Attn: Matt Elawady

Subject: Proposal in Response to RFP ME25-01.03 – Performing Arts Programming and Site Management

Dear Matt Elawady and the EBMUD Selection Committee,

On behalf of Siesta Valley Entertainment, LLC ("SVE"), we are honored to submit our proposal for the programming, operation, and management of the EBMUD property formerly leased by the California Shakespeare Theater. We understand EBMUD seeks a partner that can not only sustain the legacy of this remarkable venue, but also expand its cultural impact, maintain its environmental integrity, and serve the diverse communities of the East Bay.

SVE is a newly formed entity representing a coalition of artists, entrepreneurs, environmental advocates, and seasoned venue operators. Our shared vision is to transform the former Bruns Amphitheater and surrounding environs into the Siesta Valley Amphitheater, a premier cultural destination and mixed-use performance space that blends world-class entertainment with watershed education, environmental stewardship, and community engagement.

We propose to deliver:

- A robust sustainability, capital improvement, and maintenance plan for long-term care of the venue and surrounding watershed
- 40 to 60 live music performances annually from April through November, spanning genres and audiences
- Film screenings that provide a family-friendly, low-cost community entertainment option
- 5 theatrical productions that build on the rich history of Cal Shakes. The Amphitheater will feature performances from local non-profit theater companies, community theater groups, schools, and educational partner
- Year-round educational programming for local youth, with a focus on environmental stewardship and the performing arts
- A vibrant food and beverage experience emphasizing health, sustainability, and hospitality

Our team brings decades of cross-sector leadership:

- Tom Romary, technology entrepreneur and musician with deep operational expertise and experience managing organizations of 2,500+ people.
- Michael Karp, veteran restaurateur and former Live Nation executive who led food and beverage
 operations for major live events.
- Campbell Foster, business owner, sales and marketing executive, and nonprofit founder with experience building diverse organizations and environmental charities.
- Clive Worsley, former Executive Director of Cal Shakes, with 40+ years of live events production, deep ties to the venue, its educational programs, and East Bay arts organizations.

In addition, we have assembled a team of advisors for SVE in preparation for the RFP response and business plan development (beginning in January 2025), including:

- A Ph.D. forestry and watershed scientist from a leading public university, with decades of experience
 in East Bay ecology. This expert brings specific research and consulting knowledge related to
 watershed health, native and invasive species dynamics, and land use planning in the East Bay Hills.
- A retired CAL FIRE Battalion Chief who formerly led unit-level operations in Contra Costa County, now serving as a wildfire mitigation consultant.
- A security manager for NorCal Safeway stores, and a retired police officer & detective in San Leandro.
- A co-founder of Another Planet Entertainment, with 20+ years of experience overseeing performing arts venues and producing live entertainment.
- An entertainment promotions and events management executive in the Bay Area, with direct experience securing talent, promoting events and managing events at the Bruns Amphitheater.
- An attorney and former public-private development advisor to East Bay Regional Park District.
- Owners and operators of the revitalized Guild Theatre in Menlo Park CA, a premier / boutique non-profit performing arts and music venue, which serves the community with many fundraising events.

We have generated interest among high net worth performing arts enthusiasts with soft commitments of \$5MM+ in capital (with an additional \$5MM available) to fund operations, capital improvements, and programming, pending the outcome of EBMUD's selection process. We anticipate additional funding for capital improvements to be available via debt instruments, including SBA loans, as well as through public-sector grants and private donations.

While this responding entity is currently structured as an LLC, we intend to establish a 501(c)3 nonprofit parent organization to manage the lease and oversee educational, environmental, and community programming, supported by a for-profit subsidiary to oversee capital improvements and commercial operations. This hybrid model—used successfully by organizations such as the LA Philharmonic, New Orleans Jazz & Heritage Foundation and the Newport Festivals Foundation—will allow us to balance mission and financial sustainability. To formalize that accountability, we would offer EBMUD a permanent seat on the Board of Directors of the 501(c)3, ensuring ongoing alignment with EBMUD's mission, values, and watershed stewardship responsibilities.

We have conducted a thorough review of the RFP, toured the property, and engaged specialists to assess infrastructure and operational needs. We are confident in our ability to revitalize this treasured venue and build a long-term partnership that delivers exceptional value to EBMUD and the East Bay.

Thank you for your consideration.

Sincerely,

Tom Romary

Overview

The Bruns Amphitheater and property formerly occupied by Cal Shakes represent a rare opportunity to revitalize an extraordinary venue on land entrusted to EBMUD. Our founding team, all East Bay residents, has come together not just to preserve this exceptional property, but to transform it into a thriving center for environmental education, artistic expression, and community gathering.

Siesta Valley Entertainment (SVE) is a newly formed organization established for the express purpose of submitting this proposal. While the entity itself is new, the leadership team and advisors bring decades of experience in live event production, venue management, nonprofit leadership, food and beverage operations, and environmental science. We have generated interest among high net worth performing arts enthusiasts with soft commitments of \$5MM+ in capital (with an additional \$5MM available) to fund operations, capital improvements, and programming, pending the outcome of EBMUD's selection.

Our vision for the Bruns Amphitheater and surrounding property as a mixed used performing arts space and community gathering center is grounded in three commitments that align with EBMUD's stated objectives:

1. Community Benefit

We will transform the site into a multi-use, year-round venue that serves the full spectrum of East Bay residents. Programming will include live music, theater, outdoor film screenings, and educational events. The venue will also host private events such as galas, fundraisers, and corporate retreats, generating economic activity and drawing visitors to the region. We are exploring partnerships with regional school districts, arts organizations, and environmental nonprofits to ensure local access and impact. We intend to work with the Bay Area's robust non-profit theater community to host live theater.

2. Environmental Stewardship

We understand the responsibility that comes with operating on protected watershed land. Our plans for infrastructure upgrades—including solar optimization, drainage improvements, and vegetation management—will be developed with input from CAL FIRE, environmental consultants, and EBMUD guidelines. In addition, we propose the creation of the EBMUD Watershed Community Center and California Native Plant & Bird Garden on-site: dedicated spaces for environmental education, watershed literacy, and year-round community learning. This will deepen public understanding of the land's ecological value and promote lasting environmental awareness.

3. Financial Sustainability

Too many performing arts organizations across the Bay Area – most notably, Cal Shakes itself – have closed in recent years due to unsustainable organizational models, declining grant availability, rising costs, and a cultural disconnect with their surrounding communities. We propose a forward-thinking hybrid structure: a nonprofit Foundation (the "Siesta Valley Foundation," which will hold the lease) paired with a professionally managed and capitalized for-profit operator, (the "Siesta Valley Amphitheater"). This model ensures operational control, investor accountability, and long-term financial resilience while still generating ongoing support for nonprofit programming, educational initiatives, and community partnerships.

Our team has deep roots in the Bay Area and a shared belief in the power of the arts to unite people, elevate place, and generate public good. We are well-capitalized and motivated to deliver a shovel-ready project that will serve EBMUD and the East Bay community for decades to come.

Proposal Highlights

Experienced Stewardship and Vision

This proposal demonstrates a proven commitment to long-term environmental stewardship, community engagement, and responsible facility management. Our leadership team combines expertise in land conservation, infrastructure planning, and public-private partnerships, ensuring a balanced approach that safeguards the Siesta Valley watershed while enabling sustainable public use.

Purpose and Use of the Property

We plan to operate the Amphitheater as a mixed-use performing arts and community gathering space. This venue will host a diverse range of cultural events, concerts, educational programs, and community activities that honor the natural surroundings and foster local engagement. The Amphitheater will be a welcoming destination year-round, blending vibrant artistic programming with outdoor experiences.

Comprehensive Facility Renewal and Safety Upgrades

We recognize that seismic retrofitting, water system modernization, and infrastructure resilience are paramount. Our capital improvement plan prioritizes these critical upgrades, including enhancing ADA accessibility, modernizing restrooms and backstage facilities, and expanding food and beverage service—all designed to protect the site's integrity while improving the guest experience.

Robust Maintenance and Wildfire Mitigation

Our operational model includes proactive maintenance led by a dedicated facility manager and supported by specialized contractors. Fire prevention is a core priority, with integrated wildfire mitigation strategies informed by local forestry experts, strict compliance with state fire safety codes, and continuous landscape management to reduce risk and protect the surrounding environment.

Comprehensive Security and Emergency Preparedness

We will implement rigorous security protocols informed by industry best practices, including licensed security personnel, real-time monitoring, and detailed emergency response plans. These measures ensure a safe and welcoming environment for visitors and neighbors alike, both during events and throughout the year.

Financial Strength and Capital Access

Our team has a line of sight to raise over \$5MM in funding before December 31, 2025 for initial capital improvements, with the capacity to raise an additional \$5-10MM as commercial goals are achieved. We are prepared to pay the initial insurance premium of \$20K, as well as the first year's lease, upon the Effective Date of our agreement with EBMUD. Our financial strategy emphasizes transparency, sustainability, and measured growth, ensuring that investments directly support the facility's revitalization and community mission.

Environmental Education and Community Engagement

The Foundation will actively foster partnerships with local environmental organizations to deliver watershed education and youth programs. We aim to open a dedicated Watershed Education Center and California Native Plant & Bird Garden on-site, promoting ecological literacy and stewardship within the broader community.

Inclusive Community Access and Cultural Vitality

Our approach centers on creating a vibrant, accessible venue that serves diverse audiences and fosters meaningful community connections. The for-profit subsidiary, Siesta Valley Amphitheater, will manage programming and commercial activities, contributing ticket surcharges to EBMUD and the Foundation, as well as 10% of taxable income to the Foundation to sustain ongoing environmental, educational, nonprofit theater, and other initiatives.

- ADA compliance and audience safety measures

 Implementing technology systems for ticketing, crowd flow, and emergency response across both permanent and pop-up locations.

Property Stewardship & Maintenance

The Siesta Valley Amphitheater team understands that EBMUD's venue is more than a performance space—it is a sensitive natural site requiring skilled stewardship. Our partners at EBMUD, as well as advisors from Panorama Environmental and other consultants, will work in collaboration with our Ph.D. forestry and watershed science advisor to develop:

- Our capital improvement plan, which includes phased upgrades to paths, structures, solar arrays, and ADA access points, developed in consultation with site engineering and ecological experts.
- Plans for working CAL FIRE to develop a site-specific vegetation and wildfire mitigation plan, including active fuel load reduction and defensible space management.

We have secured soft commitments of over \$5MM from investors and will implement multi-year operating budgets with monthly tracking, quarterly board reporting, and external financial review.

- Tom Romary and Campbell Foster have raised more than \$50 million in prior ventures, managed operating budgets in excess of \$30 million, and led teams of 100+ across growth-stage enterprises.
- Budget execution for site upgrades, programming, and operations will follow GAAP-aligned practices and nonprofit Foundation disbursements will be transparently tracked and reported.

Public, Civic & Institutional Partnerships

Our leadership team has worked directly with state and local government, arts councils, park districts, and private property owners. Campbell Foster is the founder, Executive Director, and Trustee of the Look to the Water Foundation, a 501(c)3 that focuses on environmental conservation and protection. We bring a demonstrated track record of:

- Securing and managing public-private partnership agreements
- Navigating multi-agency permitting and CEQA review processes
- · Collaborating with civic nonprofits on programming, access, and public use
- Building trust with community stakeholders and donors

Marketing Strategy & Expertise

Our team brings a unique combination of commercial marketing experience and community-based outreach expertise—exactly the kind of versatility EBMUD is seeking for the future of the Bruns Amphitheater. We understand how to sell tickets, build audiences, and fill seats, but we also know how to create meaningful connections with schools, families, and nonprofit partners.

One of our first initiatives as an operating entity will be to conduct a detailed analysis of our audience, the residents of the East Bay, with survey data gathered from channels that include social media (Facebook, Nextdoor, etc.), email, phone outreach, and focus groups. Survey data will be complemented by quantitative data from EBMUD, Chambers of Commerce, the U.S. Census Bureau, Nielsen and ComScore, and proprietary location and behavioral datasets from mobile analytics providers.

This layered approach will help us identify not just who lives in the East Bay, but what drives them to attend live events, how they engage with local culture, and what barriers—whether logistical, financial, or perceptual—may be limiting participation. These insights will inform everything from our programming calendar to ticket pricing, transportation partnerships, and promotional strategy.

Our marketing strategy is grounded in three key capabilities:

1. Proven Experience Promoting Live Events and Theater

Members of our team have managed multi-channel marketing campaigns for concerts, theater performances, and festivals, with a strong track record of driving attendance and ticket sales. We know how to target the right audiences through social media, email marketing, press outreach, and partnerships. Whether it's a classical concert, a local band, a film screening, or a touring dance troupe, we have the tools and know-how to position each event for success.

2. Local Knowledge + Regional Reach

We bring deep roots in the East Bay and an understanding of the cultural and demographic nuances of each community. Our team has worked with school districts, arts groups, and service organizations across Contra Costa and Alameda Counties. We know how to reach Lamorinda families looking for a night out, as well as Oakland and Richmond teens looking for their first live concert. Our messaging will be tailored, accessible, and inclusive.

3. Community Engagement as a Core Strategy

For us, outreach isn't an afterthought, it's built into the way we operate. Whether it's through our relationships with local schools, partnerships with youth organizations, or service hour programs for high school students, we see marketing not just as a sales tool, but to build long-term community ownership of the venue. We don't just want people to attend shows, we want them to feel like the Siesta Valley Amphitheater belongs to them. Because in a real sense, it does.

This well-rounded experience and strategic capacity ensure we are fully equipped to manage the facility, deliver exceptional programming, and build a thriving, long-term cultural destination for East Bay residents, with direct community benefit.

Organizational Structure & Operating Model

We propose a hybrid governance and operating model designed to balance public accountability with financial sustainability and operational excellence. This structure follows the successful model of the Newport Festivals Foundation overseeing the Newport Jazz and Folk Festivals, the New Orleans Jazz & Heritage Foundation overseeing New Orleans Jazz Fest, and the LA Philharmonic ("LA Phil") overseeing the Hollywood Bowl.

The arts funding landscape has shifted dramatically, with the National Endowment for the Arts (NEA) facing repeated budget cuts that have made reliable grant support increasingly scarce. Closer to home, many performing arts nonprofits in Northern California are struggling, including iconic institutions like Freight & Salvage in Berkeley, which has faced well-documented financial and operational challenges. In May 2025, more than a dozen Bay Area arts nonprofit organizations, including the Berkeley Repertory Theatre, had NEA grants canceled, impacting their financial stability and viability as operating entities.

This pattern reflects a harsh truth: relying solely (or principally) on donations and grants to support a permanent venue with year-round infrastructure expenses and programming is financially unsustainable. Further, it burdens taxpayers with services that don't align with their values necessarily or uniformly. Our proposed hybrid structure, comprising a nonprofit Foundation overseeing mission integrity with a professionally managed, for-profit operator running day-to-day activities, offers a modern, resilient alternative. It aligns public interest with private investment, encourages efficiency and growth, and ensures that financial sustainability is embedded in the model from day one. The model ensures that private capital is used to deliver public benefit without putting the financial risk or operational burden on EBMUD or taxpayers. This is how we protect the watershed, serve the community, and create a venue that thrives.

If selected through this RFP process, we will formally establish two separate but interrelated corporate entities, in addition to the existing LLC, as outlined below. There will be arm's length separation between the organizations to avoid conflicts of interest and adhere strictly to IRS regulations.

Legal Entities

Siesta Valley Entertainment, LLC ("SVE")

A California Limited Liability Company filed with the CA Secretary of State on May 5, 2025, for the purpose of completing the RFP response to EBMUD and fully developing the business plan, including required research and planning, for the nonprofit corporation, Siesta Valley Foundation ("SVF") and the C-Corporation, Siesta Valley Amphitheater ("SVA"). The operating agreement for SVE is in the Appendix.

Siesta Valley Foundation (Nonprofit Corporation)

The Siesta Valley Foundation (SVF) will be incorporated as a California nonprofit public benefit corporation and will seek 501(c)3 tax-exempt status from the IRS. The Foundation will serve as the formal leaseholder under EBMUD's Performing Arts Lease. It will maintain a volunteer Board of Directors responsible for educational and environmental programming, public transparency, and oversight of the Foundation's mission.

The Siesta Valley Foundation will have a dual mission of environmental stewardship and support for the performing arts; it will be fundamentally apolitical in its mission, structure and charter. EBMUD will be invited to hold a permanent seat on the Foundation's Board of Directors to ensure consistent alignment with public values and land stewardship principles.

Siesta Valley Amphitheater (C-Corporation, placeholder name)

The Siesta Valley Amphitheater will be established as a C-Corporation, contractually bound to the Siesta Valley Foundation through a sublease and operating agreement. It will be responsible for all day-to-day venue operations and commercial activities, including concerts, concessions, staffing, maintenance, private events, and capital improvements. The C-Corp structure provides a clean vehicle for investor participation, reinvestment, and financial management. The specific brand name "Siesta Valley Amphitheater" may change prior to public launch, but for purposes of this RFP, it and SVA refer to the commercial operator of the mixed-use performing arts venue and associated lines of revenue, structured as a C-Corp.

Lease & Capital Responsibilities

- The Performing Arts lease with EBMUD will be held by the nonprofit Siesta Valley Foundation (SVF).
- Approval of this proposal grants SVF the right to sublease the property to the for-profit Siesta Valley Amphitheater (SVA), which will manage and operate the venue in accordance with the lease terms.
- Capital projects may be funded through a mix of private investment, loans, public grant funding, and
 charitable contributions, including gifts made to SVF and designated for capital use. Regardless of
 funding source, SVA will retain responsibility for execution and decision-making authority over
 capital projects. To comply with IRS regulations, public and private funds will not be commingled,
 but capital improvements will instead be approached collaboratively and via contractual agreements
 between the for-profit and non-profit entities.
- All naming rights and sponsorship activities will be owned and managed by SVA. SVA may, at its
 sole discretion, collaborate with SVF on naming opportunities arising from major gifts (typically
 \$250K+) donated to the nonprofit and designated for capital improvements. Such collaboration will
 not confer any explicit governance, programming, or operational control to the donor or SVF
 necessarily.
- SVF will fund and manage its core nonprofit responsibilities, including the employment of a full-time
 Foundation staff member, operation of the Watershed Community Education Center and California
 Native Plant & Bird Garden, and oversight of non-commercial activities such as community theater
 and educational programming. SVA may assist SVF by funding initial operations during the earliest
 stages of the venture, providing working capital and know-how on a charitable and pro bono basis,
 under IRS guidelines.
- Oversight of lease compliance, mission alignment, and use of contributed funds will be maintained by SVF through board governance and contractual agreements with SVA.

Revenue Sharing and Public Benefit

The Siesta Valley Amphitheater will contribute to the public good through the following mechanisms:

- 10% of taxable income from SVA will be contributed annually to the nonprofit Foundation, which
 budget will cover the Executive Director salary (FTE), EBMUD Watershed Education Center and
 California Native Plant & Bird Center, contractors and advisors, environmental impact analyses for
 capital improvements, educational programming, and other initiatives with no direct commercial
 benefit.
- All ticket sales for commercial and non-commercial events will include two fees;
 - \$2.00 EBMUD Land Preservation fee, transferrable directly to EBMUD
 - \$3.00 Siesta Valley Foundation fee to support the non-profit mission and operations of the 501(c)3, transferrable to SVF
 - o These ticket fees will likely increase with inflation over the 15 year lease period.
- The Foundation will manage any grant funding, public outreach, and watershed education initiatives in partnership with EBMUD and regional organizations; the Foundation may also manage and deploy budget for capital improvements that benefit both the non-profit and for-profit entities, as permitted by state and federal law, under the terms of any contractual agreements between parties, and under the terms of the respective EBMUD, Foundation, and C-Corp bylaws, and Articles of Incorporation.

Oversight and Alignment

This structure ensures that:

- EBMUD retains visibility and influence via a Board seat on the nonprofit
- The nonprofit holds the lease and mission integrity
- The for-profit entity manages commercial operations efficiently and transparently
- Both entities work in partnership toward shared cultural and environmental goals; The primary goal of
 the Foundation is environmental stewardship and community enrichment through the performing arts,
 while the primary goal of the Amphitheater is to deliver world-class live entertainment experiences
 and adjacent services

Naming Rights Reset

All prior naming rights associated with the former California Shakespeare Theater (Cal Shakes) — including but not limited to the Bruns Amphitheater, the Sharon Simpson Center, the Jonathan Moscone Green Room, and other spaces — were granted under the auspices of Cal Shakes and were not recorded as perpetual or transferable. With the formal insolvency and cessation of Cal Shakes' operations, those naming rights and designations expired. The Siesta Valley Amphitheater (SVA), as the new operating entity, reserves the exclusive right to rename and remarket all physical spaces in accordance with its own sponsorship, investment, and branding strategy.

Marketing & Access

We believe strongly that the Bruns Amphitheater cannot function sustainably by operating as a nonprofit performing arts venue focused narrowly on Shakespeare and theater for wealthy patrons; Cal Shakes demonstrated as much. To maximize community usage of the property and promote the new Siesta Valley Amphitheater programming slate, our marketing and access plan relies on the following key principles:

1. Making programming more accessible and diverse

Our proposal offers a broad range of live music, film, theater and dance, and educational programming. Within each of these categories, Siesta Valley Amphitheater will provide experiences for residents of every East Bay community, starting with Lamorinda itself, and expanding outward to the rest of Contra Costa County, and to Alameda County. It is a missed opportunity not to design a comprehensive and diverse programming slate that appeals to residents of Oakland, Richmond, Fremont, Hayward, Antioch, Pittsburgh, Newark and other cities and towns outside of Cal Shakes' legacy, affluent theater audience from Berkeley. Further, by offering specific programming targeted at East Bay youth, we will ensure Siesta Valley Amphitheater reflects the full spectrum of residents.

2. Youth & School Engagement

We will invite local elementary, middle, and high school students for immersive field trips that combine the arts with environmental learning. Each visit will include a guided tour of the Bruns property led by a regional ecologist and educator, highlighting the area's unique role in the Siesta Valley watershed. Programming will be aligned with California curriculum standards and developed in collaboration with East Bay school districts.

To deepen student involvement, the Siesta Valley Foundation will be registered as a certified service organization capable of offering volunteer hours toward Presidential Service Awards and other forms of civic recognition. We envision clubs such as a Siesta Valley Watershed Club at schools like Campolindo High School, giving students the opportunity to contribute to environmental education, stewardship events, and youth outreach efforts hosted on-site.

3. Environmental & Wildlife Education Partnerships

The amphitheater will serve as a platform for regional environmental and conservation organizations—similar in spirit to the Peregrine Fund's World Center for Birds of Prey. We aim to partner with institutions like the Lindsay Wildlife Experience and the California Academy of Sciences to host hands-on science workshops, youth ecology events, and community education programs that celebrate biodiversity and EBMUD's environmental leadership.

4. Access Through Service Organizations

We will build lasting partnerships with youth-serving organizations such as the Boys & Girls Clubs of Oakland, the RYSE Center in Richmond, and the East Bay Asian Youth Center. These collaborations will allow us to co-create culturally relevant programming, offer subsidized transportation, and provide free or discounted admission for students and families. These efforts will be sustained and integrated—not one-off giveaways—ensuring equity in access to arts and environmental programming across the region.

Our founding team has deep experience in consumer, entertainment and venue marketing, with tactical expertise across public relations, digital marketing, consumer insights and research, analytics and measurement. Additional details on proposed community partners are included, below.

EBMUD Watershed Community Center and California Native Plant & Bird Garden

As part of our commitment to environmental education and public benefit, we propose the creation of the EBMUD Watershed Community Center and California Native Plant & Bird Garden within the Siesta Valley Amphitheater grounds. These space will serve as a hub for year-round environmental learning, with interpretive displays, rotating exhibits, and seasonal programming focused on watershed science, sustainability, and land stewardship. Developed in partnership with EBMUD and regional conservation organizations, the Watershed Community Center would offer school field trips, speaker series, and hands-on activities to engage residents of all ages in understanding and protecting the unique ecosystem of the Siesta Valley watershed.

We envision the California Native Plant & Bird Garden as a cornerstone of the amphitheater grounds—an immersive, living exhibit that celebrates the natural heritage of the Siesta Valley. Echoing the spirit of the Shakespeare Garden in San Francisco's Golden Gate Park, the garden will showcase native California species that share botanical and poetic lineage with those referenced in Shakespeare's works. Plants like yarrow, fennel, willow, and wild rose—common to both Elizabethan England and Northern California—will form the foundation of a beautifully curated, educational landscape.

More than just a garden, this space will become a destination for birdwatchers and nature lovers across the Bay Area. By prioritizing native plants that provide food and habitat, we aim to attract a wide variety of migratory and resident bird species, turning the site into a vibrant, accessible birding hub. With well-marked trails, seating areas, interpretive signage, and QR-code guides, the garden will serve both as a place of quiet observation and active learning. It will be maintained in partnership with local native plant societies, Audubon chapters, and ecology educators, offering year-round programming that blends botany, literature, and conservation.

Partnerships & Collaborators

The success of the Siesta Valley Amphitheater is rooted in our commitment to partnerships that strengthen operations, deepen community trust, and enhance the cultural life of the East Bay. From global entertainment partners to neighborhood associations, we will build a coalition that supports excellence, sustainability, and accessibility.

Ticketing, Promotions & Production

We are in initial discussions with several Bay Area promoters, including Another Planet Entertainment (APE) and Paper Moon Presents, to serve as our booking partners and concert promoters. APE is the Bay Area's leading independent concert promoter and producer of major events including Outside Lands, and operates venues including the Greek Theatre and Fox Theater. Paper Moon Presents has delivered several live music performances at the Cal Shakes theater and is familiar with the venue and its operations.

For ticketing services, we plan to partner with LiveNation or EventBrite, whose platforms provide best-in-class tools for ticketing, marketing, and customer service. LiveNation, APE, Paper Moon Presents, and EventBrite offer marketing and promotional services to drive attendance at the Amphitheater's commercial events, in complement to our team's already robust capabilities.

Limited-run theatrical productions, including Shakespeare performances, will be coordinated through and produced in collaboration with members of the former Cal Shakes organization and the broader Shakespeare community of California.

The California Shakespeare & Theater Community

The Siesta Valley Amphitheater welcomes collaboration with members of the former Cal Shakes organization and others, through a seasonal residency model, under which they may present theatrical productions as part of a broader and more diverse cultural calendar. These engagements will be structured either as grant-funded residencies or contracted performances, with clear scope, timeline, and artistic parameters aligned with the Amphitheater's overall programming goals.

While we are proud to honor the legacy of Shakespeare performance in this space, all operational decisions—including programming, branding, and use of facilities—will remain under the direction of the Siesta Valley Amphitheater. This approach ensures artistic excellence, operational clarity, and alignment with our vision of a multidisciplinary venue that serves a wide and inclusive regional audience.

Local Law Enforcement and Public Safety

We will work directly with the Orinda Police Department and the Contra Costa County Sheriff's Office to coordinate event security, traffic control, and emergency response. We will also collaborate with the East Bay Regional Park District Police, who support public safety across open space and watershed properties, ensuring our plans are aligned with regional expectations and best practices.

Additionally, given the property's location in a high-risk fire zone, we will work closely with CAL FIRE on fire prevention protocols, defensible space planning, fuel-load reduction, and emergency preparedness. This partnership will also support public education initiatives and fire-safety training for venue staff.

Orinda & Lafayette Chambers of Commerce

We will maintain an active partnership with the Orinda and Lafayette Chambers of Commerce to support local business visibility, coordinate community events, and contribute to the area's economic vitality. This partnership will help us integrate into the civic fabric of Orinda and Lafayette from day one.

Wilder Homeowners Association (HOA)

Because the Siesta Valley Amphitheater shares an exit off Highway 24 with the Wilder residential community, we have had initial conversations with the Wilder HOA to build a proactive relationship with that community of homeowners. Together, we will coordinate on traffic flow, parking policies, and event timing. We also plan

to host joint meetings and offer Wilder residents early-access programs and feedback channels to maintain transparency and goodwill.

Park Theater Trust

We will partner with the Park Theater Trust in Lafayette to support their mission of revitalizing the historic Park Theater. While renovations are underway, we will offer the Siesta Valley Amphitheater as a temporary home for screenings and community events, helping the Trust maintain programming momentum and visibility while promoting the Save the Lafayette Park Theater campaign.

Saint Mary's College of California

We are exploring a partnership with Saint Mary's College in nearby Moraga, offering internships, hands-on learning experiences in event production and marketing, and opportunities for students to engage with our operations as part of their coursework. This collaboration supports the college's mission and provides meaningful real-world experience to its students.

Environmental Conservation Organizations

We will align our sustainability and educational goals with respected local organizations, including, for example:

- Friends of Orinda Creeks, which works to restore and preserve local watershed habitats.
- Lindsay Wildlife Experience, a Walnut Creek zoology museum that "connects people with wildlife to inspire responsibility and respect for the world we share.
- The Watershed Project, focused on community-driven conservation in the East Bay.
- Save Mount Diablo, a land trust protecting open space, biodiversity, and scenic resources.

These partnerships will help guide responsible development, habitat protection, and community education around water and land stewardship.

Regional Transportation Agencies

To reduce traffic congestion and encourage sustainable access, we will partner with Bay Area Rapid Transit (BART) to promote public transit use for events. We plan to coordinate shuttle service from the Orinda BART stations and work with local agencies on signage, rider outreach, and service timing.

John Muir Health - Walnut Creek Medical Center

As the region's closest trauma center, John Muir Medical Center in Walnut Creek will be our primary partner for emergency medical planning. We will coordinate with hospital leadership to ensure proper protocols, access, and response strategies are in place for high-attendance events. For select large events, we will contract on-site EMTs or first responders.

Architects and Civil Engineers

We intend to engage architectural and engineering partners who share this commitment to sustainability and environmental stewardship -- starting with Leddy Maytum Stacy Architects (LMSA), which designed the Sharon Simpson Center. Collaborating with firms experienced in eco-conscious design will ensure that future developments at the Siesta Valley Amphitheater continue to honor and enhance the natural beauty of the site.

Safety & Security Plan

Ensuring the safety of guests, staff, and the surrounding environment is central to our operating plan for the Siesta Valley Amphitheater. Our security strategy will scale with the venue's programming calendar and be responsive to seasonal demands, event types, and site conditions.

Event Security

- Professional event security personnel will be contracted as needed for performances, covering entry points, stage areas, parking, and general audience supervision.
- Bag checks and ID verification will be conducted for large-scale and age-restricted events.
- Clear emergency response protocols will be developed and reviewed with staff before the season begins, and refreshed regularly.
- Coordination with local law enforcement, fire departments, and EMS will ensure proper planning and support for high-attendance events.

Facilities Security

- Routine site checks will be performed by security contractors or operations staff.
- Motion-activated lighting and remote surveillance systems will be installed at key entry points and facility buildings.
- Access control systems and secure locks will protect backstage areas, storage, and infrastructure.

Perimeter Fencing and Site Access

Recognizing the unique natural setting and watershed protections in place, we propose to lead a cost-benefit analysis and environmental impact assessment, in close partnership with EBMUD, to evaluate the feasibility of installing perimeter fencing around all or parts of the property.

This assessment will weigh:

- Public safety and deterrence of unauthorized access
- Wildlife movement and habitat protection
- Fire safety and emergency vehicle access
- Visual impact on the natural setting
- Ongoing maintenance considerations

Pending the outcome, we may recommend limited fencing in critical zones (e.g., around ticketed performance areas, equipment yards, and storage areas) while preserving open areas where natural boundaries or landscape features offer sufficient protection.

Staff Training and Emergency Preparedness

All event-day staff, vendors, and contractors will receive training in:

- Emergency response and evacuation procedures
- Guest relations and de-escalation
- Fire prevention and safety basics
- Incident reporting and communication with management

We will also establish a direct communication protocol with EBMUD staff to coordinate safety planning, incident escalation, and seasonal risk management, especially during non-performance periods when the site may host EBMUD programs or remain dormant.

This security plan provides a flexible, responsible framework for keeping the Siesta Valley Amphitheater safe and well-managed throughout the season, while respecting the environmental integrity of the site.

Facility Management & Maintenance

The Siesta Valley Amphitheater will be managed with a structured, phased development and maintenance strategy that balances immediate infrastructure needs with long-term sustainability, environmental responsibility, and guest comfort. This plan addresses both necessary repairs and a series of deliberate, scalable enhancements to capacity and the guest experience over time.

Project Oversight and Accountability

All facilities-related activities will be overseen by a dedicated Facilities Manager. This individual will be responsible for construction oversight, daily site operations, inspections, and coordination with contractors, vendors, and public agencies. The Facilities Manager will be responsible for coordinating all capital improvements and addressing deferred maintenance in partnership with the Siesta Valley Foundation Board of Directors and Project Manager.

We will also form a Construction Advisory Team, including a licensed general contractor, a civil engineer, and a permitting consultant. This group will manage capital projects and interface with EBMUD, Contra Costa County, and relevant safety and environmental authorities to ensure full compliance and timely delivery.

EBMUD Facility Access

In accordance with the RFP and lease terms, we fully support EBMUD's right to access the property and facilities during non-performance periods for meetings, outdoor gatherings, and other official uses. To ensure this access is seamless and secure:

- A designated point of contact on our team will coordinate directly with EBMUD staff to schedule and support District use of the facilities.
- Access schedules will be managed via a shared calendar system, with ample lead time and flexibility to accommodate EBMUD needs.
- During EBMUD-approved use, security and facilities staff will be available on-site or on-call to support access, ensure safety, and maintain operational readiness.
- All EBMUD use will be prioritized during non-performance windows and in alignment with our broader commitment to being a collaborative, responsive partner.

We view this use as a natural extension of our shared stewardship of the site, and welcome opportunities to support EBMUD's internal and community-facing initiatives.

Capital Improvements, Upgrades & Deferred Maintenance Plan and Timeline

Phase 1: Immediate Improvements (2025–2026)

This phase will prioritize structural integrity, code compliance, and feasibility studies to guide future expansion. The operational goal of this phase is to provide a foundation for future growth by establishing the working relationship between EBMUD, the Foundation, and the Amphitheater; proving out the business model of the Amphitheater; and, ensuring environmental stewardship while adhering to the terms of the lease.

During this phase we will:

- Address deferred maintenance and aging infrastructure
- Implement seismic bracing for the amphitheater
- Repair water intrusion and upgrade drainage systems
- Upgrade core sound and technical equipment
- Improve existing food and beverage staging areas
- Conduct cost-benefit and environmental impact studies for:
 - Installation of perimeter fencing
- Initiate a site study for restroom capacity and layout, including plans for a family restroom

Phase 2: Expanded Infrastructure and Services (2026–2027)

Based on findings from Phase 1, we will begin targeted infrastructure enhancements and prepare for further expansion.

- Install perimeter fencing in key zones as guided by environmental and safety assessments
- Upgrade seating layout and ADA-compliant access points
- Build permanent food and beverage service infrastructure
- Assess feasibility and environmental impact of:
 - Expanding the footprint of and adding seating capacity to the existing amphitheater
 - o Building an outdoor side-stage bandshell to support flexible event programming
 - Partial weather protection options, such as tensile shade structures or modular covers, for consideration in Phase 3
 - Connecting to municipal water and Contra Costa County sewer systems
- Begin bathroom expansion

Phase 3: Full Venue Buildout (2027-2028)

This final phase completes the transformation of the Siesta Valley Amphitheater into a top-tier regional venue.

- Complete buildout of indoor restaurant/bar and an enclosed performance space
- Connect to municipal water and sewer
- Construct a stage-side bar and guest social area inside the amphitheater
- Expand amphitheater seating capacity, pending results of feasibility, cost-benefit analysis, environmental impact studies, and permitting studies from Phase 2
- If deemed viable, install partial weather protection structure
- Complete final restroom upgrades and accessibility enhancements
- Landscape improvements and final site beautification

Year-Round Maintenance Plan

Alongside capital improvements, we will maintain a robust, ongoing facilities management program to ensure safety, compliance, and guest satisfaction:

- Weekly inspections during the performance season; monthly inspections in the off-season
- Annual third-party assessments of structures, utilities, and environmental impact
- Preventive maintenance of all key systems: drainage, septic, solar, HVAC, lighting, electrical
- Forestry and fire-risk mitigation conducted in coordination with Cal Fire and licensed arborists
- Routine trail, road, and parking area upkeep
- Seasonal readiness: spring pre-opening protocols and fall winterization activities

This plan reflects a pragmatic, scalable approach to venue development and operations—one that balances vision with fiscal discipline, and innovation with respect for the land and community.

Maintenance Plan for All Facilities

In compliance with the RFP, the above year-round maintenance plan applies to all permanent and semipermanent structures on all property and parcels as detailed in the RFP, including the amphitheater, administrative buildings, food and beverage stations, storage facilities, utilities infrastructure, solar array, access roads, restrooms, and green room areas. The plan includes routine inspections, preventive maintenance, third-party structural reviews, forestry risk mitigation, and utility system servicing coordinated with licensed contractors and public safety agencies.

Financial Capability

Funding Sources and Structure

The Siesta Valley Amphitheater will be capitalized partly through a \$5MM convertible note offering, raised from private investors in SVA. These funds will be used to support lease obligations, insurance overhead, staff salaries, initial capital improvements, equipment purchases, and operating expenses during the early phases of operation. The convertible structure aligns long-term investor interests with the venue's financial success while preserving operational flexibility during the launch period.

An additional \$5MM in private follow-on capital is available to support expansion opportunities, contingencies, and further site improvements. Additionally, public grants and private donations contributed to the Foundation, and earmarked for capital improvements, can add financial flexibility and contribute resources while avoiding conflicts of interest. We may also pursue SBA 7(A) financing or private debt instruments to fund working capital (operations) and capital improvements (construction). Together, this funding approach positions the venue for long-term stability and thoughtful, sustainable growth.

While investors in the for-profit entity will not receive direct tax benefits, the financial model is structured to ensure meaningful philanthropic and community return. Specifically:

- SVA will contribute 10% of its annual taxable income to the Foundation as a charitable donation. This contribution may be tax-deductible under IRS rules and excluded from EBITDA, supporting the Foundation's mission while improving the after-tax financial profile of the for-profit entity.
- All ticket sales for commercial and non-commercial events will include two fees:
 - o \$2.00 EBMUD Land Preservation fee, transferrable directly to EBMUD
 - \$3.00 Siesta Valley Foundation fee to support the non-profit mission and operations of the 501(c)3, transferrable to SVF

These contributions reflect our commitment to public accountability and mission alignment, and will be disclosed and reported transparently to all stakeholders.

Due to the compressed timeline and lacking more detailed information about the specific construction and deferred maintenance costs, we cannot provide an Unconditional Letter of Credit or Performance Bond at this time. To signal our readiness and financial capability, we propose the following:

- Payment for the initial insurance obligation of \$20K will be made on the Effective Date of the agreement upon approval at an EBMUD Board of Directors meeting
- The first year of the lease term will be paid on the Effective Date
- Between the Effective Date and September 30, 2025, SVA commits to securing a Construction Surety Bond after reviewing, prioritizing, and developing a phased schedule for addressing deferred maintenance
- By December 31, 2025, SVA commits to raising a minimum of \$5MM in capital through a
 combination of debt financing and a convertible note offering from private investors in SVA,
 earmarking \$2MM for capital improvements in 2025-2027, including but not limited to:
 - o Completion of earthquake bracing for the main theater
 - o Bringing the theater into full or partial ADA compliance
 - o Addressing any deferred maintenance that prevents the safe operation of the facilities
 - o Completion of the California Native Plant & Bird Garden
 - Completion of the EBMUD Watershed Education Center
- By December 31, 2025, SVF commits to raising a minimum of \$500K from public grants and private donations for both capital improvements and Foundation operations; naming rights arising from Major Gifts will be coordinated in collaboration with SVA

We respectfully request that EBMUD accept our phased bonding and capital commitment structure as an equivalent show of financial readiness, given the constraints of launching a new entity for this proposal and the lack of detailed cost estimates for deferred maintenance and capital improvements.

Operating Expenses

Major expense categories include:

- Staffing and personnel
- Facilities maintenance and improvements
- Utilities and site services
- Programming and artist fees
- Marketing and audience development
- Insurance and security
- Administrative and compliance costs

Detailed annual expenses are included in the attached operating budget and financial model.

Break-Even Analysis

We anticipate reaching **operational break-even within 18 months**, based on conservative assumptions and a ramped event schedule.

- 2026: Anticipated loss of \$500K
- 2027: Break-even year (no net operating profit), net of Capital Improvements and Deferred Maintenance costs
- 2030: ~ \$700,000 projected net operating profit

• 2041: ~\$1,600,000 projected net operating profit

In 2026, EBMUD will generate \$12k in rent and an additional \$33k in the "land preservation fee" from ticket sales (\$45k total). By 2030, the "land preservation fee" income for EBMUD will grow to \$70k, and is projected to hit \$110k by 2041.

This capital strategy, paired with disciplined operations and a scalable revenue model, gives us strong confidence in the long-term financial sustainability of the Siesta Valley Amphitheater. We are prepared to meet the responsibilities of the lease, maintain the site to the highest standards, and deliver consistent value to EBMUD and the broader East Bay community.

Foundation Financials

The appendix has a high-level revenue and operating pro-forma, which includes capital expenditures to fund ADA compliance, bathroom expansion, environmental impact analyses, and all costs for the EBMUD Watershed Education Center and California Native Garden & Bird Garden. The Foundation will earn (via the "SVF fee" on all ticket sales) a projected \$49k in 2026, \$106k in 2030, and a projected \$164k in 2041 from the C-Corp to support programs.

- Capital Improvements
 - o Ongoing investments in maintenance and upgrades
 - \$2MM allocated to capital improvements in 2025-2027 with funding coming from public and private sources across the SVA and SVF

Case Studies & Examples

Case Study 1: Live Music Programming

The Guild Theatre, Menlo Park, CA

Our team has studied the successful transformation of The Guild Theatre in Menlo Park, which was converted from a single-screen movie theater into a thriving live music venue. The Guild now hosts a diverse range of musical acts and has become a cultural hub for the community. We plan to implement similar programming strategies, with a focus on creating an exceptional audience experience through superior sound quality, comfortable facilities, and diverse musical offerings. The Guild is managed through an operating structure identical to what we are proposing here, with a non-profit parent and a for-profit subsidiary.

Case Study 2: Food and Beverage Operations

Fourth Bore & Forge Restaurants

Michael Karp's experience operating successful restaurants in the East Bay provides a proven model for our food and beverage operations. His restaurants are known for quality, consistency, and creating community gathering spaces. We will apply these principles to our dining options at the Siesta Valley Amphitheatre, creating a destination for dining even on non-performance days.

Case Study 3: Theater Operations

Cal Shakes at Bruns Amphitheatre

Clive Worsley's direct experience managing Cal Shakes at this very location provides invaluable insight into the operational requirements and challenges of the property. His leadership resulted in successful theatrical seasons, community engagement, and educational programming. We will build upon this foundation while expanding the range of performances and community offerings.

Case Study 4: Scaling Businesses

Yapta, Inc

Tom Romary's direct experience as Founder/CEO in starting and scaling travel tech company Yapta. Inc from concept / founding (2006) to millions in revenue and a successful exit to Coupa software (2019), over a 13-year journey, involved raising \$16MM in capital from private investors, leading venture capital firms, and corporate entities like Concur Inc. (now owned by SAP).

Mr. Romary, Mr. Karp, Mr. Worsley and Mr. Foster have years of experience in raising the necessary capital and building BOD and organizations s to build successful companies and non-profit organizations.

Summary & Conclusion

The Bruns Amphitheater and Siesta Valley stand at a critical moment. Our proposal presents a forward-thinking plan to transform this iconic venue into a resilient, mixed-use, community-centered hub that aligns seamlessly with EBMUD's mission: "to manage the natural resources with which the District is entrusted; to provide reliable, high-quality water and wastewater services at fair and reasonable rates for the people of the East Bay; and to preserve and protect the environment for future generations."

Our proposed hybrid operational model, featuring a nonprofit foundation overseeing a for-profit subsidiary, ensures financial sustainability through diverse revenue streams—such as events, rentals, and concessions—while the nonprofit focuses on environmental stewardship, educational programming, and community engagement. This approach not only safeguards the amphitheater's future but also aligns with EBMUD's principles of responsible financial management and environmental stewardship.

Our team brings a wealth of experience in arts administration, sustainable business practices, and community outreach. We are committed to revitalizing the Bruns Amphitheater and surrounding environment as a space that reflects the diverse cultural fabric of the East Bay, promotes environmental education, and serves as a model for sustainable operations.

In selecting our proposal, EBMUD will partner with a team dedicated to preserving the natural beauty of the watershed, fostering community engagement, and ensuring the Bruns Amphitheater – reborn, revitalized, and renewed – remains a vibrant, self-sustaining asset for generations.

The rights and liabilities of the Members shall be determined pursuant to the Act and this Agreement. To the extent that the rights or

5

- 2.2 Name. The name of the Company shall be Siesta Valley Entertainment, LLC. The business of the Company may be conducted under that name or, upon compliance with applicable laws, any other name that the Manager deems appropriate or advisable. The Manager shall file any fictitious name certificates and similar filings, and any amendments thereto, that the Manager considers appropriate or advisable.

ARTICLE 3

CAPITAL CONTRIBUTIONS

3.1 <u>Initial Capital Contributions</u>. Each Member agrees to contribute to the Company as such

Class A Michael Karp \$5000

Class A Tom Romary \$5000

Class B	Investor	\$0
Class C	Investor	\$0

The Company contemplates between five (5) and ten (10) Class B Members, and two (2) to five (5) Class C Members. Each Class B and Class C Member agrees that its contribution will be made in one or several payments, and the amount and timing of each payment shall be determined by the Manager in its sole and absolute discretion; provided, however, requests for payments shall not be made more frequently than one (1) time per month. The Manager will provide each Class B and Class C Member at least a two-week notice when requiring payment of a percentage of the amount set forth to be contributed to the Company. The notice will specify the amount of the payment required, the date the payment has to be received by the Company, and any additional instructions the Manager deems appropriate, including the Company's bank account to which payment is to be deposited.

In addition, the Manager will provide each Class B and Class C Member with an estimate of the amount and timing of anticipated usage of the initial Capital contribution. The Members understand that such estimate may not correlate to the amount and timing of the contribution payments.

In exchange for such Member's initial Capital Contribution, the Member will receive (i) a Membership Interest in the Company as set forth opposite such Member's name in Exhibit A; (ii) a credit to such Member's Capital Account equal to such Member's Capital Contribution; and (iii) a class designation as set forth opposite such Member's name in Exhibit A.

3.2 Additional Capital Contributions.

Except as provided in Subsection (b) below, no Member shall be required to make any additional Capital Contributions. Upon a determination by the Manager that additional Capital Contributions are necessary or appropriate for the conduct of the Company's business, the Members may be permitted to make additional Capital Contributions if and to the extent they so desire. In that event, the book values of all Company assets and Capital Accounts shall be adjusted in accordance with Section 3.5, and each Member shall have the opportunity, but not the obligation, to participate in such additional Capital Contributions on a pro rata basis in accordance with their Membership Interests. Each Member shall receive a credit to such Member's Capital Account in the amount of any additional capital which the Member contributes to the Company, and such Member shall receive an additional Membership Interest determined by the Additional Capital Contribution in relation to the sum of the Capital Accounts of all Members, adjusted pursuant to Section 3.5. Immediately following such Capital Contributions, the Manager shall amend this Agreement to adjust the Membership Interests to reflect the new relative proportions of the Capital Accounts of the Members. Notwithstanding anything to the contrary, such an amendment shall not require the vote or approval of the Members.

- Notwithstanding anything to the contrary in Subsection (a), each of the Class B and Class C Members shall be obligated to contribute additional Capital Contributions to the Company solely to the extent required to fund start-up costs, operating losses and cost overruns incurred during the six-month period following the Opening Date. Such additional Capital Contributions shall be due and payable within fifteen (15) business days following the Manager's call therefor. Each Class B and Class C Member shall receive a credit to such Member's Capital Account in the amount of such additional Capital Contribution, and such Class B or Class C Member shall receive an additional Class Membership Interest determined by such Class B or Class C Member's additional Capital Contribution in relation to the sum of the Capital Accounts of all Class B and Class C Members; however the book values of all Company Assets shall not be adjusted in accordance with Section 3.5 in connection with such Capital Contributions. The contribution of additional capital by the Class B and Class C Members shall not result in any change to the total Company Membership Interests owned by that Class, but shall only result in changes to Class Membership Interests and thus a reallocation of the Company Membership Interests owned by that Class among those Class Members. Immediately following such Capital Contributions, the Manager shall amend this Agreement to adjust the Class B and Class C Membership Interests and to reallocate the Company Membership Interests among the Class B and Class C Members to reflect the new relative proportions of the Capital Accounts of the Class B and Class C Members. Notwithstanding anything to the contrary, such an amendment shall not require the vote or approval of the Members.
- 3.3 <u>Capital Accounts</u>. The Company shall establish an individual Capital Account for each Member and Economic Interest Owner. The Company shall determine and maintain each Capital Account in accordance with Regulations Section 1.704-1(b)(2)(iv). If a Member or an Economic Interest Owner transfers all or a part of its Economic Interest in accordance with ARTICLE 8, such Member's or Economic Interest Owner's Capital Account attributable to the transferred Economic Interest shall carry over to the new owner of such Economic Interest pursuant to Regulations Section 1.704-1(b)(2)(iv)(1).
- 3.4 <u>No Interest</u>. Except for the Preferred Return, no Member or Economic Interest Owner shall be entitled to receive any interest on its Capital Contributions.
- 3.5 <u>Valuation of Company Assets</u>. The book values of all Company assets shall be adjusted to equal their respective fair market values (taking Code Section 7701(g) into account), as reasonably determined by the Manager, upon the occurrence of any of the following events: (i) a contribution of money or property (other than a de minimus amount) to the Company by a new or existing Member as consideration for a Membership Interest; (ii) a distribution of money or property (other than a de minimus amount) by the Company to a Member as consideration for a Membership Interest; and (iii) the liquidation of the Company within the meaning of Regulations Section 1.704-1(b)(2)(ii)(g). Any such adjustments shall be reflected by corresponding adjustments to the Capital Accounts which reflect the manner in which the unrealized income, gain, loss or deduction inherent in such property (that has not been

reflected in the Capital Accounts previously) would be allocated among the Members if there were a taxable disposition of such assets for such fair market values.

- 3.6 Failure to Make Required Capital Contributions. If a Class B or Class C Member does not timely contribute capital when required by this Agreement, such Class B or Class C Member shall be in default under this Agreement. In such event, the Manager shall send the Class B or Class C Member written notice of such default, giving it fourteen (14) days from the date such notice is given to contribute the entire amount of its required Capital Contribution or additional Capital Contribution. If the Member does not contribute its required capital to the Company within said 14-day period, the Manager shall notify the non-defaulting Member and the non-defaulting Member may elect any one or more of the following remedies.
- (a) Advance Funds. The non-defaulting Member or Members may advance funds to the Company to cover those amounts which the defaulting Member (s) fails to contribute and that any amounts so advanced by a non-defaulting Member(s) on behalf of the defaulting Member(s) is a loan due and owing from the defaulting Member(s) to such nondefaulting Member(s) which shall bear interest at the rate of ten percent (10%) per annum, payable monthly. All cash contributions otherwise distributable to the defaulting Member(s) under this Agreement shall instead be paid to the non-defaulting Member(s) making such advances until such advances and interest thereon are paid in full. In any event, any such advances shall be evidenced by a promissory note and be due and payable by the defaulting Member(s) two (2) years from the date that such advance was made. Any amounts repaid shall first be applied to interest and thereafter to principal. Effective upon default, a defaulting Member(s) grants to the non-defaulting Member(s) who advances funds pursuant to this Section a security interest in its Membership Interest to secure its obligation to repay such advances and agrees to execute and deliver a promissory note as described herein together with such UCC-1 financing statements and assignments of Membership Interest (or other documents of transfer) as such non-defaulting Member may reasonably request.
- (b) Adjust Percentage Interests. The non-defaulting Member(s) may advance funds to the Company to cover those amounts which the defaulting Member(s) fails to contribute and treat any amounts so advanced a non-defaulting Member(s) on behalf of the defaulting Member(s) as additional Capital Contribution in which event the Membership Interests shall be adjusted with the non-defaulting Member(s) who advances the funds receiving a credit to such Member's Capital Account in the amount of such cash advanced, and such Member shall receive an additional Class Membership Interest determined by the amount of such cash advanced in relation to the sum of the Capital Accounts of all Members; however, the book values of all Company Assets shall not be adjusted in accordance with Section 3.5 in connection with such Capital Contributions. The cash advanced by the Member(s) shall not result in any change to the total Company Membership Interests owned by that Class, but shall only result in changes to Class Membership Interests and thus a reallocation of the Company Membership Interests owned by that Class among those Class Members.

- (c) <u>Dissolution</u>. The non-defaulting Member(s) may dissolve the Company as set forth in ARTICLE 11, in which event the Company shall be wound-up, liquidated and terminated pursuant to the procedures set forth in ARTICLE 11.
- (d) No Right to Distributions. The defaulting Member(s) shall have no right to receive any distributions from the Company until the non-defaulting Member(s) has first received distributions in an amount equal to the additional capital contributed by the non-defaulting Member(s) to the Company plus a cumulative, non-compounded return thereon at the rate of ten percent (10%) per annum.
- (e) No Voting Rights. The defaulting Member(s) shall lose its voting and approval rights under the Act, the Articles, and this Agreement until such time as the defaulting Member(s) cures the default.
- (f) <u>Dissociation</u>. The non-defaulting Member(s) may elect to treat the defaulting Member's failure to contribute the capital when required pursuant to this Article as a Dissociation Event with respect to such defaulting Member(s).

Each Member acknowledges and agrees that the remedies described in this Section 3.6 bear a reasonable relationship to the damages which the Members estimate may be suffered by the Company and the non-defaulting Member by reason of a failure of a defaulting Member to makes its required initial and additional Capital Contribution and the election of any or all of the above described remedies is not unreasonable under the circumstances existing as of the effective date of this Agreement. Furthermore, the provisions of this Section 3.6 shall not be enforceable by or construed to confer any rights upon any third party.

ARTICLE 4

MEMBERS

- 4.1 <u>Classes of Members</u>. There shall be three classes of Members. Class A Members shall consist of the remaining original founding Members: Michael Karp & Tom Romary. Class B Members shall consist of those investors with voting rights. Class C Members shall consist of those investors with no voting rights. The total Class A Membership Interest shall be fixed at eighty percent (80%) of the overall Company Ownership Interest. The total of Class B and Class C Membership Interest, combined, shall be fixed at twenty percent (20%) of the overall Company Ownership Interest.
- 4.2 <u>Limited Liability</u>. No Member shall be personally liable for any debt, obligation or liability of the Company, whether that liability or obligation arises in contract, tort, or otherwise.
- 4.3 <u>Admission of Additional Members</u>. Each time the Manager desires to admit additional Members to the Company, the Manager shall first notify all the Members in writing

thirty (30) days prior to admitting any additional Member to the Company to allow the Members to contribute additional Capital Contribution equal to the amount to be contributed by the additional Member in lieu of admitting an additional Member (such notification hereinafter referred to as the "Admission Notification"). In the Admission Notification, the Manager shall state (i) the name and address of the proposed additional Members, (ii) the amount and property to be contributed by the proposed additional Member, (iii) the Membership Interest and the class designation for the proposed additional Member, (iv) any preferred return to be paid to the proposed additional Member, (v) the amount and priority of Distributable Cash to be paid to the proposed additional Member, (vi) any special voting rights being granted to the proposed additional Member, and (vii) any other terms which the Manager reasonably deems to be material on which such additional Member will be admitted to the Company.

The Members shall within the thirty (30) day period notify the Manager in writing of its desire to contribute additional capital. The failure of any Member to submit a notice within the applicable period shall constitute an election on the part of that Member not to contribute any additional capital. Each Member so electing to contribute additional capital shall be entitled to contribute on the same terms and conditions set forth in the Admission Notification a portion of the total amount proposed to be made by the additional Member in the same proportion that the Membership Interest of such Member bears to the aggregate of the Membership Interests of all the Members electing to contribute additional capital. In the event any Member elects to contribute none or less than all of its pro rat share of allowed contribution, then the other Members can elect to purchase more than their pro rata share.

If one or more Members does not contribute additional Capital Contribution during the 30-day period equal to the amount to be contributed by the additional Member, then the Manager may admit to the Company the additional Member subject to the following:

- (a) Within ninety (90) days after the expiration of the thirty (30) day period described above, the additional Member shall make a Capital Contribution in such amount and on such terms as specified in the Admission Notification to the Members; and
- (b) No additional Member shall be admitted if the effect of such admission would be to terminate the Company within the meaning of Code Section 708(b).

In the event that such Capital Contribution is not made by the proposed additional Member within such ninety (90) day period or it is not made on the terms and conditions set forth in the Admission Notification, the Manager shall be obligated to send a new Admission Notification to the Members and once again give the Members the opportunity to make an additional Capital Contribution as aforesaid prior to admitting the proposed additional Member.

The failure of the Manager to submit a notice within the applicable period shall constitute an election on the part of the Manager not to purchase any of the Interest which may be so transferred.
- (c) If the Manager fails to purchase the entire Interest being transferred, the Company may purchase any remaining share of such Interest being transferred.
- (d) Within sixty (60) days after receipt of the notice described above, the Company and the Manager electing to purchase such Interest shall have the first right to purchase or obtain such Interest upon the price and terms of payment designated in such notice and closing shall occur within such sixty (60) day period. - (e) If the Company or the Manager elects not to purchase or obtain all of the Interest designated in such notice, then the Transferor may transfer the Interest described in the notice to the proposed transferee, providing such transfer; (i) is completed within sixty (60) days after the expiration of the Company's and the non-transferring Member's right to purchase such Interest; (ii) is made on terms not materially less favorable to the Transferor than as designated in the notice; and (iii) the requirements of Sections 8.2 and 8.3 relating to securities and tax requirements hereof are met. Michael,

Can you ask them if you need Exhibit C with the RFP submission? That would mean we need to buy this insurance now—before you even have the job. I don't think you want to do that.

The second part is the liability limit. They are requesting very high liability limits.

Employers Liability (workers' compensation)

\$1,000,000

(standard)

Commercial General Liability

\$10,000,000

Automobile Liability

\$2,000,000

To meet these limits we would buy \$1MM of CGL and \$1MM of Auto plus \$9MM of Excess Liability. This could get costly with the \$9MM limit. Do you want to see if you get the \$10MM CGL reduced to \$5MM? You would need these limits for any contractors or vendors you hire.

Also, please confirm you are going to sell alcohol. Even if it is only beer and wine. We will need to buy liquor liability if so. The attached doesn't require the insurance but you need it.

Steve
