INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors  
East Bay Municipal Utility District  
Oakland, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of each major fund, and the aggregate remaining fund information of East Bay Municipal Utility District (the "District"), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated March 20, 2024.

### Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency described in the accompanying schedule of findings and questioned costs as item 2023-001 to be a material weakness.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying schedule of findings and questioned costs as item 2023-002 to be a significant deficiency.

### Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Directors  
East Bay Municipal Utility District  
Oakland, California

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited the East Bay Municipal Utility District, California (the "District")'s compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2023. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's federal programs.

To the Board of Directors  
East Bay Municipal Utility District  
Oakland, California

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

### **Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of each major fund, and the aggregate remaining fund information of the District, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements. We issued our report thereon dated March 20, 2024, which contained unmodified opinions on those financial statements. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

**For the Fiscal Year Ended June 30, 2023**

---

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES APPLICABLE TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**

**A. Scope of Presentation**

The accompanying schedule presents only the expenditures incurred by the East Bay Municipal Utility District (the District), that are reimbursable under federal programs of federal financial assistance. For the purposes of this schedule, federal awards include both federal financial assistance received directly from a federal agency, as well as federal funds received indirectly by the District from a non-federal agency or other organization. Only the portion of program expenditures reimbursable with such federal funds is reported in the accompanying schedule. Program expenditures in excess of the maximum federal reimbursement authorized or the portion of the program expenditures that were funded with state, local or other non-federal funds are excluded from the accompanying schedule.

**B. Basis of Accounting**

The expenditures included in the accompanying schedule were reported on the full-accrual basis of accounting. Under the full-accrual basis of accounting, expenditures are recorded at the time liabilities are incurred. Expenditures reported included any property or equipment acquisitions incurred under the federal program. The District has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

**SECTION I - SUMMARY OF AUDITORS' RESULTS**

Financial Statements

Type of auditors' report issued: Unmodified Opinion

Internal control over financial reporting:

- Material weaknesses identified?  yes  no
- Significant deficiencies identified?  yes  none reported

Noncompliance material to financial statements noted?  yes  no

Federal Awards

Internal control over major programs:

- Material weaknesses identified?  yes  no
- Significant deficiencies identified?  yes  none reported

Type of auditors' report issued on compliance for major programs: Unmodified Opinion

Any audit findings disclosed that are required to be reported in accordance with Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance)?  yes  no

Identification of major programs:

<u>Assistance Listing Number(s)</u>	<u>Name of Federal Program or Cluster</u>
97.039	Hazard Mitigation Grant
97.036	Disaster Grant – Public Assistance

Dollar threshold used to distinguish between type A and type B program \$750,000

Auditee qualified as low-risk auditee?  yes  no

**SECTION II - FINANCIAL STATEMENT FINDINGS**

***Reference Number***

2023-001

***Evaluation of Finding***

Material Weakness over Financial Reporting

***Condition***

The District improperly excluded construction payments from accounts payable and construction-in-progress amounting to \$18 million in total activity that occurred during the 2023 fiscal year, from the Water System and Wastewater funds.

***Criteria***

Per Generally Accepted Accounting Principles, an expense must be recognized as soon as a liability is incurred within the applicable accounting period, for services rendered or goods received. Additionally, activity related to construction-in-progress should be capitalized in the year an associated expense and liability are recognized.

***Cause of Condition***

During audit test work performed to ensure the completeness of accounts payable, we identified activity that was improperly excluded from accounts payable at June 30, 2023. Through discussions with the District, this was excluded in error, and was not identified during the yearend closing review process over accounts payable and capital asset activity.

***Effect or Potential Effect of Condition***

If uncorrected, this misstatement would have resulted in a material understatement of accounts payable and capital assets for construction-in-progress activity.

***Recommendation***

We recommend the District perform a thorough review of invoices that are received subsequent to yearend, including beyond the District's internal cutoff date, in conjunction with their year-end closing, to ensure that items are properly accrued and reflected in the correct fiscal year.

***Client Response***

The District will enhance its pre-audit review of invoices that are received subsequent to year-end closing to ensure that activity is properly accrued and reflected in the correct fiscal year. The District is also implementing other process improvements in accounts payable to increase efficiency and accuracy.

***Reference Number***

2023-002

***Evaluation of Finding***

Significant Deficiency over Inventory Valuation

***Condition***

The inventory balance reported within the inventory module does not reconcile to the inventory balance reported within the general ledger.

***Criteria***

Per Generally Accepted Accounting Principles, financial accounting and reporting should be consistent from one period to the next to ensure financial comparability between periods, which includes a current valuation of assets.

**SECTION II - FINANCIAL STATEMENT FINDINGS (CONTINUED)**

***Cause of Condition***

During audit test work of the reported inventory balance, we identified a variance between the inventory module and the general ledger detail. Through discussions with the District, this variance is a combination of data entry errors, timing differences and system integration issues.

***Effect or Potential Effect of Condition***

A variance between the inventory module, a sub-ledger of the general ledger, can result in an overstatement or understatement of the inventory balance, causing inaccurate representation of the inventory balance.

***Recommendation***

We recommend the District complete a detailed review of the physical inventory count reports and monitoring process. Additionally, we recommend a reconciliation between the physical inventory count reports, inventory module and the general ledger, at minimum twice a year, to ensure the accounting for inventory is accurate.

***Client Response***

The District will conduct a detailed analysis of all inventory transactions recorded in both the inventory subledger and general ledger through fiscal year 2024 to identify specific discrepancies. Additionally, the District will perform a physical inventory count to verify the actual quantities of items on hand. Based on the findings from the analysis and physical inventory count, the District will make necessary adjustments to both the inventory subledger and the general ledger to align the records.

**SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS**

No matters were reported.

**SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS AND QUESTIONED COSTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2022**

**Finding: 2022-001: Coronavirus State and Local Fiscal Recovery Fund Program**

Appropriate corrective actions were taken; this finding is considered resolved and is not repeated in the fiscal year ended June 30, 2023.
