NOTICE OF EXEMPTION

**TO:** Office of the Secretary  
**Amador County Recorder-Clerk's Office**  
**810 Court Street**  
**Jackson, CA 95642**

**FROM: (LEAD AGENCY)**  
**EAST BAY MUNICIPAL UTILITY DISTRICT**  
 Office of the Secretary - (510) 287-0404 - [SecOffice@ebmud.com](mailto:SecOffice@ebmud.com)  
 375 Eleventh Street, MS 806  
 Oakland, CA 94607-4240

Lead Agency is the Project Applicant  
 Lead Agency is Public Agency Approving Project  
 Lead Agency is Carrying Out Project

**PROJECT INFORMATION**

- TITLE:** Petition for Extension of Time for Hydropower Permit 10479 (Pardee) and Permit 17378 (Camanche)
- LOCATION:** (City, County, and specific location)  
 Alameda, Amador, Calaveras, San Joaquin Counties; Pardee Powerhouse & Camanche Powerhouse on the Mokelumne River.
- DESCRIPTION:** EBMUD, headquartered in Alameda County, is requesting a second time extension for EBMUD's Pardee Hydropower Water Right Permit 10479 and EBMUD's Camanche Hydropower Water Right Permit 17378 to include water put to beneficial use following the last time extension. Project facilities are located in Amador, Calaveras, and San Joaquin Counties. The Project is described in detail in Attachment A and a project location map is provided in Attachment B.

**EXEMPTION FINDING (Check one)**

This project is exempt from CEQA because:

- Activity is not a project
- Activity is Ministerial (Sec.21080(b)(1); Guideline 15268)
- Activity is a Declared Emergency (Sec.21080(b)(3); Guideline 15269(a))
- Activity is an Emergency Project (Sec.21080(b)(4); Guideline 15269(b)(c))
- Activity is Categorically Exempt Under Guideline §15301; §15061(b)(3)
- Activity is Statutorily Exempt Under Guideline \_\_\_\_\_
- Reasons why project is exempt:**  
 This project is a petition for a retroactive time extension for EBMUD's water right Permit 10479 and Permit 17378 through water year 2017, to recognize EBMUD's authorized use of existing hydropower facilities at Pardee and Camanche Dams and allow the use to continue. The petitions do not expand EBMUD's existing water rights to divert water from the Mokelumne River and will not result in changes to EBMUD's existing operations. EBMUD will continue releases of water from Pardee Reservoir to Camanche Reservoir to meet the SWB's Decision 1641 and FERC fishery flow requirements. EBMUD will also continue to make releases from Camanche Dam to meet obligations to downstream senior water rights. This is simply continuing past and current uses, and there is no reasonable possibility that the proposed activity will have a significant effect on the environment due to unusual circumstances. This project would not result in any impacts to other legal users of water, river flows, fish or wildlife, recreational, historical or cultural resources, or environmental values.

**SWB Petition for Extension of time**  
**EBMUD Pardee Hydropower Water Right Permit 10479 (Application 15201)**  
**EBMUD Camanche Hydropower Water Right Permit 17378 (Application 25056)**  
**Attachment A**

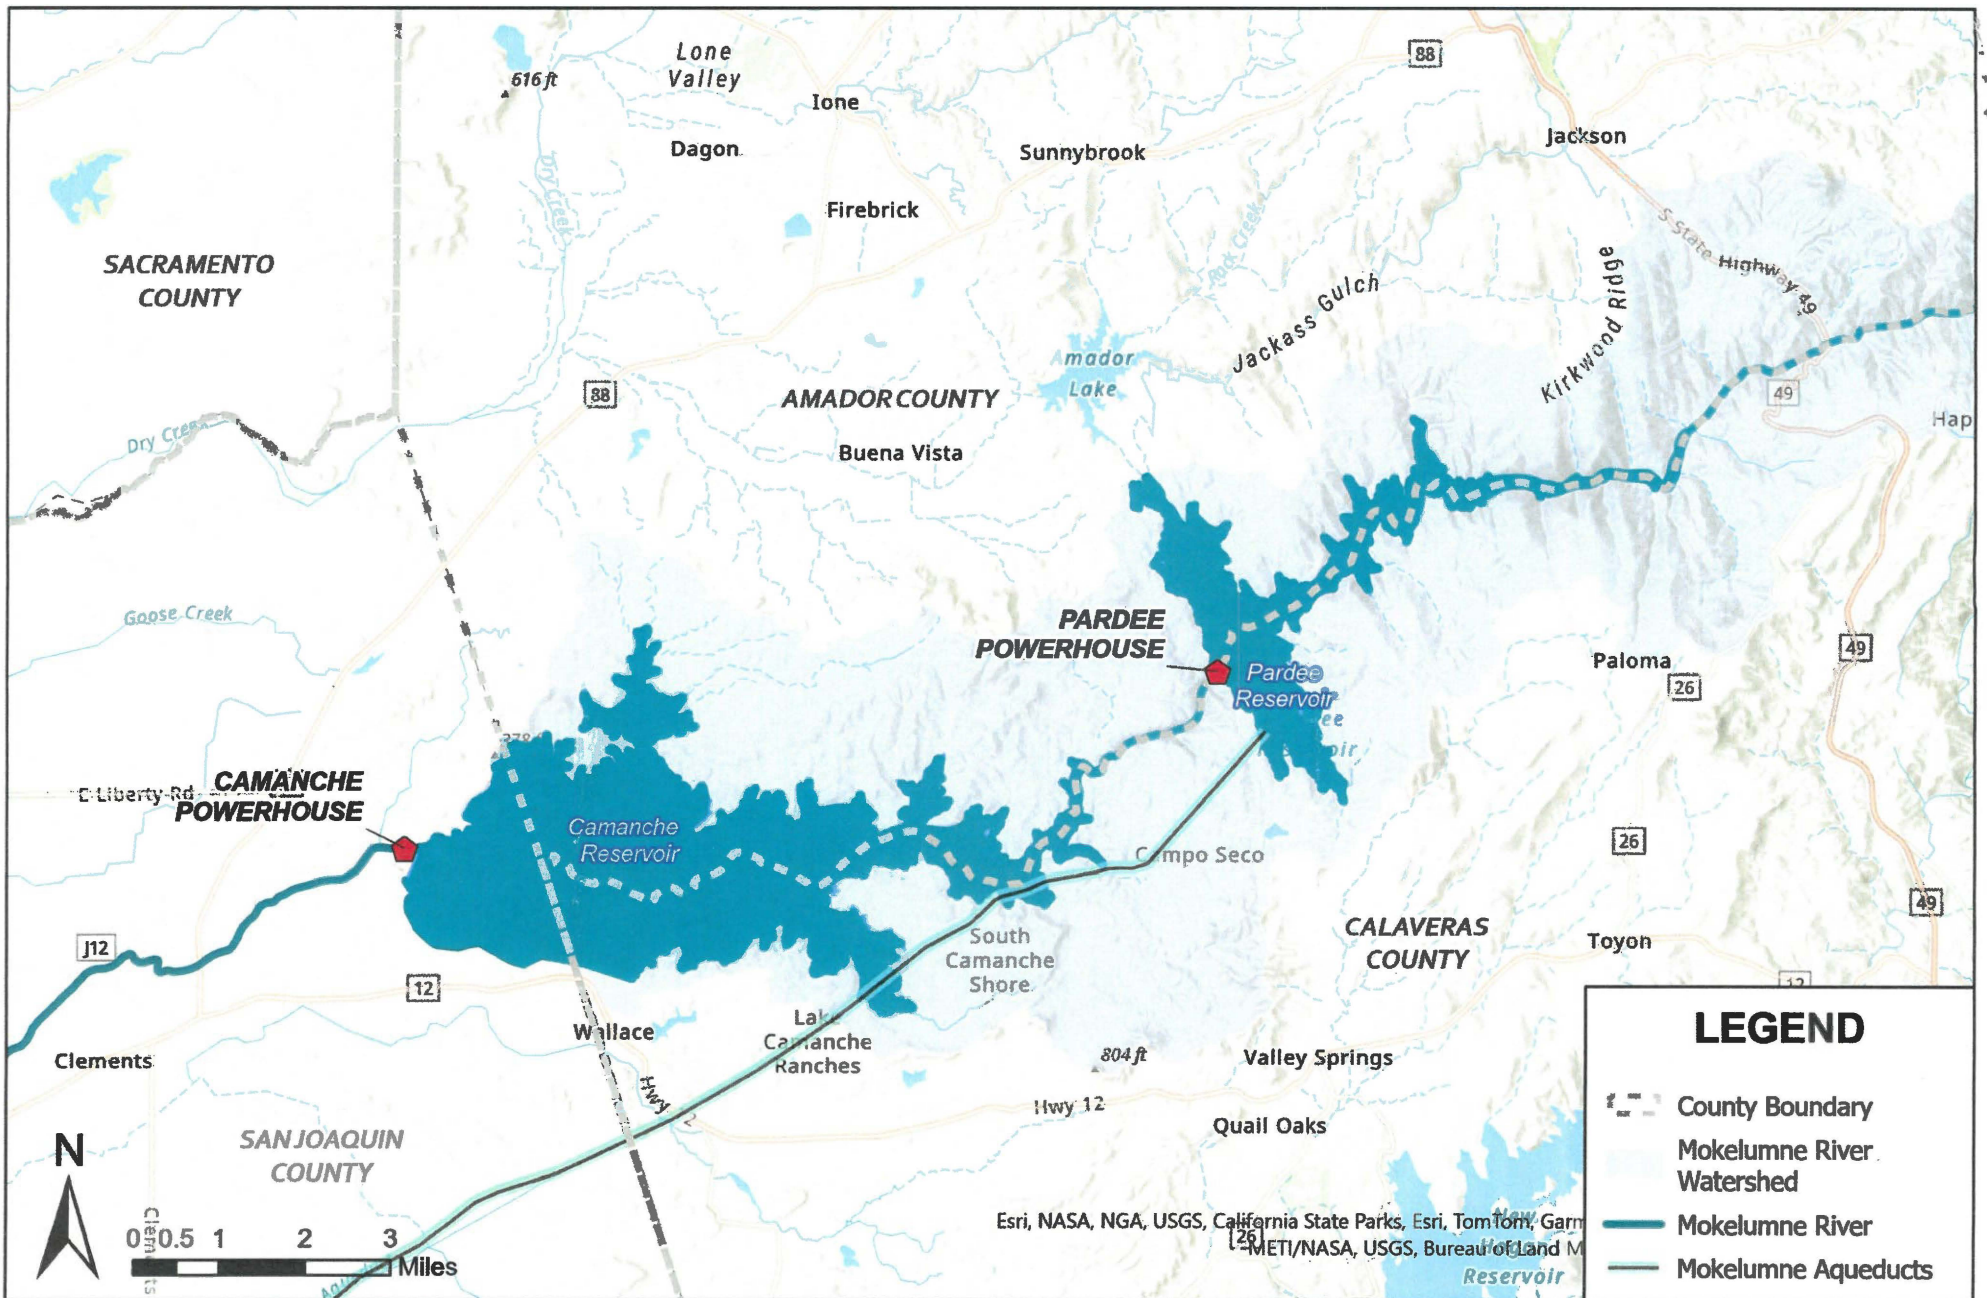

EBMUD is requesting a second time extension for both Pardee Hydropower Water Right Permit 10479 and Camanche Hydropower Water Right Permit 17378 from 1990 through water year 2017 to complete the application of water to beneficial use. The petitions for time extension are retroactive, extending the period for application of water to beneficial use from December 1, 1990 through September 30, 2017, to ensure the inclusion of the years of maximum beneficial use under the terms of hydropower Permits 10479 and 17378 for water rights licensing. The State Water Board (SWB) approved EBMUD's Pardee Hydropower Water Right Permit 10479 (Application 15201) in 1956 and approved EBMUD's Camanche Hydropower Water Right Permit 17378 (Application 25056) in 1978 and previously extended the schedule for applying water to beneficial use to December 1, 1990. EBMUD completed construction of the expanded Pardee hydropower facilities and the Camanche hydropower facilities in 1983 and began applying the water to use for hydropower generation shortly thereafter. EBMUD submitted the petitions for extension of time to the SWB electronically via CalWATRS on March 20, 2026.

The petitions are seeking retroactive time extensions, and they do not expand EBMUD's existing water rights, but instead allow for consideration of the use that has occurred to date consistent with the terms of the permits. In 1995, with the agreement of the State Water Board, EBMUD postponed a scheduled licensing inspection for its facilities to allow the completion of negotiations regarding fishery flows with downstream entities and resource agencies. Subsequently, EBMUD, the U.S Fish & Wildlife Service, and the California Department of Fish and Wildlife (previously the California Department of Fish & Game) entered into the Joint Settlement Agreement (JSA), which includes flow, non-flow, and other measures to protect and enhance the anadromous fishery resources and ecosystem in the lower Mokelumne River. In 2000, the State Water Board incorporated the flow provisions of the JSA into EBMUD's Mokelumne River municipal water right Permit 10478 and municipal water right License 11109 through State Water Board Decision 1641. In April 2000, the State Water Board recommended that EBMUD delay the licensing request for hydropower Permit 10479 and hydropower Permit 17378 until it requested licensing for the municipal water right Permit 10478, to address both consumptive use and hydropower generation aspects of the Project simultaneously.

On July 29, 2008, EBMUD requested a licensing inspection with the State Water Board regarding hydropower Permits 10479 and 17378, noting that EBMUD had requested a time extension for its Camanche municipal Permit 10478 in November 2000.

In December 2012, EBMUD filed separate change petitions to confirm Camanche Dam as a point of rediversion and Camanche Powerhouse as a place of use under the hydropower rights for Pardee Dam and Reservoir (License 1388, License 6062, and Permit 10479). The Draft Environmental Impact Report (DEIR) for the municipal water right Permit 10478 Time Extension Project, which was released in September 2013, included information regarding the petitions for change in place of use and additional point of rediversion. The information in the DEIR noted that the petitions would not create any potentially significant impacts and were exempt from CEQA under CEQA Guidelines §15061(b)(3) and §15301, as well as §15261.

In 2016, the State Water Board approved the petition for time extension for the municipal water right Permit 10478 and issued Amended Permit 10478. In 2017, EBMUD and the State Water Board agreed to postpone the licensing process for hydropower Permits 10479 and 17378 due to higher priority projects arising at the time. In 2023, EBMUD and the State Water Board agreed to reinstate work on hydropower Permits 10479 and 17378. The retroactive time extension petitions are intended to ensure that licensing decisions properly reflect the quantities of water diverted and beneficially used under hydropower Permits 10479 and 17378. There are no potentially significant impacts that would result from the requested retroactive time extensions for the Pardee Hydropower Water Right Permit 10479 and Camanche Hydropower Water Right Permit 17378.

State of California - Department of Fish and Wildlife  
**2026 ENVIRONMENTAL DOCUMENT FILING FEE CASH RECEIPT**  
 DFW 753.5a (REV. 01/01/26) Previously DFG 753.5a

**NOTICE**

Each project applicant shall remit to the county clerk the environmental document filing fee before or at the time of filing a Notice of Determination (Pub. Resources Code, § 21152; Fish & G. Code, § 711.4, subdivision (d); Cal. Code Regs., tit. 14, § 753.5). Without the appropriate fee, statutory or categorical exemption, or a valid No Effect Determination issued by the California Department of Fish and Wildlife (CDFW), the Notice of Determination is not operative, vested, or final, and shall not be accepted by the county clerk.

**COUNTY DOCUMENTARY HANDLING FEE**

The county clerk may charge a documentary handling fee of fifty dollars (\$50) per filing in addition to the environmental document filing fee (Fish & G. Code, § 711.4, subd. (e); Cal. Code Regs., tit. 14, § 753.5, subd. (g)(1)). A county board of supervisors shall have the authority to increase or decrease the fee or charge, that is otherwise authorized to be levied by another provision of law, in the amount reasonably necessary to recover the cost of providing any product or service or the cost of enforcing any regulation for which the fee or charge is levied (Gov. Code, § 54985, subd. (a)).

**COLLECTION PROCEDURES FOR COUNTY GOVERNMENTS**

**Filing Notice of Determination (NOD):**

- Collect environmental document filing fee or copy of previously issued cash receipt. *(Do not collect fee if project applicant presents a No Effect Determination signed by CDFW. An additional fee is required for each separate environmental document. An addendum is not considered a separate environmental document. Checks should be made payable to the county.)*
- Issue environmental document filing fee cash receipt to project applicant.
- Attach copy of environmental document filing fee cash receipt and, if applicable, previously issued cash receipt, to NOD.
- Mail environmental document filing fee for **CRP** document to CDFW prior to filing the NOD or equivalent final approval (Cal. Code Regs. Tit. 14, § 753.5 (b)(5)). The CRP should request receipt from CDFW to show proof of payment for filing the NOD or equivalent approval. Mail payment to address below made attention to the Cash Receipts Unit of the Accounting Services Branch.

If the project applicant presents a **No Effect Determination** signed by CDFW, also:

- Attach No Effect Determination to NOD *(no environmental document filing fee is due)*.

**Filing Notice of Exemption (NOE)** *(Statutorily or categorically exempt project (Cal. Code Regs., tit. 14, §§ 15260-15285, 15300-15333))*

- Issue environmental document filing fee cash receipt to project applicant.
- Attach copy of environmental document filing fee cash receipt to NOE *(no environmental document filing fee is due)*.

**Within 30 days after the end of each month in which the environmental document filing fees are collected**, each county shall summarize and record the amount collected on the monthly State of California Form No. CA25 (TC31) and remit the amount collected to the State Treasurer. Identify the remittance on Form No. CA25 as "Environmental Document Filing Fees" per Fish and Game Code section 711.4.

**The county clerk shall submit the documents below to CDFW on a monthly basis by mail or CDFW's File Transfer Portal (see below):**

- A photocopy of the monthly State of California Form No. CA25 (TC31)
- CDFW/ASB copies of all cash environmental document filing fee cash receipts (including all voided receipts)
- A copy of all CDFW No Effect Determinations filed in lieu of fee payment
- A copy of all NODs and NOEs filed with the county during the preceding month
- A list of the name, address and telephone number of all project applicants for which an NOD and NOE has been filed. If this information is contained on the environmental document filing fee cash receipt filed with CDFW under California Code of Regulations, title 14, section 753.5, subdivision (e)(6), no additional information is required.

**DOCUMENT RETENTION**

The county shall retain a copy of the environmental document filing fee cash receipt and all documents described above for at least 12 months.

**RECEIPT NUMBER**

- # The first two digits automatically populate by making the appropriate selection in the County/State Agency of Filing drop down menu.
- # The next eight digits automatically populate when a date is entered.
- # The last three digits correspond with the sequential order of issuance for each calendar year. For example, the first receipt number issued on January 1 should end in 001. If a county issued 252 receipts for the year ending on December 31, the last receipt number should end in 252. CDFW recommends that counties and state agencies 1) save a local copy of this form, and 2) track receipt numbers on a spreadsheet tabbed by month to ensure accuracy.

**DO NOT COMBINE THE ENVIRONMENTAL FEES WITH THE STATE SHARE OF FISH AND WILDLIFE FEES.**

**For access to CDFW's File Transfer Portal, submit email to [CEQA@wildlife.ca.gov](mailto:CEQA@wildlife.ca.gov) (Subject line: [County name] FTP account).**
