RE: NOTICE OF PUBLIC HEARINGS FOR THE AMENDED GROUNDWATER SUSTAINABILITY PLAN (GSP)
– EAST BAY PLAIN SUBBASIN

The City of Hayward and the East Bay Municipal Utility District (“EBMUD”) are amending the East Bay Plain Subbasin (“Subbasin”) GSP. As the Groundwater Sustainability Agencies for the Subbasin, the City of Hayward and EBMUD are notifying local cities and counties of their intent to adopt an amended GSP, per California Water Code section 10728.4. The amended GSP updates the 2022 GSP to address California Department of Water Resources’ recommendations and key Subbasin priorities. This includes updates to several sustainable management criteria, the monitoring network and the groundwater-dependent ecosystem areas, and the addition of stream depletion estimates. A map of the Subbasin area is included with this notice.

Any city or county which receives this notice may request consultation within 30 days of receipt of this notice. You may direct any request for consultation, comments, or questions to each Groundwater Sustainability Agency’s designated representative:

EBMUD
Grace Su
EBMUD
Water Supply Improvements Division
375 11th Street, MS 407
Oakland, CA 94607
grace.su@ebmud.com
510-287-7013

City of Hayward
Cheryl Munoz
City of Hayward
Public Works & Utilities Department
777 B Street Hayward
Hayward, CA 94541
cheryl.munoz@hayward-ca.gov
510-583-4700

No earlier than 90 days after the date of this notice, each Groundwater Sustainability Agency will hold a public hearing on the GSP. The public hearings are currently scheduled as follows:

City of Hayward: December 1, 2026 at 7:00 p.m. at 777 B Street, Hayward, CA.

EBMUD: December 8, 2026 at 1:15 p.m. at 375 11th Street, Oakland, CA.

For up-to-date participation instructions, please contact each Groundwater Sustainability Agency’s designated representative listed above before the hearing date or refer to their respective websites.

The Draft amended GSP is currently scheduled to be posted for public review on September 21, 2026 as follows:

City of Hayward: <https://www.hayward-ca.gov/content/sustainable-groundwater-management>

EBMUD: <https://www.ebmud.com/sgma>

Public comment will close November 5, 2026. The City of Hayward and EBMUD will review and consider any comments received before the public comment period ends.

Please contact either of the designated representatives if you have any questions regarding this notice.

Sincerely,

Cheryl Munoz
Water Resources Manager
City of Hayward

Grace Su
Senior Civil Engineer
EBMUD
