period on the Draft Environmental Impact Report (DEIR) on the Bayside Groundwater Storage Project. Your action is a disservice to the community, your constituents and your customers.

Please let me know if there is an appeal process from your decision.

City staff will be submitting comments to the DEIR within the timeframe you have specified. We will review your response to comments when they are made public.

Sincerely,

Shelia Young
Mayor
