**I. STATEMENT OF WORK**

**A. SCOPE**

It is the intent of these specifications, terms, and conditions to describe fish passage analysis, design and permitting services.

East Bay Municipal Utility District (District) intends to award a 2 year contract to the Proposer(s) who best meets the District's requirements.

The East Bay Municipal Utility District is completing a fish passage project at the Tomato Stand Project site on Pinole Creek on EBMUD's Pinole Valley Watershed in Contra Costa County. The Project site is located on an unpaved fire road approximately 50 feet from Alhambra Valley Road (37.969825, -122.215572). Pinole Creek supports a steelhead (*Oncorhynchus mykiss*) population that is part of threatened Central California Coast Steelhead District Population Segment (DPS) as defined by the National Marine Fisheries Service. The Tomato Stand Culvert is the last remaining culvert on the main stem of Pinole Creek that restricts access for *O. mykiss* to spawning and rearing habitat upstream. The culvert allows fish passage under high flows, but drought conditions exacerbate and impede fish passage due to lack of depth in the culvert and an increase in the leap height required for fish to enter the culvert at the downstream end.

The Pinole Creek Tomato Stand Fish Passage Project will replace a perched, undersized 30 foot long, 6-foot corrugated metal culvert with a channel-spanning bridge and channel improvements to improve fish passage at the site for steelhead and resident rainbow trout. The bridge will not be open to the public and the main purpose is to provide access for fire vehicles, maintenance personnel and farm equipment. EBMUD has received grant funding from the Wildlife Conservation Board for the planning and permitting stages of the project. The planning and permitting phases will include the following tasks: baseline site surveys and assessment, fish passage analysis, bridge and channel design, environmental permitting, project management and grant administration. This RFP seeks a qualified consultant to complete baseline site surveys, a fish passage assessment, fish passage design, environmental permitting and facilitate meetings as required for the project. EBMUD staff will perform grant administration duties.

**B. PROPOSER QUALIFICATIONS**

**1. Proposer Minimum Qualifications**

- a. Proposer, Proposer's principal, or Proposer's staff shall have been regularly engaged in the business of providing fish passage design and environmental permitting services for at least five (5) years.

- b. Proposer shall possess all permits, licenses, and professional credentials necessary to perform services as specified under this RFP.

c. SPECIFIC REQUIREMENTS

The consultant will provide all survey, analysis, design and environmental permit related services necessary to develop a shovel ready fish passage project at the Tomato Stand site. For the baseline site surveys and assessment, the consultant will conduct a topographic survey of the site and preliminary hydrologic and hydraulic modeling of existing and proposed conditions to develop up to two concept level designs for the fish passage. The consultant will also include a geotechnical analysis at the site to ensure the structural integrity of any proposed abutments or footings and complete a cultural resources report for the project site.

For the fish passage analysis and design phase, the consultant will draft a technical memo that describes the pros and cons of each of the concept designs (if applicable) and addresses the associated costs and environmental benefits of each alternative so that the best design for the site can be chosen. Once the best alternative is chosen, the consultant will develop 65% and ultimately 90% designs for project construction. These designs will include channel gradient and in-stream structures such as boulder weirs that will aide fish passage at the site. Plans will include design of temporary erosion control measures at the site as well as required structural elements and slope protections.

For the environmental permitting task, CEQA notification for the project will be completed by EBMUD staff through an NOE under the Section 15333 exemption for small habitat restoration projects under 5 acres. The consultant will be responsible for obtaining all required environmental permits for the project. It is expected that the project will require permits from the Army Corps of Engineers (ACOE), the San Francisco Bay Regional Water Quality Control Board (RWQCB), and California Department of Fish and Wildlife (CDFW). It is anticipated that the ACOE permit will be obtained via a Nationwide Permit 27 for Aquatic Habitat Restoration and Enhancement activities. Section 401 certification will be obtained from the (RWQCB). As part of the process of getting the 401 certification, the consultant will develop a sufficient project monitoring plan. The monitoring plan developed will be designed to assess the effectiveness of the fish passage, erosion control and riparian restoration elements of the project as well as channel stability over a 10-year period after construction. It is expected that CDFW approval will be obtained through the streamlined Habitat Restoration and Enhancement Act approval process and will not require a permit under Section 1600.

All permitting, and design elements must be complete in time for construction of the project by District forces in the summer of 2025. Permits must be obtained by July of 2025 for planned construction in August or September of 2025.

d. DELIVERABLES / REPORTS

Consultant will be responsible for four main tasks and associated deliverables.

**Task 1: Baseline Site Surveys and Assessment**

The consultant will provide baseline surveys of the Tomato Stand project site including surveys needed to determine current fish passage conditions and topographic data needed for an effective fish passage design. Consultant will complete site topographic surveys, hydrologic and hydraulic modeling, cultural resources investigation, and geotechnical survey.

Deliverables: Cultural resources report and geotechnical report

**Task 2. Fish Passage Analysis and Design**

Consultant will provide a concept level design report that discusses the results of the surveys and modeling completed in Task 1 above. Consultant will provide 65% and 90% designs for the preferred fish passage design.

Deliverables: Concept level design report, 65% engineering designs and 90% engineering designs.

**Task 3. Permitting**

Consultant will complete all environmental permit application materials and obtain project permits including 401 certification, Army Corps Nationwide Permit #27 and California Department of Fish and Wildlife Habitat Restoration and Enhancement Act (HREA) approval. Consultant will attend up to 2 meetings with the regulatory agencies to introduce the project and streamline the permitting process.

Deliverables: 401 certification, Nationwide Permit #27 and CDFW HREA approval.

**Task 4. Agency Coordination/Meeting Facilitation**

The CONSULTANT will facilitate and assist in coordinating up to 3 meetings with the regulatory agencies.

**II. DISTRICT PROCEDURES, TERMS, AND CONDITIONS**

A. RFP ACCEPTANCE AND AWARD

1. RFP responses will be evaluated by the Selection Committee and will be scored and ranked in accordance with the RFP section entitled "Evaluation Criteria/Selection Committee."
2. The Selection Committee will recommend award to the Proposer who, in its opinion, has submitted the RFP response that best serves the overall interests of the District. Award may not necessarily be made to the Proposer with the lowest overall cost.
3. The District reserves the right to award to a single or to multiple General or Professional Service Providers, dependent upon what is in the best interest of the District.
4. The District has the right to decline to award this contract or any part of it for any reason.
5. Any specifications, terms, or conditions issued by the District, or those included in the Proposer's submission, in relation to this RFP, may be incorporated into any purchase order or contract that may be awarded as a result of this RFP.
6. Award of contract. The District reserves the right to reject any or all proposals, to accept one part of a proposal and reject the other, unless the proposer stipulates

to the contrary, and to waive minor technical defects and administrative errors, as the interest of the District may require. Award will be made, or proposals rejected by the District as soon as possible after proposals have been opened.

**B. EVALUATION CRITERIA/SELECTION COMMITTEE**

All proposals will be evaluated by a Selection Committee. The Selection Committee may be composed of District staff and other parties that have expertise or experience in this type of procurement. The Selection Committee will select a Proposer in accordance with the evaluation criteria set forth in this RFP. The evaluation of the RFP responses shall be within the sole judgment and discretion of the Selection Committee.

The Selection Committee will evaluate each RFP response meeting the qualification requirements set forth in this RFP. Proposer should bear in mind that any RFP response that is unrealistic in terms of the technical or schedule commitments, or unrealistically high or low in cost, will be deemed reflective of an inherent lack of technical competence or indicative of a failure to comprehend the complexity and risk of the District’s requirements as set forth in this RFP.

RFP responses will be evaluated and scored according to the Evaluation Criteria below and scored according to a zero to five-point scale. The scores for all Evaluation Criteria will then be added to arrive at a weighted score for each RFP response. An RFP response with a high weighted total will be ranked higher than one with a lesser-weighted total.

The Evaluation Criteria are as follows:

	<b>Evaluation Criteria</b>
<b>A.</b>	<p><b>Reasonableness of Cost:</b>                      The points for Cost will be computed by dividing the amount of the lowest responsive RFP response received by each Proposer’s total proposed cost.</p> <p>While not reflected in the Cost evaluation points, an evaluation may also be made of:</p> <ol style="list-style-type: none"> <li>1. Reasonableness (i.e., does the proposed pricing accurately reflect the Proposer’s effort to meet requirements and objectives?);</li> <li>2. Realism (i.e., is the proposed cost appropriate to the nature of the products and services to be provided?); and</li> <li>3. Affordability (i.e., the ability of the District to finance this project).</li> </ol> <p>Consideration of price in terms of overall affordability may be controlling in circumstances where two or more RFP responses are otherwise judged to be equal, or when a superior RFP response is at a price that the District cannot afford.</p>

<b>B.</b>	<p><b>Implementation Plan and Schedule:</b> RFP responses will be evaluated based on the clarity, feasibility, and comprehensiveness of the proposed implementation plan and schedule.</p>
<b>C.</b>	<p><b>Relevant Experience:</b> RFP responses will be evaluated against the RFP specifications and the questions below:</p> <ol style="list-style-type: none"> <li>1. Do the individuals assigned to the project have experience on similar projects?</li> <li>2. Are résumés complete and do they demonstrate backgrounds that would be desirable for individuals engaged in the work the project requires?</li> <li>3. How extensive is the applicable education and experience of the personnel designated to work on the project?</li> </ol>
<b>D.</b>	<p><b>References (See Exhibit A – RFP Response Packet):</b> References are contacted and checked only for those Proposers that meet minimum qualifications.</p>
<b>E.</b>	<p><b>Understanding of the Project:</b> RFP responses will be evaluated against the RFP specifications and the questions below:</p> <ol style="list-style-type: none"> <li>1. Has the Proposer demonstrated a thorough understanding of the purpose and scope of the project?</li> <li>2. How well has the Proposer identified pertinent issues and potential problems related to the project?</li> <li>3. Has the Proposer demonstrated that it understands the deliverables the District expects it to provide?</li> <li>4. Has the Proposer demonstrated that it understands the District’s time schedule and can meet it?</li> </ol>
<b>F.</b>	<p><b>Methodology:</b> RFP responses will be evaluated against the RFP specifications and the questions below:</p> <ol style="list-style-type: none"> <li>1. Does the methodology depict a logical approach to fulfilling the requirements of the RFP?</li> <li>2. Does the methodology match and contribute to achieving the objectives set out in the RFP?</li> <li>3. Does the methodology interface with the District’s time schedule?</li> </ol>
<b>G.</b>	<p><b>Contract Equity Program:</b> Proposer shall be eligible for SBE or DVBE preference points if they are a certified small business entity, as described in the guidelines contained in Exhibit A-Contract Equity Program, <u>and</u> they check the appropriate box, requesting preference, in Exhibit A-Proposer Information and Acceptance. Qualified DVBEs and/or SBEs will receive an additional 5 points to their total score.</p>

2. All prices quoted shall be in United States dollars.

D. NOTICE OF INTENT TO AWARD AND PROTESTS

At the conclusion of the RFP response evaluation process, all entities who submitted a proposal package will be notified in writing by e-mail or USPS mail with the name of the Proposer being recommended for contract award. The document providing this notification is the Notice of Intent to Award.

Negotiations for a Consulting Services Agreement with a “not to exceed” contract price (for time and expenses) will be scheduled shortly after the Notice of Intent to Award. If an Agreement cannot be achieved, the District will proceed to negotiate with the next highest ranked Proposer.

Protests must be in writing and must be received no later than seven (7) workdays after the District issues the Notice of Intent to Award. The District will reject the protest as untimely if it is received after this specified time frame. Protests will be accepted from proposers or potential proposers only.

If the protest is mailed and not received by the District, the protesting party bears the burden of proof to submit evidence (e.g., certified mail receipt) that the protest was sent in a timely manner so that it would be received by the District within the RFP protest period.

Proposal protests must contain a detailed and complete written statement describing the reason(s) for protest. The protest must include the name and/or number of the proposal, the name of the firm protesting, and include a name, telephone number, email address and physical address of the protester. If a firm is representing the protester, they shall include their contact information in addition to that of the protesting firm.

Protests must be mailed, hand delivered, or emailed to the Manager of Purchasing, Mailstop 102, East Bay Municipal Utility District, 375 Eleventh Street, Oakland, CA 94607 or P.O. Box 24055, Oakland, California 94623. Facsimile and electronic mail protests must be followed by a mailed or hand delivered identical copy of the protest and must arrive within the seven workday time limit. Any proposal protest filed with any other District office shall be forwarded immediately to the Manager of Purchasing.

In the event that the protest is denied, the protester can appeal the determination to the requesting organization’s Department Director. The appeal must be submitted to the Department Director no later than five workdays from the date which the protest

determination was transmitted by the District, to the protesting party. The appeal shall focus on the points raised in the original protest, and no new points shall be raised in the appeal.

Such an appeal must be made in writing and must include all grounds for the appeal and copies of the original protest and the District's response. The proposal protester must also send the Purchasing Division a copy of all materials sent to the Department Director.

The Department Director will make a determination of the appeal and respond to the protester by certified mail in a timely manner. If the appeal is denied, the letter will include the date, time, and location of the Board of Directors meeting at which staff will make a recommendation for award and inform the protester it may request to address the Board of Directors at that meeting.

The District may transmit copies of the protest and any attached documentation to all other parties who may be affected by the outcome of the protest. The decision of the District as to the validity of any protest is final. This District's final decision will be transmitted to all affected parties in a timely manner.

## CONTRACT EQUITY PROGRAM & EQUAL EMPLOYMENT OPPORTUNITY

The District's Board of Directors adopted the Contract Equity Program (CEP) to enhance equal opportunities for business owners of all races, ethnicities, and genders who are interested in doing business with the District. The program has contracting objectives, serving as the minimum level of expected contract participation for the three availability groups: white-men owned businesses, white-women owned businesses, and ethnic minority owned businesses. The contracting objectives apply to all contracts that are determined to have subcontracting opportunities, and to all General or Professional Service Providers regardless of their race, gender, or ethnicity.

All Contractors and their subcontractors performing work for the District must be Equal Employment Opportunity (EEO) employers and shall be bound by all laws prohibiting discrimination in employment. There shall be no discrimination against any person, or group of persons, on account of race, color, religion, creed, national origin, ancestry, gender including gender identity or expression, age, marital or domestic partnership status, mental disability, physical disability (including HIV and AIDS), medical condition (including genetic characteristics or cancer), genetic information, or sexual orientation.

**Contractor and its subcontractors shall abide by the requirements of 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities and prohibit discrimination against all individuals based on their race, color, religion, sex, sexual orientation, gender identity, or national origin in the performance of this contract. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, national origin, protected veteran status or disability.**

All Contractors shall include the nondiscrimination provisions above in all subcontracts.

Please include the required completed forms with your proposal. Non-compliance with the Guidelines may deem a proposal non-responsive, and therefore, ineligible for contract award. Your firm is responsible for:

- 1) Reading and understanding the CEP guidelines.
- 2) Filling out and submitting with your proposal the appropriate forms.

The CEP guidelines and forms can be downloaded from the District website at the following link:

## EXHIBIT B

# INSURANCE REQUIREMENTS

PROPOSER shall take out and maintain during the life of the Agreement all insurance required and PROPOSER shall not commence work until such insurance has been approved by DISTRICT. The proof of insurance shall be on forms provided by DISTRICT directly following these Insurance Requirements.

PROPOSERS are not required to submit completed insurance verification documents with their bid but will be required to submit them upon notification of award. By signing Exhibit A – RFP Response Packet, the Proposer agrees to meet the minimum insurance requirements stated in the RFP.

The following provisions applicable to all required insurance:

- A. Prior to the beginning of and throughout the duration of Services, and for any additional period of time as specified below, CONTRACTOR shall, at its sole cost and expense, maintain insurance in conformance with the requirements set forth below.
- B. CONTRACTOR shall provide Verification of Insurance as required by this Agreement by providing the completed Verification of Insurance as requested below signing and submitting this Exhibit B to the DISTRICT. The Exhibit B may be signed by an officer of the CONTRACTOR (Agent) or by the Insurance Broker for the CONTRACTOR. CONTRACTOR shall update Exhibit B throughout the specified term of the insurance required by this Agreement by resubmitting the completed Exhibit B prior to the expiration date of any of the required insurance. The updated Exhibit B shall become a part of the Agreement but shall not require a change order to the Agreement. The Notice to Proceed shall not be issued, and CONTRACTOR shall not commence Services until such insurance has been accepted by the DISTRICT.
- C. CONTRACTOR shall carry and maintain the minimum insurance requirements as defined in this Agreement. CONTRACTOR shall require any subcontractor to carry and maintain the minimum insurance required in this Agreement to the extent they apply to the scope of the services to be performed by subcontractor.
- D. Acceptance of verification of Insurance by the DISTRICT shall not relieve CONTRACTOR of any of the insurance requirements, nor decrease liability of CONTRACTOR.
- E. The insurance required hereunder may be obtained by a combination of primary, excess and/or umbrella insurance, and all coverage shall be at least as broad as the requirements listed in this Agreement.
- F. Any deductibles, self-insurance, or self-insured retentions (SIRs) applicable to the required insurance coverage must be declared to and accepted by the DISTRICT.
- G. At the option and request of the DISTRICT, CONTRACTOR shall provide documentation of its financial ability to pay the deductible, self-insurance, or SIR.
- H. Any policies with a SIR shall provide that any SIR may be satisfied, in whole or in part, by the DISTRICT or the additional insured at its sole and absolute discretion.

- I. Unless otherwise accepted by the DISTRICT, all required insurance must be placed with insurers with a current A.M. Best's rating of no less than A- V.
- J. CONTRACTOR shall defend the DISTRICT and pay any damages as a result of failure to provide the waiver of subrogation from the insurance carrier.
- K. For any coverage that is provided on a claims-made coverage form (which type of form is permitted only where specified) the retroactive date must be shown and must be before the date of this Agreement, and before the beginning of any Services related to this Agreement.
- L. Insurance must be maintained, and updated Verification of Insurance be provided to the DISTRICT before the expiration of insurance by having CONTRACTOR's insurance broker or agent update, sign and return Exhibit B to the DISTRICT's contract manager. For all claims-made policies the updated Verification of Insurance must be provided to the DISTRICT for at least three (3) years after expiration of this Agreement.
- M. If claims-made coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a retroactive date prior to the effective date of this Agreement or the start of any Services related to this Agreement, CONTRACTOR must purchase an extended reporting period for a minimum of three (3) years after expiration of the Agreement.
- N. If requested by the DISTRICT, a copy of the policies' claims reporting requirement must be submitted to the DISTRICT for review.
- O. Where additional insured coverage is required, the additional insured coverage shall be "primary and non-contributory," and will not seek contribution from the DISTRICT's insurance or self-insurance.
- P. CONTRACTOR agrees to provide immediate Notice to the DISTRICT of any loss or claim against CONTRACTOR arising out of, pertaining to, or in any way relating to this Agreement, or Services performed under this Agreement. The DISTRICT assumes no obligation or liability by such Notice but has the right (but not the duty) to monitor the handling of any such claim or claims if they are likely to involve the DISTRICT.
- Q. CONTRACTOR agrees, upon request by the DISTRICT, to provide complete, certified copies of any policies and endorsements within 10 days of such request (copies of policies may be redacted to eliminate premium details.)
- R. It is CONTRACTOR's responsibility to ensure its compliance with the insurance requirements. Any actual or alleged failure on the part of the DISTRICT to obtain proof of insurance required under this Agreement shall not in any way be construed to be a waiver of any right or remedy of the DISTRICT, in this or any regard.
- S. Notice of Cancellation/Non-Renewal/Material Reduction The insurance requirements hereunder are mandatory, and the DISTRICT may, at its sole and absolute discretion, terminate the services provided by CONTRACTOR, should CONTRACTOR breach its obligations to maintain the required coverage and limits set forth in this Agreement. No coverage required hereunder shall be cancelled, non-renewed or materially reduced in coverage or limits without the DISTRICT being provided at least thirty (30) days prior written notice, other than cancellation for the non-payment of premiums, in which event the DISTRICT shall be provided ten (10) days prior written notice. Replacement of coverage with another

policy or insurer, without any lapse in coverage or any reduction of the stated requirements does not require notice beyond submission to the DISTRICT of an updated Verification of Insurance which shall be met by having the CONTRACTOR's insurance broker or agent update, sign and return this EXHIBIT B.

## **SCOPE OF SERVICES**

### **East Bay Municipal Utility District** ***Tomato Stand Fish Passage Project***

#### **INTRODUCTION**

The East Bay Municipal Utility District is completing a fish passage project at the Tomato Stand Project site on Pinole Creek in Contra Costa County. Pinole Creek has a steelhead population that is part of threatened Central California Coast Steelhead District Population Segment (DPS) as defined by the National Marine Fisheries Service. The Tomato Stand Culvert, on EBMUD watershed land, is the last remaining culvert on Pinole Creek that restricts access for *O. mykiss* to spawning and rearing habitat upstream. The culvert allows fish passage under higher flows, but drought conditions exacerbate and impede fish passage due to lack of depth in the culvert and an increase in the leap height required to enter the culvert at the downstream end.

The Pinole Creek Tomato Stand Fish Passage Project will replace a perched, undersized 30 foot long, 6-foot corrugated metal culvert with a channel-spanning bridge and channel improvements to improve fish passage at the site for steelhead and resident rainbow trout.

#### **PROJECT SUMMARY**

The purpose of this scope of services is to implement the analysis, design and permitting phases of the Tomato Stand Fish Passage Project.

The scope of services contains the following four tasks:

- Task 1: Baseline Site Surveys and Assessment

The technical memo will describe the pros and cons of each of the concept designs (if applicable) and will address the associated costs and environmental benefits of each alternative so that the best design for the site can be chosen. In addition, CONSULTANT will provide 65% and 90% designs for the preferred fish passage design.

CONSULTANT Deliverables:

- Concept level design report.

All contractors (including all tiers of subcontractors), defined in this Appendix to also include consultants, suppliers and vendors (Contractors), who hold contracts with East Bay Municipal Utility District (District) and who perform work at District Facilities or on District jobsites, shall incorporate the requirements of this document into their operations. These requirements shall be included in any contractually required site-specific health and safety plans (SSHASP) for work at District jobsites. The Contractor shall submit their SSHASP, showing compliance with the requirements of this document, to the District.

Even if a formal SSHASP is not required under the terms of a contract, the contractor shall designate a Site Safety Representative (SSR) for the project to monitor and implement all recommended safety practices regarding any threat to public health with all Contractor staff members. In the case of a sole proprietor that is working for the District directly, the owner/operator shall serve as the SSR for their part of the work.

District contractors are expected to adhere to all applicable health and safety regulations on COVID-19 in the workplace and follow District-specific requirements when at a District facility or working on District projects. District specific requirements may include safety measures beyond what is prescribed in regulation in order to mitigate transmission of COVID-19 in our facilities. This may include a universal face covering requirement. To ensure all contractors are aware of the current District requirements, they are listed below.

**REGULATORY REQUIREMENTS**

All District contractors shall comply with applicable Cal-OSHA health and safety regulations in the California Code of Regulations (CCR) Title 8 and any applicable laws and health orders with jurisdiction over their worksites. The Occupational Safety and Health Standards Board has re-adopted these regulations, and they are in place through February 3, 2025, unless rescinded or repealed.

The Cal-OSHA COVID-19 regulations require employers by reference to follow all applicable isolation, quarantine, and close contact exposure response actions recommended by the California Department of Public Health (CDPH).

## ADDITIONAL DISTRICT REQUIREMENTS

Vaccination Policy: On September 16, 2021, the District implemented a vaccine policy which extends to contractors who work on District projects. All contractors who work on District projects shall be fully vaccinated for COVID-19 (as defined by CDC/CDPH) unless granted an exemption on the basis of sincerely held religious beliefs or valid medical reasons. The Contractor shall manage the exemption determination process in accordance with applicable employment laws and regulations. The Contractor shall provide their policy for District review as part of the submittal process.

2. Spikevax, Moderna (2 dose series)
3. Janssen COVID-19, Johnson and Johnson (single dose)
4. Or other FDA approved equal

Face Covering Requirements: There are no current universal face covering requirement for District facilities. Face coverings may be required at certain District facilities when a worksite meets the criteria of an Outbreak as defined by CCR Title 8 Section 3205.1 and CDPH. Changes to this policy will be communicated through the District project manager.

## NOTIFICATION OF COVID-19 POSITIVE CONTRACTOR EMPLOYEES

Should the District contractor become aware of one of their employees testing positive for COVID-19, and they work at District worksites or facilities, that contractor shall immediately notify the District project manager (no later than 24 hours) and provide the following information:

1. Vendor/Contractor Company Name:
2. Last day positive employee was onsite
3. Date of onset of symptoms
4. Date of positive test result
5. District work locations (specific buildings, floors, etc.) the positive case was at during their \*infectious period.

*\*The Infectious Period starts two days before symptoms develop and ends at least 5-10 days after their symptoms first appeared. For asymptomatic cases (those who test positive and do not have symptoms), the infectious period starts two days before the positive test result was collected and ends 5-10 days after the positive test result was collected.*

6. Listing of District \*\*close contacts (If unable to determine, shall provide additional information to help the District determine who may have been exposed such as

meetings attended, indoor areas accessed, etc.)

*\*\*Close contact exposure is defined as sharing the same indoor airspace for a cumulative total of 15 minutes or more over a 24-hour period (for example, three individual 5-minute exposures for a total of 15 minutes) during the \*infectious period of a COVID-19 case.*

The District project manager will then notify the District's COVID Hotline to complete response actions for the positive case and notify affected District employees.

#### EXCEPTIONS

Vendors or suppliers making deliveries to District facilities or job sites where no contact or only incidental contact (less than 10 to 30 minutes) is made with other people are exempt from the vaccination requirements. If this is not practical due to the emergency nature of the work, at the earliest time possible, but no later than three business days after the start of the emergency work, the Contractor shall certify that they are in compliance with the requirements in this Appendix.

Contractors that are performing work in the public right of way, at unmanned District facilities or watershed lands, where no EBMUD staff are present, are exempt from these requirements.
