#### I. STATEMENT OF WORK

#### A. SCOPE

The East Bay Municipal Utility District supplies water to 1.4 million customers in 20 cities and 15 unincorporated East Bay communities and provides wastewater treatment for parts of Alameda and Contra Costa counties in California.

The East Bay Municipal Utility District, hereon referred to as the District, which employs 2000+ employees and serving 2000+ retirees, is embarking on procuring a cloud-based, integrated Human Resource Management<sup>1</sup> system (HRMS) solution to replace the current legacy Peoplesoft HRIS and Payroll and the home-grown ETS (Employee Timekeeping System).

We are seeking proposals from consulting organizations to partner with the District and help develop a strategy, elicit the appropriate requirements, and guide the successful procurement of a new Human Resources Information System (HRIS) at the District that best meet our needs.

A draft RFP that was developed by the District in 2022 is attached in the Exhibits to provide proposers some background information.

Our goal is to have our consulting partners on board in Q1 2025, new HRIS product selected by Q3/Q4 2025 and work on the implementation through Q1 2028.

The District intends to award a contract to the Proposer(s) who best meets the District's requirements.

#### B. <u>PROPOSER QUALIFICATIONS</u>

#### 1. Proposer Minimum Qualifications

- Proposer, Proposer's principal, or Proposer's staff shall have been regularly engaged in the business of consulting and successful guided implementation of HRIS solutions for at least five (5) years.
- Proposer shall have supported the RFP and the successful implementation of HRIS for at least 2 public/government organizations with 1000-4000 employees.

<sup>&</sup>lt;sup>1</sup> HRMS will be used interchangeably with HRIS in this document to refer to a suite of HR applications used to manage internal HR functions.

- Proposer shall have supported the implementation of HRIS for at least 2 organizations with multiple (2 or more) labor unions.
- Proposer shall have experience integrating the HRIS with other systems (e.g., payroll, ERP, and benefits management systems) and/or one HRIS product with another HRIS product.

#### c. <u>SPECIFIC REQUIREMENTS</u>

- 1. District Needs and Objectives:
  - The current District HRIS is an old, unsupported Peoplesoft release with many customized codes, running on an on-prem server. The District Payroll runs under this system. Furthermore, the home-grown timekeeping system (ETS) is also reaching its product end-of-life. The ETS application has also evolved over the years to perform functions outside of time tracking.
  - The District recognizes the high priority of modernizing its HR technology. It is highly interested in a cloud-based, integrated Human Resource Management System (HRMS) solution. The solution shall cover management of core HR functions.
  - Due to support issues and time-sensitivity of payroll functions, the District is
    procuring a Payroll system as a stopgap solution. The selected payroll system
    may or may not be the long-term solution and will be reevaluated in the HRIS
    RFP. The goal is to have a payroll solution that can integrate well with the
    HRIS solution, if they are not in the same product suite.

#### 2. Key tasks:

- Understand the current state of HR processes in the District.
- Perform diagnostics and identify opportunities for improvement for key HR areas (whether through technology, redesign, or other strategies).
- Help solidify alignment among key stakeholders on organizational goals for the new HRIS system.
- Identify key milestones and the timeline to achieve them.
- Staffing:
  - (1) Identify key skill sets needs and staffing needs to implement new product.
  - (2) Identify product support staffing needs after implementation.

- Review, refine, and prioritize requirements.
- Guide the RFP process for the new HRIS system.
- Determine scope of the RFP.
- Guide proper evaluation of proposers for best fit to the District.

#### 3. Optional services:

 Manage implementor for HRIS product selected, ensuring that District needs are properly addressed.

#### D. DELIVERABLES / REPORTS

The awarded Proposer is expected to deliver the following:

- 1. A detailed plan including milestones and timeline to assist the District in launching an effective RFP and implementing the selected HRIS.
- 2. Baseline and success metrics to measure the return on investment on the HRIS.
- 3. Identified improvement opportunities for key HR areas and strategy for improvements / recommendations for the adoption of best practices.
- 4. Refined and prioritized right-level requirements.
- 5. Final RFP for HRIS.
- 6. Staffing Plan for the District reflecting the skills needed for implementation and support.

#### II. CALENDAR OF EVENTS

EVENT	DATE/LOCATION
RFP Issued	December 10, 2024
Response Due	January 10, 2025 by 4:00 p.m. PST
<b>Anticipated Contract Start</b>	March 3, 2025
Date	

**Note**: All dates are subject to change **by District**.

Proposers are responsible for reviewing <a href="https://www.ebmud.com/business-center/requests-proposal-rfps/">https://www.ebmud.com/business-center/requests-proposal-rfps/</a> for any published addenda. Hard copies of addenda will not be mailed out.

#### III. DISTRICT PROCEDURES, TERMS, AND CONDITIONS

#### A. RFP ACCEPTANCE AND AWARD

- 1. RFP responses will be evaluated by the Selection Committee and will be scored and ranked in accordance with the RFP section entitled "Evaluation Criteria/Selection Committee."
- 2. The Selection Committee will recommend award to the Proposer who, in its opinion, has submitted the RFP response that best serves the overall interests of the District. Award may not necessarily be made to the Proposer with the lowest overall cost.
- 3. The District reserves the right to award to a single or to multiple General or Professional Service Providers, dependent upon what is in the best interest of the District.
- 4. The District has the right to decline to award this contract or any part of it for any reason.
- 5. Any specifications, terms, or conditions issued by the District, or those included in the Proposer's submission, in relation to this RFP, may be incorporated into any purchase order or contract that may be awarded as a result of this RFP.
- 6. Award of contract. The District reserves the right to reject any or all proposals, to accept one part of a proposal and reject the other, unless the proposer stipulates to the contrary, and to waive minor technical defects and administrative errors, as the interest of the District may require. Award will be made, or proposals rejected by the District as soon as possible after proposals have been opened.

#### B. <u>EVALUATION CRITERIA/SELECTION COMMITTEE</u>

All proposals will be evaluated by a Selection Committee. The Selection Committee may be composed of District staff and other parties that have expertise or experience in this type of procurement. The Selection Committee will select a Proposer in accordance with the evaluation criteria set forth in this RFP. The evaluation of the RFP responses shall be within the sole judgment and discretion of the Selection Committee.

The Selection Committee will evaluate each RFP response meeting the qualification requirements set forth in this RFP. Proposer should bear in mind that any RFP response

that is unrealistic in terms of the technical or schedule commitments, or unrealistically high or low in cost, will be deemed reflective of an inherent lack of technical competence or indicative of a failure to comprehend the complexity and risk of the District's requirements as set forth in this RFP.

RFP responses will be evaluated and scored according to the Evaluation Criteria below and scored according to a zero to five-point scale. The scores for all Evaluation Criteria will then be added to arrive at a weighted score for each RFP response. An RFP response with a high weighted total will be ranked higher than one with a lesser-weighted total.

The Evaluation Criteria are as follows:

#### **Evaluation Criteria**

#### A. Technical Criteria:

- Product Expertise The proposer has direct knowledge of:
  - a. Various HRIS platforms
  - b. Key Requirements needed in RFP for modern HRIS procurement
  - c. Product best fit
  - d. Product Customization and Configuration Capabilities
  - e. Inter-operability with other systems
  - f. Implementation time and complexity
  - g. Ancillary services provided by the product vendor.
- 2. Product Implementation Experience The proposer has direct experience implementing
  - a. Variety of HRIS platforms
  - b. Integrating HRIS product with other systems
  - c. Customizing/Configuring a variety of HRIS products
- 3. Industry Expertise The proposer has direct knowledge) or access to consulting organization's use cases) for implementing in the public sector with multiple bargaining contracts and memos.
- 4. Ancillary Services A comparison will be made of the proposed services with the requirements of this RFP. Credit will be given for convenience, responsiveness, and technical expertise.
- 5. Change Management Expertise guiding agencies though change related to system implementation a plus.

#### B. Cost:

The points for Cost will be computed by dividing the amount of the lowest responsive RFP response received by each Proposer's total proposed cost.

While not reflected in the Cost evaluation points, an evaluation may also be made of:

1. Reasonableness (i.e., does the proposed pricing accurately reflect the Proposer's effort to meet requirements and objectives?);

- 2. Realism (i.e., is the proposed cost appropriate to the nature of the products and services to be provided?); and
- 3. Affordability (i.e., the ability of the District to finance this project).
- 4. Return on Investment (i.e., the ability to demonstrate value of cost associated for consulting services

Consideration of price in terms of overall affordability may be controlling in circumstances where two or more RFP responses are otherwise judged to be equal, or when a superior RFP response is at a price that the District cannot afford.

#### C. Consulting Deliverables and Schedule:

An evaluation will be made of the likelihood that the Proposer's consulting plan, deliverables and schedule will meet the District's needs and schedule. Additional credit will be given for the identification and planning for mitigation of schedule risks which the Proposer believes may adversely affect any portion of the District's schedule.

#### D. Relevant Experience:

RFP responses will be evaluated against the RFP specifications and the questions below:

- 1. Do the individuals assigned to the project have experience on similar projects (HRIS implementation for a public entity, multiple labor unions, 1000-4000 employees)?
- 2. Are résumés complete and do they demonstrate backgrounds that would be desirable for individuals engaged in the work the project requires?
- 3. How extensive is the applicable education and experience of the personnel designated to work on the project?

#### E. References (See Exhibit A – RFP Response Packet):

If a short list process is used for a solicitation, references are only performed on the shortlisted Proposers and the score for reference checks is not included in the preliminary short list score.

#### F. Oral Presentation and Interview:

The oral interview may consist of standard questions asked of each of the Proposers and specific questions regarding the specific RFP response.

#### **G.** Understanding of the Project:

RFP responses will be evaluated against the RFP specifications and the questions below:

- 1. Has the Proposer demonstrated a thorough understanding of the purpose and scope of the project?
- 2. How well has the Proposer identified pertinent issues and potential problems related to the project?

- 3. Has the Proposer demonstrated that it understands the deliverables the District expects it to provide?
- 4. Has the Proposer demonstrated that it understands the District's time schedule and can meet it?
- 5. Has the Proposer demonstrated experience in project management and mitigating risks?

#### H. Methodology:

RFP responses will be evaluated against the RFP specifications and the questions below:

- 1. Does the methodology depict a logical approach to fulfilling the requirements of the RFP?
- 2. Does the methodology match and contribute to achieving the objectives set out in the RFP?
- 3. Does the methodology interface with the District's time schedule?

#### I. Contract Equity Program:

Proposer shall be eligible for SBE or DVBE preference points if they are a certified small business entity, as described in the guidelines contained in Exhibit A-Contract Equity Program, <u>and</u> they check the appropriate box, requesting preference, in Exhibit A-Proposer Information and Acceptance. Qualified DVBEs and/or SBEs will receive an additional 5 points to their total score.

#### c. <u>PRICING</u>

- 1. Prices quoted shall be firm for the duration of any contract that may be awarded pursuant to this RFP.
- 2. All prices quoted shall be in United States dollars.
- 3. Price quotes shall include any and all payment incentives available to the District.
- 4. Proposers are advised that in the evaluation of cost, if applicable, it will be assumed that the unit price quoted is correct in the case of a discrepancy between the unit price and extended price.

#### D. <u>NOTICE OF INTENT TO AWARD AND PROTESTS</u>

At the conclusion of the RFP response evaluation process, all entities who submitted a proposal package will be notified in writing by e-mail or USPS mail with the name of the Proposer being recommended for contract award. The document providing this notification is the Notice of Intent to Award.

Negotiations for a Consulting Services Agreement with a "not to exceed" contract price (for time and expenses) will be scheduled shortly after the Notice of Intent to Award. If an Agreement cannot be achieved, the District will proceed to negotiate with the next highest ranked Proposer.

Protests must be in writing and must be received no later than seven (7) workdays after the District issues the Notice of Intent to Award. The District will reject the protest as untimely if it is received after this specified time frame. Protests will be accepted from proposers or potential proposers only.

If the protest is mailed and not received by the District, the protesting party bears the burden of proof to submit evidence (e.g., certified mail receipt) that the protest was sent in a timely manner so that it would be received by the District within the RFP protest period.

Proposal protests must contain a detailed and complete written statement describing the reason(s) for protest. The protest must include the name and/or number of the proposal, the name of the firm protesting, and include a name, telephone number, email address and physical address of the protester. If a firm is representing the protester, they shall include their contact information in addition to that of the protesting firm.

Protests must be mailed, hand delivered, or emailed to the Manager of Purchasing, Mailstop 102, East Bay Municipal Utility District, 1010 Franklin St., Oakland, CA 94607 or P.O. Box 24055, Oakland, California 94623. Facsimile and electronic mail protests must be followed by a mailed or hand delivered identical copy of the protest and must arrive within the seven workday time limit. Any proposal protest filed with any other District office shall be forwarded immediately to the Manager of Purchasing.

In the event that the protest is denied, the protester can appeal the determination to the requesting organization's Department Director. The appeal must be submitted to the Department Director no later than five workdays from the date which the protest determination was transmitted by the District, to the protesting party. The appeal shall focus on the points raised in the original protest, and no new points shall be raised in the appeal.

Such an appeal must be made in writing and must include all grounds for the appeal and copies of the original protest and the District's response. The proposal protester must also send the Purchasing Division a copy of all materials sent to the Department Director.

The Department Director will make a determination of the appeal and respond to the protester by certified mail in a timely manner. If the appeal is denied, the letter will

include the date, time, and location of the Board of Directors meeting at which staff will make a recommendation for award and inform the protester it may request to address the Board of Directors at that meeting.

The District may transmit copies of the protest and any attached documentation to all other parties who may be affected by the outcome of the protest. The decision of the District as to the validity of any protest is final. This District's final decision will be transmitted to all affected parties in a timely manner.

#### E. <u>WARRANTY</u>

1. Proposer expressly warrants that all goods and services to be furnished pursuant to any contract awarded it arising from the Proposal will conform to the descriptions and specifications contained herein and in supplier catalogs, product brochures, and other representations, depictions, or models, and will be free from defects, of merchantable quality, good material, and workmanship. Proposer expressly warrants that all goods and services to be furnished pursuant to such award will be fit and sufficient for the purpose(s) intended. This warranty shall survive any inspections, delivery, acceptance, payment, or contract termination for any reason, by the District. Proposer warrants that all work and services furnished hereunder shall be guaranteed for a period of three years from the date of acceptance by the District.

#### F. <u>INVOICING</u>

- 1. Following the Districts acceptance of product(s) meeting all specified requirements, and/or the complete and satisfactory performance of services, the District will render payment within thirty (30) days of receipt of a correct invoice.
- 2. The District will notify the Professional Service Provider of any invoice adjustments required.
- 3. Invoices shall contain, at a minimum, District purchase order number, invoice number, remit to address, and itemized services description.
- 4. The District will pay General or Professional Service Provider in an amount not to exceed the negotiated amount(s) which will be referenced in the agreement signed by both parties.

#### G. LIQUIDATED DAMAGES

1. In the event performance and/or deliverables have been deemed unsatisfactory, the District reserves the right to withhold future payments until the performance and/or deliverables are deemed satisfactory.

#### IV. RFP RESPONSE SUBMITTAL INSTRUCTIONS AND INFORMATION

#### A. <u>DISTRICT CONTACTS</u>

All contact during the competitive process is to be through the contact listed on the first page of this RFP. The following persons are to be contacted only for the purposes specified below:

FOR INFORMATION REGARDING TECHNICAL

SPECIFICATIONS: Attn: Adam Froio, Project Manager

E-Mail: HRISRFP@ebmud.com

PHONE: (510) 287-0686

FOR INFORMATION ON THE CONTRACT EQUITY PROGRAM:

Attn: Contract Equity Office PHONE: (510) 287-0114

**AFTER AWARD:** 

Attn: Adam Froio, Project Manager E-Mail: HRISRFP@ebmud.com

PHONE: (510) 287-0686

#### B. <u>SUBMITTAL OF RFP RESPONSE</u>

- 1. At this time, no hardcopy proposals will be accepted. Upload your RFP response in pdf format and prior to the bid due date/time RFP submittals, in their entirety, shall be emailed to <a href="https://example.com">HRISRFP@ebmud.com</a>. The District's email has limitations on attachment size. Make sure your response is less than 25 megabytes. If the file exceeds the limit, you will need to send multiple emails. Proposers are solely responsible for ensuring timely delivery of the proposals. The District shall not be responsible for any issues related to transfer of files through email. You may call at (510) 287-0723 to check receipt of the proposal.
- 2. All costs required for the preparation and submission of an RFP response shall be borne by the Proposer.
- 3. California Government Code Section 4552: In submitting an RFP response to a public purchasing body, the Proposer offers and agrees that if the RFP response is accepted, it will assign to the purchasing body all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C.

Sec. 15) or under the Cartwright Act (Chapter 2, commencing with Section 16700, of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, materials, or services by the Proposer for sale to the purchasing body pursuant to the RFP response. Such assignment shall be made and become effective at the time the purchasing body tenders final payment to the Proposer.

- 4. Proposer expressly acknowledges that it is aware that if a false claim is knowingly submitted (as the terms "claim" and "knowingly" are defined in the California False Claims Act, Cal. Gov. Code, §12650 et seq.), the District will be entitled to civil remedies set forth in the California False Claim Act.
- 5. The RFP response shall remain open to acceptance and is irrevocable for a period of one hundred eighty (180) days, unless otherwise specified in the RFP documents.
- 6. It is understood that the District reserves the right to reject any or all RFP responses.

#### c. RESPONSE FORMAT

- 1. Proposers shall not modify the existing text for any part of Exhibits A, B, C, or D or qualify their RFP responses. Proposers shall not submit to the District a retyped or otherwise re-created version of these documents or any other District-provided document.
- 2. RFP responses, in whole or in part, are NOT to be marked confidential or proprietary. The District may refuse to consider any RFP response or part thereof so marked. RFP responses submitted in response to this RFP may be subject to public disclosure. The District shall not be liable in any way for disclosure of any such records.

## EXHIBIT A RFP RESPONSE PACKET

To:	The EAST BAY MUNICIPAL UTILITY District ("District")
From:	
	(Official Name of Proposer)

#### RFP RESPONSE PACKET GUIDELINES

- SUBMITTAL SHALL CONTAIN THE FOLLOWING:
  - EXHIBIT A RFP RESPONSE PACKET
    - INCLUDING ALL REQUIRED DOCUMENTATION AS DESCRIBED IN "EXHIBIT A-REQUIRED DOCUMENTATION AND SUBMITTALS"
- PROPOSERS THAT DO NOT COMPLY WITH THE REQUIREMENTS, AND/OR SUBMIT AN INCOMPLETE RFP RESPONSE MAY BE SUBJECT TO DISQUALIFICATION AND THEIR RFP RESPONSE REJECTED IN WHOLE.
- IF PROPOSERS ARE MAKING <u>ANY</u> CLARIFICATIONS AND/OR AMENDMENTS, OR TAKING EXCEPTION TO ANY PART OF THIS RFP, THESE <u>MUST</u> BE SUBMITTED IN THE EXCEPTIONS, CLARIFICATIONS, AND AMENDMENTS SECTION OF THIS EXHIBIT A RFP RESPONSE PACKET. THE DISTRICT, AT ITS SOLE DISCRETION, MAY ACCEPT AMENDMENTS/EXCEPTIONS, OR MAY DEEM THEM TO BE UNACCEPTABLE, THEREBY RENDERING THE RFP RESPONSE DISQUALIFIED.
- PROPOSORS SHALL NOT MODIFY DISTRICT LANGUAGE IN ANY PART OF THIS RFP OR ITS EXHIBITS, NOR SHALL THEY QUALIFY THEIR RFP RESPONSE BY INSERTING THEIR OWN LANGUAGE OR FALSE CLAIMS IN THEIR RESPONSE. ANY EXCEPTIONS AND CLARIFICATIONS MUST BE PLACED IN THE "EXCEPTIONS/ CLARIFICATIONS" PAGE, NOT BURIED IN THE PROPOSAL ITSELF.

#### PROPOSER INFORMATION AND ACCEPTANCE

- 1. The undersigned declares that all RFP documents, including, without limitation, the RFP, Addenda, and Exhibits, have been read and that the terms, conditions, certifications, and requirements are agreed to.
- 2. The undersigned is authorized to offer, and agrees to furnish, the articles and services specified in accordance with the RFP documents.
- 3. The undersigned acknowledges acceptance of all addenda related to this RFP. List Addenda for this RFP on the line below:

Addendum #	Date

- 4. The undersigned hereby certifies to the District that all representations, certifications, and statements made by the Proposer, as set forth in this RFP Response Packet and attachments, are true and correct and are made under penalty of perjury pursuant to the laws of California.
- 5. The undersigned acknowledges that the Proposer is, and will be, in good standing in the State of California, with all the necessary licenses, permits, certifications, approvals, and authorizations necessary to perform all obligations in connection with this RFP and associated RFP documents.
- 6. It is the responsibility of each Proposer to be familiar with all of the specifications, terms, and conditions and, if applicable, the site condition. By the submission of an RFP response, the Proposer certifies that if awarded a contract it will make no claim against the District based upon ignorance of conditions or misunderstanding of the specifications.
- 7. Patent indemnity: General or Professional Service Providers who do business with the District shall hold the District, its Directors, officers, agents, and employees harmless from liability of any nature or kind, including cost and expenses, for infringement or use of any patent, copyright or other proprietary right, secret process, patented or unpatented invention, article, or appliance furnished or used in connection with the contract or purchase order.

8.	Insurance certificates are not required at the time of submission. However, by signing Exhibit A – RFP Response Packet, the Proposer agrees to meet the minimum insurance requirements stated in the RFP This documentation must be provided to the District prior to execution of an agreement by the District and shall include an insurance certificate which meets the minimum insurance requirements, as stated in the RFP.				
9.	The undersigned acknowledges that RFP responses, in whole or in part, are NOT to be marked confidential or proprietary. The District may refuse to consider any RFP response or part thereof so marked. RFP responses submitted in response to this RFP may be subject to public disclosure. The District shall not be liable in any way for disclosure of any such records.				
10.	subse	ndersigned Proposer hereby submits this RFP response and binds itself to the District. The RFP, quent Addenda, Proposers Response Packet, and any attachments, shall be used to form the of a Contract, which once executed shall take precedence.			
11.	The ur	ndersigned acknowledges <u>ONE</u> of the following (please check only one box)*:			
		Proposer is not an SBE nor a DVBE and is ineligible for any Proposal preference; <b>OR</b>			
		Proposer is an SBE or DVBE as described in the Contract Equity Program (CEP) and Equal Employment Opportunity (EEO) Guidelines, <u>and</u> has completed the CEP and EEO forms at the hyperlink contained in the CEP and EEO section of this Exhibit A.			
	none	box is checked it will be assumed that the Proposer is ineligible for Proposal preference, and will be given. For additional information on SBE/DVBE Proposal preference please refer to the act Equity Program and Equal Employment Opportunity Guidelines at the above referenced link.

#### **REQUIRED DOCUMENTATION AND SUBMITTALS**

All of the specific documentation listed below is required to be submitted with the Exhibit A – RFP Response Packet. Proposers shall submit all documentation, in the order listed below, and clearly label each section of the RFP response with the appropriate title (i.e., Table of Contents, Letter of Transmittal, Key Personnel, etc.).

- 1. <u>Letter of Transmittal</u>: RFP response shall include a description of the Proposer's capabilities and approach in providing its services to the District, and provide a brief synopsis of the highlights of the RFP response and overall benefits to the District. This synopsis should not exceed three (3) pages in length and should be easily understood.
- 2. <u>Key Personnel</u>: RFP response shall include a complete list of all key personnel associated with the RFP. This list must include all key personnel who will provide services/training to District staff and all key personnel who will provide maintenance and support services. For each person on the list, the following information shall be included:
  - (a) The person's relationship with the Proposer, including job title and years of employment with the Proposer;
  - (b) The role that the person will play in connection with the RFP;
  - (c) The person's telephone number, fax number, and e-mail address;
  - (d) The person's educational background; and
  - (e) The person's relevant experience, certifications, and/or merits
- 3. Description of the Proposed Services: RFP response shall include a description of the terms and conditions of services to be provided during the contract term including response times. The description shall contain a basis of estimate for services including its scheduled start and completion dates, the number of Proposer's and District personnel involved, and the number of hours scheduled for each person. The description shall identify spare or replacement parts that will be required in performing maintenance services, the anticipated location(s) of the spare parts, and how quickly the parts shall be available for repairs. Finally, the description must: (1) specify how the services in the RFP response will meet or exceed the requirements of the District; (2) explain any special resources or approaches that make the services of the Proposer particularly advantageous to the District; and (3) identify any limitations or restrictions of the Proposer in providing the services that the District should be aware of in evaluating its RFP response to this RFP.

- 4. <u>Implementation Plan and Schedule</u>: The RFP response shall include an implementation plan and schedule. The plan for implementing the proposed equipment/system and services shall include an Acceptance Test Plan. In addition, the plan shall include a detailed schedule indicating how the Proposer will ensure adherence to the timetables for the final equipment/system and/or services.
- 5. <u>Sustainability Statement:</u> Contractors shall submit a statement regarding any sustainable, environmental or socially responsible initiatives or practices that they or their suppliers engage in. This information can be in relation to the specific services or work products solicited via this RFP, or in relation to the manufacture, delivery, or business practices of your firm.

#### 6. **References:**

- (a) Proposers must use the templates in the "References" section of this Exhibit A RFP Response Packet to provide references.
- (b) References should have similar scope, volume, and requirements to those outlined in these specifications, terms, and conditions.
  - Proposers must verify the contact information for all references provided is current and valid.
  - Proposers are strongly encouraged to notify all references that the District may be contacting them to obtain a reference.
- (c) References MUST demonstrate the successful completion of consulting projects related to HR system procurement and implementation of the same type, quality, and manner as that which is described in this RFP.
- (d) The District may contact some or all of the references provided in order to determine Proposer's performance record on work similar to that described in this RFP. The District reserves the right to contact references other than those provided in the RFP response and to use the information gained from them in the evaluation process.

#### 7. Exceptions, Clarifications, Amendments:

- (a) The RFP response shall include a separate section calling out all clarifications, exceptions, and amendments, if any, to the RFP and associated RFP documents, which shall be submitted with the proposer's RFP response using the template in the "Exceptions, Clarifications, Amendments" section of this Exhibit A RFP Response Packet.
- (b) THE DISTRICT IS UNDER NO OBLIGATION TO ACCEPT ANY EXCEPTIONS, AND SUCH EXCEPTIONS MAY BE A BASIS FOR RFP RESPONSE DISQUALIFICATION.

#### 8. **Contract Equity Program:**

(a) Every proposer must fill out, sign, and submit the appropriate sections of the Contract Equity Program and Equal Employment Opportunity documents located at the hyperlink contained in the last page of this Exhibit A. Special attention should be given to completing Form P-25, "Employment Data and Certification". Any proposer needing assistance in completing these forms should contact the District's Contract Equity Office at (510) 287-0114 prior to submitting an RFP response.

#### **CONTRACT EQUITY PROGRAM & EQUAL EMPLOYMENT OPPORTUNITY**

The District's Board of Directors adopted the Contract Equity Program (CEP) to enhance equal opportunities for business owners of all races, ethnicities, and genders who are interested in doing business with the District. The program has contracting objectives, serving as the minimum level of expected contract participation for the three availability groups: white-men owned businesses, white-women owned businesses, and ethnic minority owned businesses. The contracting objectives apply to all contracts that are determined to have subcontracting opportunities, and to all General or Professional Service Providers regardless of their race, gender, or ethnicity.

All Contractors and their subcontractors performing work for the District must be Equal Employment Opportunity (EEO) employers and shall be bound by all laws prohibiting discrimination in employment. There shall be no discrimination against any person, or group of persons, on account of race, color, religion, creed, national origin, ancestry, gender including gender identity or expression, age, marital or domestic partnership status, mental disability, physical disability (including HIV and AIDS), medical condition (including genetic characteristics or cancer), genetic information, or sexual orientation.

Contractor and its subcontractors shall abide by the requirements of 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities and prohibit discrimination against all individuals based on their race, color, religion, sex, sexual orientation, gender identity, or national origin in the performance of this contract. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, national origin, protected veteran status or disability.

All Contractors shall include the nondiscrimination provisions above in all subcontracts. Please include the required completed forms with your proposal. Non-compliance with the Guidelines may deem a proposal non-responsive, and therefore, ineligible for contract award. Your firm is responsible for:

- 1) Reading and understanding the CEP guidelines.
- 2) Filling out and submitting with your proposal the appropriate forms.

The CEP guidelines and forms can be downloaded from the District website at the following link: <a href="https://www.ebmud.com/business-center/contract-equity-program">https://www.ebmud.com/business-center/contract-equity-program</a>

If you have questions regarding the Contract Equity Program, please call (510) 287-0114.

#### **EXHIBIT B**

#### **INSURANCE REQUIREMENTS**

PROPOSER shall take out and maintain during the life of the Agreement all insurance required and
DDODOSED shall not common as work until such insurance has been approved by DISTRICT. The proof of

PROPOSER shall take out and maintain during the fire of the Agreement an insurance required and PROPOSER shall not commence work until such insurance has been approved by DISTRICT. The proof of insurance shall be on forms provided by DISTRICT directly following these Insurance Requirements.

PROPOSERS are not required to submit completed insurance verification documents with their bid but will be required to submit them upon notification of award. By signing Exhibit A – RFP Response Packet, the BIDDER agrees to meet the minimum insurance requirements stated in the RFP.

Revise the below amounts and required coverages only as instructed in consultation with Risk Management.

#### The following provisions are applicable to all required insurance:

CONTRACTOR/COMPANY NAME:

- A. Prior to the beginning of and throughout the duration of Services, and for any additional period of time as specified below, CONTRACTOR shall, at its sole cost and expense, maintain insurance in conformance with the requirements set forth below.
- B. CONTRACTOR shall provide Verification of Insurance as required by this Agreement by providing the completed Verification of Insurance as requested below by signing and submitting Exhibit B ("Insurance Requirements") to the DISTRICT. The Insurance Requirements may be signed by the insurance broker or the insurance broker's agent (Insurance Broker/Agent) for the CONTRACTOR, or by an officer of the CONTRACTOR (Officer), or by the CONTRACTOR's risk manager (Risk Manager). The Notice to Proceed shall not be issued, and CONTRACTOR shall not commence Services until a signed Verification of Insurance evidencing the specific coverages and limits required by this Agreement has been received by the DISTRICT.
- C. CONTRACTOR shall carry and maintain the minimum insurance requirements as defined in this Agreement. CONTRACTOR shall require any contractor/subcontractor to carry and maintain the minimum insurance required in this Agreement to the extent the insurance applies to the scope of the services to be performed by contractor/subcontractor.
- D. Receipt of a signed Verification of Insurance by the DISTRICT shall not relieve CONTRACTOR of any of the insurance requirements, nor decrease liability of CONTRACTOR.
- E. Insurance must be maintained, and an updated Verification of Insurance must be provided to the DISTRICT before the expiration of insurance by having the Insurance Broker/Agent, Officer, or Risk Manager update, sign and return the Insurance Requirements to the DISTRICT's contract manager. The updated Insurance Requirements shall become a part of the Agreement but shall not require a change

order to the Agreement. It is the CONTRACTOR's sole responsibility to provide or to ensure that an updated Verification of Insurance is provided to the DISTRICT. The DISTRICT has no obligation to solicit, remind, prompt, request, seek, or otherwise obtain any updated Verification of Insurance, and any actual or alleged failure on the part of the DISTRICT to obtain any updated Verification of Insurance under this Agreement shall not in any way be construed to be a waiver of any right or remedy of the DISTRICT, in this or any regard.

- F. The insurance required hereunder may be obtained by a combination of primary, excess and/or umbrella insurance, and all coverage shall be at least as broad as the requirements listed in this Agreement.
- G. Any deductibles, self-insurance, or self-insured retentions (SIRs) applicable to the required insurance coverage must be declared to and accepted by the DISTRICT.
- H. At the option and request of the DISTRICT, CONTRACTOR shall provide documentation of its financial ability to pay the deductible, self-insurance, or SIR.
- I. CONTRACTOR is responsible for the payment of any deductibles or SIRs pertaining to the policies required under this Agreement. In the event CONTRACTOR is unable to pay the required SIR, CONTRACTOR agrees that such SIR may be satisfied, in whole or in part, by the DISTRICT as the additional insured at the DISTRICT's sole and absolute discretion, unless to do so would terminate or void the policy(ies).
- J. Unless otherwise accepted by the DISTRICT, all required insurance must be placed with insurers with a current A.M. Best's rating of no less than A-V.
- K. CONTRACTOR shall defend the DISTRICT and pay any damages as a result of failure to provide the waiver of subrogation from the insurance carrier required by this Agreement.
- L. For any coverage that is provided on a claims-made coverage form (which type of form is permitted only where specified), the retroactive date must be shown, must be before the date of this Agreement, and must be before the beginning of any Services related to this Agreement.
- M. For all claims-made policies the updated Verification of Insurance must be provided to the DISTRICT for at least three (3) years after expiration or termination of this Agreement.
- N. If claims-made coverage is canceled or is non-renewed and if the claims-made coverage is not replaced with another claims-made policy form with a retroactive date prior to the effective date of this Agreement and prior to the start of any Services related to this Agreement, CONTRACTOR must purchase an extended reporting period for a minimum of three (3) years after expiration or termination of the Agreement.
- O. In the event of a claim or suit, and upon request by the DISTRICT, CONTRACTOR agrees to provide a copy of the pertinent policy(ies) within 10 days of such request to the DISTRICT for review. Any actual or alleged failure on the part of the DISTRICT to request a copy of the pertinent policy(ies) shall not in any way be construed to be a waiver of any right or remedy of the DISTRICT, in this or any regard. Additionally, the DISTRICT may, at any time during CONTRACTOR's performance under this Agreement, request a copy of the Declarations pages and Schedule of Forms and Endorsements of any policy required to be maintained by CONTRACTOR hereunder, whether or not a suit or claim has been filed. Premium details may be redacted from any such documents requested.
- P. The defense and indemnification obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained herein.

- Q. Where additional insured coverage is required, the additional insured coverage shall be primary and non-contributory, and will not seek contribution from the DISTRICT's insurance or self-insurance.
- R. CONTRACTOR agrees to provide immediate Notice to the DISTRICT of any loss or claim against CONTRACTOR arising out of, pertaining to, or in any way relating to this Agreement or to Services performed under this Agreement. The DISTRICT assumes no obligation or liability by such Notice but has the right (but not the duty) to monitor the handling of any such claim(s) if the claim(s) is likely to involve the DISTRICT.
- S. It is the obligation of the CONTRACTOR to ensure all contractors/subcontractors performing services under this Agreement maintain the necessary coverages and limits. CONTRACTOR shall ensure that all contractors/subcontractors agree to the same indemnity obligation that CONTRACTOR agrees to in this Agreement based on the nature and scope of services being performed by each contractor/subcontractor. CONTRACTOR shall require that each contractor/subcontractor include the DISTRICT, its directors, officers, and employees as additional insureds on its liability policy(ies) (excepting Professional Liability and Workers' Compensation) for all ongoing and completed operations with coverage as broad as required of CONTRACTOR under this Agreement. Failure or inability to secure fully adequate insurance shall in no way relieve the CONTRACTOR or all contractors/subcontractors of the responsibility for its own acts or the acts of any contractors/subcontractors or any employees or agents of either. All contractors/subcontractors are to waive subrogation against the DISTRICT on all policies. CONTRACTOR shall be responsible for maintaining records evidencing contractors'/subcontractors' compliance with the necessary insurance coverages and limits, and such records shall be made available to the DISTRICT within 10 days upon request.
- T. It is CONTRACTOR's responsibility to ensure its compliance with the insurance requirements. Any actual or alleged failure on the part of the DISTRICT to obtain proof of insurance required under this Agreement shall not in any way be construed to be a waiver of any right or remedy of the DISTRICT, in this or any regard.
- U. Notice of Cancellation/Non-Renewal/Material Reduction. The insurance requirements hereunder are mandatory, and the DISTRICT may, at its sole and absolute discretion, terminate the services provided by CONTRACTOR, should CONTRACTOR breach its obligations to maintain the required coverage and limits set forth in this Agreement. No coverage required hereunder shall be cancelled, non-renewed or materially reduced in coverage or limits without the DISTRICT being provided at least thirty (30) days prior written notice, other than cancellation for the non-payment of premiums, in which event the DISTRICT shall be provided ten (10) days prior written notice. Replacement of coverage with another policy or insurer, without any lapse in coverage or any reduction of the stated requirements does not require notice beyond submission to the DISTRICT of an updated Verification of Insurance which shall be met by having the Insurance Broker/ Agent, or Officer, or Risk Manager update, sign and return the Insurance Requirements.

#### I. Workers' Compensation and Employer's Liability Insurance Coverage

A. Workers' Compensation insurance including Employer's Liability insurance with minimum limits as follows:

Coverage A. Statutory Benefits Limits

Coverage B. Employer's Liability of not less than:

Bodily Injury by accident: \$1,000,000 each accident Bodily Injury by disease: \$1,000,000 each employee Bodily Injury by disease: \$1,000,000 policy limit

- B. If there is an onsite exposure of injury to CONTRACTOR, and/or contractor/subcontractor's employees under the U.S. Longshore and Harbor Workers' Compensation Act, the Jones Act, or under laws, regulations or statutes applicable to maritime employees, coverage is required for such injuries or claims.
- C. If CONTRACTOR is exempt from carrying Workers' Compensation Insurance, CONTRACTOR must return the completed Verification of Insurance confirming that CONTRACTOR has no employees and is exempt from the State of California Workers' Compensation requirements.
- D. If CONTRACTOR is self-insured with respect to Workers' Compensation coverage, CONTRACTOR shall provide to the DISTRICT a Certificate of Consent to Self-Insure from the California Department of Industrial Relations. Such self-insurance shall meet the minimum limit requirements and shall waive subrogation rights in favor of the DISTRICT as stated below in section "E."
- **E.** Waiver of Subrogation. Workers' Compensation policies, including any applicable excess and umbrella insurance, must contain a waiver of subrogation endorsement providing that CONTRACTOR and each insurer waive any and all rights of recovery by subrogation, or otherwise, against the DISTRICT, its directors, board, and committee members, officers, officials, employees, agents, and volunteers. CONTRACTOR shall defend and pay any and all damages, fees, and costs, of any kind arising out of, pertaining to, or in any way relating to CONTRACTOR's failure to provide waiver of subrogation from the insurance carrier.

#### Verification of Workers' Compensation and Employer's Liability Insurance Coverage

By checking the box and signing below, I hereby verify that the CONTRACTOR is exempt from the State of California's requirement to carry Workers' Compensation insurance.

As the CONTRACTOR's Insurance Broker/Agent, Officer, or Risk Manager, I hereby verify that I have reviewed and confirmed that the CONTRACTOR carries Workers' Compensation insurance as required by this Agreement, including the relevant provisions applicable to all required insurance.

#### II. Commercial General Liability Insurance ("CGL") Coverage

A. CONTRACTOR's insurance shall be primary, and any insurance or self-insurance procured or maintained by the DISTRICT shall not be required to contribute to it.

- B. The insurance requirements under this Agreement shall be the greater of (1) the minimum coverage and limits specified in this Agreement; or (2) the broader coverage and maximum limits of coverage of any insurance policies or proceeds available to the Named Insured. It is agreed that these insurance requirements shall not in any way act to reduce coverage that is broader or that includes higher limits than the minimums required herein. No representation is made that the minimum insurance requirements of this Agreement are sufficient to cover the obligations of the CONTRACTOR.
- C. Minimum Requirements. CGL insurance with minimum per occurrence and aggregate limits as follows:

  Bodily Injury and Property Damage
  Personal Injury/Advertising Injury
  Products/Completed Operations

  \$2,000,000 per occurrence & aggregate
  \$2,000,000 per occurrence & aggregate
  \$2,000,000 per occurrence & aggregate
- D. Coverage must be on an occurrence basis and be as broad as Insurance Services Office (ISO) form CG 00 01.
- E. Coverage for Products, and Completed Operations, and Ongoing Operations must be included in the insurance policies and shall not contain any "prior work" coverage limitation or exclusion applicable to any Services performed by CONTRACTOR and/or contractor/subcontractor under this Agreement.
- F. There will be no exclusion for explosions, collapse, or underground liability (XCU).
- G. Insurance policies and Additional Insured Endorsement(s) shall not exclude liability and damages to work arising out of, pertaining to, or in any way relating to services performed by contractor/subcontractor on CONTRACTOR's behalf.
- H. Contractual liability coverage shall be included and shall not limit, by any modification or endorsement, coverage for liabilities assumed by CONTRACTOR under this Agreement as an "insured contract."
- I. Waiver of Subrogation. The policy shall be endorsed to include a Waiver of Subrogation ensuring that the CONTRACTOR and its insurer(s) waive any rights of recovery by subrogation, or otherwise, against the DISTRICT, its directors, board, and committee members, officers, officials, agents, volunteers, and employees. CONTRACTOR shall defend and pay any and all damages, fees, and costs, of any kind, arising out of, pertaining to, or in any way resulting from CONTRACTOR's failure to provide the waiver of subrogation from its insurance carrier(s).
- J. Independent Contractor's Liability shall not limit coverage for liability and/or damages arising out of, pertaining to, or in any way resulting from Services provided under this Agreement.
- K. To the fullest extent permitted by law, the DISTRICT, its directors, board, and committee members, officers, officials, employees, agents, and volunteers must be covered as Additional Insureds on a primary and noncontributory basis on all underlying, excess and umbrella policies that shall be evidenced in each case by an endorsement. Coverage for the Additional Insureds must be as broad as ISO forms CG 20 10 (ongoing operations) and CG 20 37 (completed operations) for liability arising in whole, or in part, from work performed by or on behalf of CONTRACTOR, or in any way related to Services performed under this Agreement.
- L. A severability of interest provision must apply for all the Additional Insureds, ensuring that CONTRACTOR's insurance shall apply separately to each insured against whom a claim is made or suit is brought, except with respect to the policies' limit(s).

#### Verification of Commercial General Liability (CGL) Insurance Coverage

As the CONTRACTOR'S Insurance Broker/Agent, Officer, or Risk Manager, I hereby verify that I have reviewed and confirmed that the CONTRACTOR carries Commercial General Liability insurance, as required by this Agreement, including the relevant provisions applicable to all required insurance:

Self-Insured Retention: Amount: \$		
Policy Limit:		
Policy Number:		
Policy Period: from	to	
Insurance Carrier Name:		
Insurance Broker/Agent or Officer or Risk M	lanager - Print Name:	
Insurance Broker/Agent or Officer or Risk M	lanager's Signature:	

#### III. Business Auto Liability Insurance Coverage

- A. CONTRACTOR's insurance shall be primary, and any insurance or self-insurance procured or maintained by the DISTRICT shall not be required to contribute to it.
- B. The insurance requirements under this Agreement shall be the greater of (1) the minimum coverage and limits specified in this Agreement; or (2) the broader coverage and maximum limits of coverage of any insurance policies or proceeds available to the Named Insured. It is agreed that these insurance requirements shall not in any way act to reduce coverage that is broader or that includes higher limits than the minimums required herein. No representation is made that the minimum insurance requirements of this Agreement are sufficient to cover the obligations of the CONTRACTOR.
- C. Minimum Requirements. Auto insurance with minimum coverage and limits as follows:

  Each Occurrence Limit (per accident) and in the Aggregate: \$2,000,000

  Bodily Injury and Property Damage: \$2,000,000
- D. Coverage must include either "owned, non-owned, and hired" autos or "any" automobile. This provision ensures the policy covers losses arising out of use of company-owned vehicles ("owned autos"), employee's personal autos ("non-owned autos" meaning not owned by company/insured) or autos that are rented or leased ("hired autos").
- E. If CONTRACTOR is transporting hazardous materials or contaminants, evidence of the Motor Carrier Act Endorsement-hazardous materials clean-up (MCS-90, or its equivalent) must be provided.
- F. If CONTRACTOR's Scope of Services under this Agreement exposes a potential pollution liability risk related to transport of potential pollutants, seepage, release, escape or discharge of any nature (threatened or actual) of pollutants into the environment arising out of, pertaining to, or in any way related to CONTRACTOR's and/or contractor's/subcontractor's performance under this Agreement, then Auto Liability Insurance policies must be endorsed to include Transportation Pollution Liability insurance. Alternatively, coverage may be provided under the CONTRACTOR's Pollution Liability Policies if such policy has no exclusions that would restrict coverage under this Agreement. Coverage shall also include leakage of fuel or other "pollutants" needed for the normal functioning of covered autos.

- G. To the fullest extent permitted by law, the DISTRICT, its directors, board, and committee members, officers, officials, employees, agents, and volunteers must be covered as Additional Insureds on a primary and noncontributory basis on all underlying and excess and umbrella policies.
- H. A severability of interest provision must apply for all the Additional Insureds, ensuring that CONTRACTOR's insurance shall apply separately to each insured against whom a claim is made, or suit is brought, except with respect to the insurer's limits of liability.

#### Verification of Business Auto Liability Insurance Coverage

As the CONTRACTOR'S Insurance Broker/Agent, Officer, or Risk Manager, I hereby verify that I have reviewed and confirmed that the CONTRACTOR carries Business Automobile Liability insurance, as required by this Agreement, including the relevant provisions applicable to all required insurance:

Self-Insured Retention: Amount: \$		
Policy Limit: \$		
	to	
Insurance Carrier Name:		
Insurance Broker/Agent or Officer or Risk M	anager – Print Name:	
Insurance Broker/Agent or Officer or Risk M	anager's Signature:	

#### IV. Professional Liability (also known as Errors and Omissions) Insurance Coverage

- A. The insurance requirements under this Agreement shall be the greater of (1) the minimum coverage and limits specified in this Agreement; or (2) the broader coverage and maximum limits of coverage of any insurance policies or proceeds available to the Named Insured. It is agreed that these insurance requirements shall not in any way act to reduce coverage that is broader or that includes higher limits than the minimums required herein. No representation is made that the minimum insurance requirements of this Agreement are sufficient to cover the obligations of the CONTRACTOR.
- B. Minimum Requirements: Professional Liability Insurance with minimum limits as follows:

Each Claim: \$2,000,000 Aggregate Limit: \$2,000,000

If Coverage is written on a claims-made form, the following shall apply:

- 1. The retroactive date must be shown and must be before the date of the Agreement or the beginning of the Services.
- 2. Insurance must be maintained, and evidence of insurance must be provided for a minimum of three (3) years after completion of the Services.
- 3. If claims-made coverage is canceled or non-renewed, and not replaced with another claims-made policies form with a retroactive date prior to the effective date of the Agreement, CONTRACTOR must purchase an extended reporting period for a minimum of three (3) years after completion of the Services.

C. Insurance shall include prior acts coverage sufficient to cover the services under this Agreement.

#### Verification of Professional Liability (Errors and Omissions) Insurance Coverage

As the CONTRACTOR'S Insurance Broker/Agent, Officer, or Risk Manager, I hereby verify that I have reviewed and confirmed that the CONTRACTOR carries Professional Liability insurance as required by this Agreement, including the relevant provisions applicable to all required insurance.

Self-Insured Retention: Amount: \$
Policy Limit: \$
Policy Number:
Policy Period: fromto
Insurance Carrier Name:
Insurance Broker/Agent or Officer or Risk Manager- Print Name:
Insurance Broker/Agent or Officer or Risk Manager's Signature:

#### V. Excess and/or Umbrella Liability Insurance Coverage (Optional – See Paragraph A below)

- A. The insurance requirements set forth above may be satisfied by a combination of primary and excess or umbrella policies. Where excess or umbrella policies are used the following shall apply:
- B. CONTRACTOR's insurance shall be primary, and any insurance or self-insurance procured or maintained by the DISTRICT shall not be required to contribute to it.
- C. The insurance requirements under this Agreement shall be the greater of (1) the minimum coverage and limits specified in this Agreement; or (2) the broader coverage and maximum limits of coverage of any insurance policies or proceeds available to the Named Insured. It is agreed that these insurance requirements shall not in any way act to reduce coverage that is broader or that includes higher limits than the minimums required herein. No representation is made that the minimum insurance requirements of this Agreement are sufficient to cover the obligations of the CONTRACTOR.
- D. Minimum Requirements: It is expressly understood by the parties that CONTRACTOR's Excess and/or Umbrella Liability policies shall, at minimum, comply with all insurance requirements set forth within this Agreement, and shall be at least as broad as coverage required of the underlying policies required herein.
  - 1. Coverage for Products, Completed Operations, and Ongoing Operations must be included in the insurance policies and shall not contain any "prior work" coverage limitation or exclusion applicable to any Services performed under this Agreement and, if it is a claims-made policy, it must be maintained for a minimum of three (3) years following final completion of the Services.
  - 2. There will be no exclusion for explosions, collapse, or underground damage (XCU).
  - 3. Insurance policies and Additional Insured Endorsements shall not exclude coverage for liability and damages from services performed by contractor/subcontractor on CONTRACTOR's behalf.

- 4. Contractual liability coverage shall be included and shall not limit, by any modification or endorsement, coverage for liabilities assumed by CONTRACTOR under this Agreement as an "insured contract."
- 5. Independent Contractor's Liability shall not limit coverage for liability and/or damage arising out of, pertaining to, or in any way related to Services provided under this Agreement.
- 6. To the fullest extent permitted by law, the DISTRICT, its directors, officers, officials, agents, volunteers, and employees must be covered as Additional Insureds on a primary and noncontributory basis on all excess and umbrella policies. The Additional Insureds must be covered for liability arising in whole or in part from any premises, Products, Ongoing Operations, and Completed Operations by or on behalf of CONTRACTOR, in any way related to Services performed under this Agreement.
- 7. A severability of interest provision must apply for all the Additional Insureds, ensuring that the CONTRACTOR's insurance shall apply separately to each insured against whom a claim is made or suit is brought, except with respect to the policy's limits.
- 8. CONTRACTOR and its excess and/or umbrella Liability insurance coverage must waive any rights of subrogation against the DISTRICT, its directors, officers, officials, employees, agents, and volunteers, and CONTRACTOR shall defend and pay any damages as a result of failure to provide the waiver of subrogation from the insurance carrier(s).

#### Verification of Excess and/or Umbrella Liability Insurance Coverage

As the CONTRACTOR'S Insurance Broker/Agent, Officer, or Risk Manager, I hereby verify that I have reviewed and confirmed that the CONTRACTOR carries Excess and/or Umbrella Liability insurance, as required by this Agreement, including the relevant provisions applicable to all required insurance.

#### **EXHIBIT C**

#### PUBLIC RECORD ACT EXCLUSIONS

### INFORMATION TECHNOLOGY SECURITY INFORMATION TO BE EXCLUDED FROM PUBLIC RECORDS ACT REQUESTS

EBMUD is required to respond to California Public Records Act (CA PRA) requests. Request for Proposals (RFP) are subject to CA PRA requests. If you are submitting sensitive security information about your products or services as part of your response to an RFP for software services, you must submit it as part of Exhibit F for it to be categorized as exempt from CA PRA requests. Any information submitted outside of Exhibit F may be released in response to a CA PRA request.

If you are submitting any information as an attachment, be sure to add the phrase EXHIBIT E to the title and/or filename.

# **EXHIBIT D**

DRAFT HRIS REPLACEMENT PROJECT RFP

# **EXHIBIT D1**

FUNCTIONAL AND TECHNICAL REQUIREMENTS

# **EXHIBIT D2**

**TECHNICAL & NON-FUNCTIONAL REQUIREMENTS** 

# REQUEST FOR PROPOSAL (RFP) TEMPLATE

WHEN TO USE THIS TEMPLATE			
Selecting professional or general service providers in an amount <b>above \$80,000</b>	Use this RFP template  Note: If the services require materials that are projected to be in excess of \$80,000, contact the Purchasing Division at 510-287-0454		
Selecting professional or general service providers in an amount <b>under \$80,000</b>	Use this RFP template <u>or</u> the standard informal RFP format typically used by your Department		
WHEN NOT TO USE THIS TEMPLATE			
Materials or supplies above \$80,000	Contact the Purchasing Division to conduct a formal bid process per Procedure 452		
Materials or supplies under \$80,000	Refer to the <u>Procurement Procedures</u> <u>Overview Chart</u>		

# **INSTRUCTIONS**

Begin each process with this document from this location only. **DO NOT prepare new RFPs from any previously issued document or draft.** This document has been reviewed and approved by the Office of General Counsel and is revised from time to time as noted in the revision tracker below. For additional information and to download copies of any of the ancillary documents noted in this template, please see the Purchasing web-link.

#### **Union Notification**

Per Procedure 451, some RFP's may require Union notification in cases where the work has the potential to be performed by District forces. In most cases, the Union(s) should be notified prior to the release of an RFP. Further information on the notification process can be found here.

# **Engineering Consultant Contracts and Engineering Consultant Roster (ECR)**

Per Procedure 429 and 451, for specific engineering consultant contracts up to \$750,000, project managers shall use the Engineering Consultant Roster established by the Contract Equity Office, along with the Engineering Consultant Roster Guidelines. These documents can be found <a href="https://example.com/here">here</a>. If, for any reason, you plan to use a consultant

REV • 3/20/24 INSTRUCTIONS

who is not on the roster for a project of \$750K or lower, you must obtain a waiver from the Contract Equity Office prior to proceeding with a proposal process or award. In general, if a consultant RFP is estimated to be

- Less than \$750,000:
  - It is required to use the Engineering Consultant Roster (unless you receive a waiver from the Contract Equity Program (CEP) office)
  - Send the RFP in pdf format to the consultants selected from the ECR
  - The contract is only available to the select consultants and no web posting is needed
- More than \$750,000:
  - You have the option to solicit bids from consultants on the ECR, plus other consultants that are not on the ECR
  - Web posting is recommended to maximize the bid pool, contact your Department web author for web posting.

\*\*\*If the ECR is being used, you do not have to post the RFP to the external website.

#### Agreements

If a General Services Agreement or Consulting and Professional Services Agreement will accompany the award of this RFP, please consult with the Office of General Counsel regarding your contract documents prior to your beginning to draft the BD-1. OGC must review any contracts or agreements which will be awarded by the BOD and without this preliminary review your BD-1 may require additional time to allow OGC's review of the contract documents at the time of BD-1 submission.

#### <u>Legend</u>

<mark>red text</mark>	A find and replace should be executed to ensure conformity throughout
<b>highlighted</b>	the document. Once completed, highlights can be removed, and font color
<mark>in yellow</mark>	changed to black.
	Denotes instructions, verbiage to be modified, or other areas in need of
	consideration which are meant to assist you in the development of the RFP
white text	document. All instructional text is to be removed prior to issuing.
highlighted	Modifications to template language, other than where noted (i.e., "
<mark>in red</mark> or	modify, delete, or use as is required or red text") should be approved by
red text	the Purchasing Division. As necessary, Purchasing will verify acceptance of
	changes with the Office of General Counsel.

# **Prior to Posting and/or Releasing**

Be sure your RFP has a title and a number in all required locations. Numbers can be created individually. One example is your dept name and the sequential number and year such as "Plant Maintenance and Care PUR-0123" for the first Purchasing RFP of 2023. This helps identify when Purchasing receives inquires, etc.

REV • 3/20/24 INSTRUCTIONS

**Drafters:** Gain appropriate approvals on final draft from your Division/Department management and send a draft to both **CEP and Risk Management**. Note that CEP shall be invited to site-walks and pre-proposals meetings. If you are unfamiliar with your departmental approvals chain, please ask your supervisor or manager about requirements.

#### **Posting to EBMUD.com**

Drafters of RFPs are to use the web-author assigned to their department for posting to the <u>external RFP webpage</u>.

#### Find your web-author

You can find the web-author for your department <a href="here">here</a>. To sort the web-authors, click "Download data table" at the top of the page (screenshot 1 below). Once the Excel document has been downloaded, use your cursor to select "column N", select "Sort & Filter", and select "Sort A to Z" (screenshot 2 below).

#### Add a web-author

If you need to add a new web-author, please make this supervisor-approved request by sending an email to: <a href="webmaster@ebmud.com">webmaster@ebmud.com</a>.

#### Instructions on posting to ebmud.com

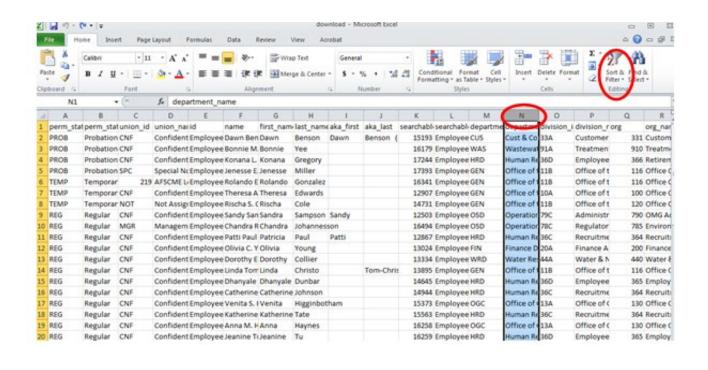

Web-authors need to log in, select "Help" at the top and select "RFP Mailing template". This will take you to the instruction page. Follow the steps listed at the bottom of the page (screenshot 3 below). If you need further help, please email webmaster@ebmud.com.

# RFP SCORING CRITERIA AND INSTRUCTIONS

Unless circumstances exist, which create a need for an alternate scoring and evaluation process, proposals should be evaluated in the following manner:

Proposals will be evaluated and scored by a Selection Committee. The Selection Committee may be composed of District staff and other parties that have expertise or experience in this type of procurement.

\*\*\*IMPORTANT\*\*\*Prior to final Proposal submission date, the individual(s) managing the Proposal process shall determine the weighting scale for each criterion in the Evaluation Criteria section of this document. The total weight for all sections combined should equal 100.

The Evaluation Criteria (page 2 of this section), and the Evaluation Criteria section of the RFP, should be customized and descriptions altered or added for each new procurement process. Other than the Contract Equity Compliance, which is required, all of the other sections are flexible. For instance, not all of the nine areas (A. through I.) are required for each proposal. For example, you may choose not to have an oral presentation/interview or may decide that an implementation plan is not necessary. Alternately, the subjects may be changed, and you may decide to add something such as "Thoroughness of Laboratory Analysis Plan".

Proposals will be evaluated according to each of the Evaluation Criteria and may be scored according to the zero to five-point scale outlined below. Scores must be noted and justified, in writing, on the Evaluation Worksheet (pages 3- 4 of this document). Each Selection Committee member must fill out an evaluation worksheet for each of the Proposal Responses which she/he evaluates and scores.

If deemed necessary, the evaluation process may include a two-stage approach where an initial evaluation of the proposals is conducted and a shortlist of only the highest ranked proposals will continue to the final Proposal review stages. The final review may consist of an additional comprehensive review of the Proposal submittal materials, an oral presentation/interview, reference checks, etc.

The zero to five-point scale range is defined as follows:

0	Not Acceptable	Non-responsive, fails to meet RFP specification. The approach has no probability of success. If a mandatory requirement this score will result in disqualification of PROPOSAL.
1	Poor	Below average, falls short of expectations, is substandard to that which is the average or expected norm, has a low probability of success in achieving objectives per RFP.
2	Fair	Has a reasonable probability of success; however, some objectives may not be met.

3	Average	Acceptable, achieves all objectives in a reasonable fashion per RFP specification. This will be the baseline score for each item with adjustments based on interpretation of PROPOSAL by Selection Committee members.
I Anove Average / I ' ' ' ' '		Very good probability of success, better than that which is average or expected as the norm. Achieves all objectives per RFP requirements and expectations.
5	Excellent / Exceptional	Exceeds expectations, very innovative, clearly superior to that which is average or expected as the norm. Excellent probability of success in achieving all objectives and meeting RFP specification.

	Evaluation Criteria	Points Possible
	**The end user determines appropriate criteria for her/his project. The below are examples of typical headings/criteria. Please modify and or tailor the below as well as the full descriptions of evaluation criteria in Section III, B of the RFP**	(must total 100)

EXHIBIT F – INFORMATION TECHNOLOGY SECURITY INFORMATION TO BE EXCLUDED FROM PUBLIC RECORDS ACT REQUESTS (use as required or delete – see Exhibit F for additional information)

Add additional EXHIBIT(s) as necessary

## I. GENERAL INFORMATION

#### A. OVERVIEW OF THE EAST BAY MUNICIPAL UTILITY DISTRICT

East Bay Municipal Utility District (the District) supplies water and provides wastewater treatment for parts of Alameda and Contra Costa counties on the eastern side of San Francisco Bay in Northern California. Approximately 1.4 million customers are served by the District's water system in a 332-square-mile area extending from Crockett on the north, southward to San Lorenzo (encompassing the major cities of Oakland and Berkeley), eastward from San Francisco Bay to Walnut Creek, and south through the San Ramon Valley. The wastewater system serves approximately 740,000 customers in an 88-square-mile area of Alameda and Contra Costa counties along the Bay's east shore, extending from Richmond on the north, southward to Oakland.

The District is a publicly owned utility formed under the Municipal Utility District Act passed by the California Legislature in 1921. The District has a seven-member Board of Directors publicly elected from wards within the District's service area. The Board of Directors and management believe that the District has a public responsibility to preserve the region's resources and set industry standards for the way water and wastewater utilities conduct themselves. The District is a customer-oriented and environmentally sensitive public agency, firmly committed to serving people and the environment.

## B. CURRENT STATE

The District is seeking to replace its current human resources information system (HRIS), payroll, and timekeeping systems as phase one. This will be followed by phase two, during which further HR functionality will be implemented. The new HCM and payroll systems will interface with our new Pension system.

#### HRIS System

The District currently uses PeopleSoft 8.8 HRMS which was originally installed in 1999. This is being supported by internal District staff for functional changes and is kept tax compliant through a third-party service. The current system is an integrated, on-premises system that manages data for employee information, position management, payroll, and the District's pension plans.

#### **Timekeeping**

The District's Electronic Timekeeping System (ETS) is a heavily customized application supporting the capture of worked and non-worked time for all employees. This time data is fed to the payroll system to process payroll.

ETS requires integration with numerous District enterprise applications including asset management, work order systems, and projects.

#### <u>Payroll</u>

The District uses PeopleSoft to process payrolls for employees, retirees and their survivors, and members of the Board of Directors.

The Payroll group consists of four full-time employees who are responsible for administering pay processing for the District. Payroll staff are also responsible for pay adjustments, employee receivables, employee reimbursements, and garnishments. They support retirement pay processes, managing ACH requirements, processing employee income tax withholdings, administering state and federal regulatory filings, and tax reporting.

#### **Benefits**

Benefits administration has been outsourced to a third-party administrator (TPA) that provides participants with a self-service portal. Benefits enrollment and changes for employees and retirees are performed using this portal. Earnings and deduction files from the TPA are interfaced into the current PeopleSoft system for Payroll processing.

# C. <u>STATISTICS</u>

#### **HRIS Statistics**

Metric	Current	Future State
Employee Population (EBMUD)	1,960 (2,100 W2 Issued in FY2019)	Stable
Retirement Population (EBMUDERS)	1,900 Retirees 250 Survivor/Dependent/QDRO Payees 300 Terminated Vested Employees	Growing
Non-Employee Population	Current Application Support: 7 Board members 1,300 contractors* 50 COBRA participants* <150 interns (non-payroll)*  *Currently not resident in HRIS	Creation of basic identity management for non- employees within the new HCM platform for purposes of planning and reporting
Human Resource Department Staff	39 Full-Time Staff, 1 Temp, 5 LT/TC	
Jurisdiction	California, Public Sector	California, Public Sector
Physical Locations	39 staffed locations	39 staffed locations
Companies	Two companies: EBMUD and EBMUDERS (Retirement Plan)	No change anticipated

Metric	Current	Future State
Representation	93% of the workforce is unionized across 4 bargaining units. Exempt employees structured based on classification	No change anticipated
Hierarchy	The District is organized as a complex, informal, matrixed organizational structure	See Organization  Management section (Combinations of Position management, funding, and organizational hierarchy)
	Water & Wastewater departments act as Strategic Business Units and share a separately organized Administration unit	
Languages Pay Approach	Application support is English only Positive pay with custom time capture	Desired multi-lingual support Positive pay with a delivered solution offering rich functionality and integration capabilities
Dashboard Approach	None	Flexible, template based, analytics focused and configurable. Ability to distribute dashboards to all levels of the organization.
Portal Approach	Splashpad (intranet)	Navigation to HCM and our Pension system functionality through the District Intranet.
	NeoGov Onboarding only	Desired broad based self- service feature
Document Management	Manual - multiple non-integrated formats, e.g., paper, fiche, thick client OnBase, DOCS (internal document system) and TPA case manager (benefits)	Ability to either provide document management features within the platform or integrate with third-party document management platform.
Workflow Queue Management	Not Applicable	Desired. Integrated with a dashboard for an individual to quickly initiate the transaction needed on the Dashboard.
Online Customization	Development based	Configuration-based
Pay Frequency	Bi-weekly and monthly	Future - weekly, bi-monthly, semi-monthly, monthly

Metric	Current	Future State
Workflow Scope	None	Desired
Effective Date	Acts as a key in most transactional and District level control tables	Continue to be able to record, process against and report transactional and control table history. Creation of a history record to allow for point-in-time reporting at both the organizational and individual level. Allow for future dated transactions to be input.

# Payroll Statistics

Board Member advice statements	7	Monthly	Printed in-house
Garnishments and other deduction checks	40	Bi-weekly	Printed in-house
W-2's	1900	Annually	Printed in-house
1099-R's	2100	Annually	Printed in-house

#### D. FUTURE STATE

This section describes desired functionality to be proposed as part of this RFP process.

## **General Functional Framework**

#### **Compliance**

The District operates in a highly regulated environment and seeks to mitigate all sources of compliance-related liability. We look to the proposer to support ongoing compliance needs and to provide all required reporting and filings.

#### Workflow

The District seeks to leverage workflows for initiating and completing transactional processes using feedback loops that include notifications and statuses. The workflow engine should bring relevant information to employees creating transactional work, such as notification of documents requiring review or productivity tools to help explain a process.

#### **Document Management**

The District is currently very paper-based and uses OnBase for most of its HR document management. Many current forms contain both pension and HCM/Payroll information, requiring access to the same form by multiple parties.

An open API for file transactions is desired for solutions providing document repositories to allow access from other applications. If the proposed solution does not provide these capabilities, then providing integration with a third-party document management system like OnBase is acceptable.

#### **Effective Dates**

The platform must support retroactive, current, and future dating of transactions, data, business rules, and control information. It should identify impacts to current processing for past changes, and allow future information to be posted later when the effective date is active. This allows for processing to occur when information is available without needing to hold information until processes can be executed.

# Dashboards, Analytics, and Reporting

The District recognizes that information is being captured throughout our processes. We expect the proposer's solution to ensure the quality and accuracy of this information for reporting and analytics.

The solution must provide access to all information contained within the platform for purpose of analysis using standard reports, custom reports, and ad-hoc reporting tools. We also expect the platform to support dashboards allowing staff to monitor metrics of the business unit they support.

#### Technical

The District believes that HCM self-service functions should be mobile enabled for ease of data entry so that candidates, employees, retirees, and managers can access all self-service functionality seamlessly, regardless of device.

The District wishes to protect its data, especially PII data, from unauthorized external access. In order to protect its data, the District IT Security staff should have the ability to limit external access to functions or use of roles by defining IP White Lists.

Configuration tools included with the proposed solution should enable District staff to customize and create things like workflow, reporting, queries, screen changes, forms, etc., without the need for proposer support.

#### Security

Role based security is required across all dimensions of the HCM functions. The roles may change through position or unit and should be controlled via effective dates. We require multiple roles, both internal and external to the organization, that should allow

appropriate access to validated users and access partners including retirees, beneficiaries, trusts, executors, unions, actuaries, s. and others.

The District's intranet is used to guide employees to processes and systems that they use in the workplace. The District's website may also be the entry point for entry for self-service functions for other populations.

The District anticipates that active employees and possibly retirees, retiree beneficiaries, and terminated employees may access the HCM system after being authenticated. As such, the District will need to retain some terminated and retired employee information.

The proposed solution must provide a secure environment that meets modern cybersecurity practices as a critical requirement. The District's data is a key asset of the organization and is used in many ways within our business for transactions, analysis, and planning. We keep a significant amount of information for long periods and expect our proposers to adhere to our security protocols and to meet all applicable privacy laws and best practices for the devices accessing and using this data.

#### **Integration and Interfaces**

The District maintains many legacy systems and will need to extract data from the proposer's solution or interact directly with these systems to keep the current data flow intact. We will identify the systems requiring this data exchange and will use the proposer's tools to extract, format, and feed this data to District systems.

#### E. HCM – CORE FUNTIONALITY

The District considers replacing the functionality of its PeopleSoft HRMS, payroll, and timekeeping as this project's top priority. Implementation of other functionality is to follow the replacement of this core functionality.

We expect that the platform will accommodate specific District information needs for areas such as position classifications, assignments, union membership and other information needed to manage the workforce.

#### Pension

Pension administration is outside the scope of this RFP. However, there will be a need for the proposed solutions to interact with the District's pension system.

The District is implementing a pension administration system for retiree processing and is looking to the new HCM replacement solution to accurately track and store key information about active and terminated employees. This information is to be passed to

the pension administration system via an interface. This information includes service time, pensionable earnings, beneficiaries, benefits, and any adjustments or reissued payments to ensure synchronicity between the two systems. We expect that the HCM platform will be used to process pension benefits and payroll and to be the source of all compliance documents and filings.

#### Time and Labor

Employees submit timesheets for each pay period with hours worked along with billing codes, type of leave, and other District information at time of entry. The District relies on the time and labor (T&L) system to ensure all union rules are followed upon time entry and approval. We expect that T&L will be mobile-enabled and will provide warnings to both the employee and respective managers of any time entries that are not in line with District or union rules.

The District uses unique project codes that are subsequently tracked in our financial system. Proposed T&L solutions must use the same project codes and be synchronized with our financial system. The T&L solution must provide those project codes at time of time entry, be auto filled when possible, and allow multiple similar timesheets to be created by a manager for their unit or crew.

T&L currently captures field, work order, and equipment information for staff at job sites. The information on crew assignments, equipment used, and other factors regarding the job should be captured at the time of entry, if possible. This information is then passed to other District systems to be used for monitoring equipment usage.

Crews are often formed for a specific site and project number. The shift supervisor needs to be able to create crew timesheets from a template and approve them quickly and efficiently.

#### **Payroll**

Proposed payroll solutions must provide all payment processing needed and comply with all governmental regulations and required filings. Payment cycles will be dictated by the District.

All tax reporting and filings needed by the District for its employees and Board of Directors must be supported, and the system must provide information to the District's financial information systems via an interface for posting and reconciliation. We require an interface to our Pension platform to ensure all payment information resides in that platform, allowing for 1099-R processing by the pension platform. All reversals or payment changes must be recorded and flow to all systems needing the information for the change.

Earnings must be flexible in how they are calculated, which compensation attributes are associated (tax calculation, included in compensation categorizations like Pension), and distributed in separate or combined statements of earnings to the individual. The flexibility to define all the attributes of a pay type allows the District to oversee the payment to an individual based on several District factors.

Robust retroactive pay, including retroactive deduction processing, is required to support the frequent large scale retroactive compensation and benefits deductions resulting from labor negotiations.

#### **Position Management**

Position Management at the District is a complex process, starting with the biennial budget cycle where positions are allocated as either staffed or open and funded. Additional staffing changes may occur throughout the fiscal year as individuals move through position hierarchies and reporting relationships, work out of class, or through budgetary allocations or changes.

The platform must support circumstances that may trigger the creation of a new position, reclassification, inactivation, or transfer, and to account for these within the budget process and staffing report.

The attributes associated with positions determine items like signing authority and role within the District's processes, allowing for approvals, acknowledgements, and other processes requiring oversight. This impacts workflow processes for approval and notifications (See the Position Proc and Attributes tab in Exhibit D).

#### Organizational Management

Organizational management requirements at the District support interactions with departmental budgets, spans of control, reporting relationships, the formation of teams, and matrixed organizational structures such as crews. All HR transactions must show the current organizational levels for the relationship of the employee to the organizational structure. The system must have the ability to change reporting relationships at the transaction level to maintain the organizational integrity for workflows, authorizations, and organizational charts.

#### Leave Management

The selected platform must support the ability to request leave, vacation, sick time, etc., through a self-service function. The platform needs to support informational data about real-time leave of absence balances and to provide policy information to the employee to request the appropriate leave scenario. This self-service needs to support the approval process and provide notifications to enable timely review of any request.

Administration of leaves must provide individual, manager, and administrative communications through the length of the absence to ensure a timely and accurate

process. Necessary information should be provided to make decisions, such as reasonable accommodation, and provide management oversight of employees on leave and their current disposition, expected return, and allow for inclusion of the leave information when analyzing staffing, workspace, or scheduling scenarios.

Given the new regulations arising from the pandemic, we will look to our proposer to follow all legal and company leave provisions and to provide sufficient granularity on hours assigned to each type of leave, its accrual, and its usage. We expect to have significant self-service and analysis tools to recognize when an individual is nearing full usage of leave hours and provide notification, documentation, and subsequent actions to apply the correct resolution.

#### **Offboarding**

The District expects the proposer solution to incorporate workflows to notify the appropriate District staff of tasks such as termination of network access, collection of District equipment, and the provision of benefits such as COBRA.

We also expect the platform to conduct an exit survey or allow for an exit interview to assess the reasons for leaving. The District would like the ability to process either method at the discretion of the manager or HR.

#### **Benefits Administration**

It is the intention of the District to bring benefits administration in-house. Initially, we believe we may need to interact with our current benefits administrator, LifeWorks as we implement higher-priority items such as HCM, Payroll and Time & Labor.

Benefits administration should be an intuitive self-service environment, providing employees and retirees with information to make various benefit choices or make life event changes and to see the impact of various choices on their paycheck. Workflows should provide acknowledgements to the employee and relevant District staff upon submission.

Benefits administration should support health, life, disability, wellbeing, and financial offerings It should provide automation of plan participation, contributions, and information changes for beneficiaries to the plan carrier. It should also support processes that allow employees to process changes and claims through integration to our third-party carriers.

Benefits administration must provide plan carrier information regarding participation, changes, and any premiums charged on a timely basis to mitigate delays in plan participation, based on a schedule set by the District. Automated reconciliation processes for plan carrier invoices by the proposer or through a partner will be considered.

#### F. OPTIONAL SERVICES

The following services are desired and will be considered if they meet our requirements. These services would be implemented *after* HCM, Payroll, and Time & Labor.

#### Recruitment

The District currently uses NeoGov for Recruiting and Onboarding functions; this is not integrated with PeopleSoft 8.8.

We are considering integrated options to reach, source, select, and hire talent to our organization. We want the recruitment experience to be smooth and intuitive, with timely communication and information.

The proposed solution should incorporate various forms of assessment, diversity and inclusion processes, virtual testing, and to employ various forms of interview techniques such as video, scenario-based, and simulation. The solution should provide interviewers and panels with all necessary tools and information to conduct meaningful interviews with candidates.

The entire hiring process should be tracked through automation such that the hiring manager and senior management can view the progress across the District's hiring efforts.

We seek a proposer whose metrics can assist Recruitment to analyze and focus on the successful candidates, source and market to the correct audiences, and to deliver a highly satisfactory process to the candidate and the hiring manager.

#### **Onboarding**

Onboarding should be initiated upon acceptance of an employment agreement and provide guidance, information, and preparation for a new employee. Onboarding can be initiated at any point of the employee life cycle due to position and other changes.

Applicable information should be delivered in various formats in a progressive manner, and assistance in processing this information should be provided by the solution. District staff related to the hiring process should be notified about the new hire's progress.

Upon completion of initial onboarding, the District requires parameter-based checkpoints such as time in job, training progression, etc. Onboarding will notify the employee of upcoming actions and notify to the appropriate party in the organization of their participation or approval of those actions.

## Performance Management

The District provides annual job classification-based performance plans, developed by managers with the new hire, with ongoing milestones requiring notifications. The

District wishes to leverage more frequent check-ins, journal entries, and 360 performance assessments.

The District will be creating more robust career ladders for the workforce to assist in their personal and career development. The performance plans must tie in to Learning and Development to accomplish the balance of District performance goals and personal growth.

#### **Compensation Management**

The proposer's solution should be flexible and accommodate complex position and compensation structures. Many positions are governed by compensation step processes while others positions are eligible for pay for performance. The solution should provide compensation ranges or steps associated with positions and grades. The solution should provide tools, such as visibility into current compensation levels within the unit, so that managers can determine fair compensation levels. Compensation analysis is done within HR and is used during union negotiations when analyzing the impact of requested increases and compensation ranges.

# **Diversity & Inclusion**

The District has programs in place to promote and support our Diversity and Inclusion policies. The platform should fully support the need to securely store individual employee information and provide that information to authorized District users to assess and monitor our progress against our goals.

Where appropriate, our policies and goals need to be presented to supervisors and managers to help make decisions in hiring, compensation, and terminations through process aids, dashboards, and reports.

# **Learning and Development**

The District intends to optimize its workforce through opportunities for continuing learning. As such, the District provides access to content that is both external to the organization for compliance training as well as District-developed content for training at all levels of the organization.

The proposed solution should support both instructor-led and self-directed learning and track progress to allow for further job opportunities for the employee within the organization. District employees, with their managers, should be able to set development goals and measure progress toward those goals.

We expect our proposers to provide methods of assessing and tracking learning and expertise so that appropriate content can be delivered to the participant, limiting the training to relevant content.

#### Case Management

The District needs to track incidents related to Employee Relations, Emergency Operations, unions, COVID-19, and many other areas. These incidents have been resolved using a common pattern: identify, assign, research, document, and resolve.

As a result, we have placed these requirements into a category that we have termed Case Management, requiring a tool with the ability to capture specific information based on category and to provide incident tracking with an associated workflow based on the category and confidentiality of information. Users should have access to progress reports, incident rates, resolutions, and the ability to analyze the potential trends these incidents portray.

The information should be secure and accessible on dashboards for monitoring and analysis to approved roles within the District.

#### **Workforce Planning**

Workforce planning is a key business function of the District, HR, and business units. Analysis tools should allow for modelling of the workforce. The platform should support the ability to project future states of the organization, at the monthly, quarterly, and annual level, showing the new structure, composition, numbers of employees, and annualized salary, and a visual depiction of various staffing models of the District for future planning.

#### **Surveys and Communication**

The District would like to ability to survey or communicate with parts or all of its populations on a controlled basis. This is in support of surveying and tracking engagement or sentiment analysis.

The functionality must include the ability to develop user questions, provide multiple styles of answers for those questions, and collate that information for analysis and visual display. The functionality must include the distribution of a survey to all levels of the organization, from individual, at the lowest level, to companywide.

The information must be kept in a form that allows for trend data to be compiled to analyze over District defined time periods (weekly, monthly, quarterly, etc.). The analysis information should be able to be exported to all levels of management, via dashboards.

The information must not allow for an individual to be identified, providing total anonymity.

#### Digital Adoption and Change Management

The proposed platform should include tools that support and measure the adoption of the platform across its varied workforce. Digital adoption tools should include aids such as video and documents that assist a user in performing a function. These tools should be kept in place for new and infrequent users. These tools should accommodate all processes, whether proposer-supplied or customer configured.

These tools should be available across all devices the proposer supports, so they may be used wherever they are accessed. These tools should flexible enough to support complex processes involving multiple disparate systems. It should allow for searches in a knowledge base to accelerate resolution of a process question.

# II. STATEMENT OF WORK

# G. <u>SCOPE</u>

It is the intent of these specifications, terms, and conditions to describe the replacement of the District's existing HR, Payroll, Timekeeping, and other systems described in Part I, General Information, Sections E. HCM – Core Functionality and F., Optional Services.

East Bay Municipal Utility District (District) intends to award a 5-year contract with 5 options to renew for one-year terms to the Proposer(s) who best meets the District's requirements.

# H. PROPOSER QUALIFICATIONS MODIFY AS REQUIRED

#### 1. Proposer Minimum Qualifications

- a. Proposer, Proposer's principal, or Proposer's staff shall have been regularly engaged in the business of providing the services for which they are bidding for at least five (5) years.
- b. Proposer shall be a authorized provider of the services requested by the District within this RFP.
- c. Proposer shall possess all permits, licenses, and professional credentials necessary to perform services as specified under this RFP.

#### I. <u>SPECIFIC REQUIREMENTS</u>

Please find the specific functional requirements in a separate document entitled, "EXHIBIT D – FUNCTIONAL AND TECHNICAL REQUIREMENTS".

## III. CALENDAR OF EVENTS

EVENT	DATE
RFP Issued:	<date></date>
RFP Questions Due Date:	<date +="" 14=""></date>
RFP Answers Posting Date:	<date +="" 21=""></date>
Response Due:	<date (+14)="" +="" 30=""> by 4:30 p.m. PST</date>
Anticipated Contract Start Date:	<date></date>

**Note**: All dates are subject to change **by District**.

Proposers are responsible for reviewing <a href="https://www.ebmud.com/business-center/requests-proposal-rfps/">https://www.ebmud.com/business-center/requests-proposal-rfps/</a> for any published addenda. Hard copies of addenda will not be mailed out.

# IV. <u>DISTRICT PROCEDURES, TERMS, AND CONDITIONS</u>

## A. RFP ACCEPTANCE AND AWARD

- 1. RFP responses will be evaluated by the Selection Committee and will be scored and ranked in accordance with the RFP section entitled "Evaluation Criteria/Selection Committee."
- 2. The Selection Committee will recommend award to the Proposer who, in its opinion, has submitted the RFP response that best serves the overall interests of the District. Award may not necessarily be made to the Proposer with the lowest overall cost.
- 3. The District reserves the right to award to a single or to multiple General or Professional Service Providers, dependent upon what is in the best interest of the District.
- 4. The District has the right to decline to award this contract or any part of it for any reason.
- 5. Any specifications, terms, or conditions issued by the District, or those included in the Proposer's submission, in relation to this RFP, may be incorporated into any purchase order or contract that may be awarded as a result of this RFP.
- 6. Award of contract. The District reserves the right to reject any or all proposals, to accept one part of a proposal and reject the other, unless the proposer stipulates to the contrary, and to waive minor technical defects and administrative errors, as the interest of the District may require. Award will be made, or proposals rejected by the District as soon as possible after proposals have been opened.

# B. <u>EVALUATION CRITERIA/SELECTION COMMITTEE</u>

All proposals will be evaluated by an Evaluation Committee. The Evaluation Committee may be composed of District staff and other parties that have expertise or experience in this type of procurement. The Evaluation Committee will recommend a Proposer in accordance with the evaluation criteria set forth in this RFP. The evaluation of the RFP responses shall be within the sole judgment and discretion of the Evaluation Committee.

The Evaluation Committee will evaluate each RFP response meeting the qualification requirements set forth in this RFP. Proposer should bear in mind that any RFP response that is unrealistic in terms of the technical or schedule commitments, or unrealistically high or low in cost, will be deemed reflective of an inherent lack of technical competence or indicative of a failure to comprehend the complexity and risk of the District's requirements as set forth in this RFP.

The District intends to award a professional services contract to the Proposer who best meets the District's requirements. The District may award multiple proposers and may select to award portions of the requested functionality to individual proposers or proposers and their partners. If a proposer bids on several parts of the solution, the District reserves to right to award any or all parts of the solution.

The District recognizes that Proposers have varied and recommended approaches to implementation of their solutions. The District also recognizes that our resources, time, budget, and change management impact the implementation of a new Proposer solution. As such we are requesting that Proposers provide approaches to the following implementation scenarios, detailing associated costs, timeframes, resources required (both your provided implementation resources and your expectations for District resources throughout the project, specifying type of resource, percentage commitment, skillset anticipated), and any benefits or risks associated with the approach.

- Complete replacement of our PeopleSoft 8.8 functionality (HR recordkeeping, position management, organization management, and payroll) and our timekeeping functionality which we are calling this Core Functionality. Our Pension implementation is being coordinated with PeopleSoft in place to integrate with that platform, but we recognize that we will select a new platform and incorporate its functionality into the Pension platform as we phase out PeopleSoft.
- The functionality of your full solution through incremental delivery of the functions of Recruitment, Onboarding, Performance, Benefits, Learning Management, Case Management, remaining Self-service functions/workflow, and Digital Adoption tools, following the implementation of the functions listed in item 1.

3. If you are proposing a more singular functional solution (point solution), identify the information needed from an HCM platform to allow your solution to function well, how that imported information is integrated into your solution, the needed frequency of interaction with the HCM platform for that imported information, and your customers' current HCM platforms that are being integrated into your solution or any partnerships you may have in place with HCM vendors who perform the core functionality requested in item 1 above.

Proposed solutions will also be assessed to support the District's general functional and technical needs as outlined below:

- 1. Regulatory compliance and compliance reporting
- 2. Support of District Time and Labor rules/processes
- 3. Payroll for employees, Board of Directors, retirees, and beneficiaries of retirees
- 4. Recording earnings and taxation withholding history
- 5. Flexible workflow, notifications, and approvals
- 6. User-friendly reporting and query capabilities
- 7. Customizable dashboards and metrics
- 8. The ability to capture, categorize, and store of documents to complete a transactional process (i.e., W4, Driver's license) or an integration to a 3<sup>rd</sup> party Document Management platform. The transaction may need to keep a link to the stored document for quick review later
- 9. Consolidation, conversion, and retention of historical data from existing HRIS system, document management system (OnBase), our third-party benefits administrator, and other data sources
- 10. Ability to accept information for other systems and transmit HR information to other District used systems
- 11. Security compliance.

RFP responses will be evaluated and scored according to the Evaluation Criteria below and scored according to a zero to five-point scale. The scores for all Evaluation Criteria will then be added to arrive at a weighted score for each RFP response. An RFP response with a high weighted total will be ranked higher than one with a lesser-weighted total.

The Evaluation Criteria are as follows:

	Evaluation Criteria
A.	RFP Formatting Criteria
	Adherence to the formatting guidelines in this RFP. This baseline will allow
	for a fair evaluation of RFP responses.
В.	Functional Criteria

An evaluation will be made of the extent to which the proposed solution addresses all functional requirements as stated in Attachment D.

Proposers addressing all must-have requirements of the functionality being bid on will be evaluated more favorably than those meeting fewer must-have requirements.

Proposers addressing more nice-to-have requirements will be evaluated more favorably, to a lesser extent than addressing must-have requirements.

#### C. Technical Criteria

An evaluation will be made of the extent to which the proposed solution addresses all non-functional requirements as stated in Attachment D. Some points are highlighted below:

- 1. System Security / Authentication A comparison will be made of the proposed replacement systems, and an evaluation will be made of the design and comprehensive integration of security concepts.
- 2. System Usability An evaluation will be made of features of the proposed solution that offer enhanced utility, ease of use, reliable performance, and application stability.
- 3. Software Interfaces An evaluation will be made of the ease of developing and maintaining industry standard interfaces to existing and new systems as well as the software's flexibility to accommodate future integrations.
- 4. Data Management An assessment will be made of how the solution addresses the District data management goals.
- 5. Business Continuity / Disaster Recovery An assessment will be made of the scope and extent of the plans.
- 6. Implementation Plan and Schedule An assessment will be made of the completeness and comprehensiveness of the plan and schedule.
- 7. System Design A comparison will be made of the proposed solutions. Additional consideration will be given for features of the proposed design that offer enhanced utility, customer configuration without proposer support, ease of use, or ease of integration with existing District systems.
- 8. Software Design and Development The evaluation will compare the proposed software capabilities with the requirements of this RFP in terms of the software's compatibility with existing management and data processing systems.
- 9. Life-Cycle Support An assessment will be made of the scope and extent of resources required to operate and maintain the proposed solutions.

10. Ancillary Services - A comparison will be made of the proposed services with the requirements of this RFP. Consideration will be given for convenience, responsiveness, and technical expertise in support of the District's goals outlined in this RFP.

Providing specific solution to RFP requirements through a partner of the primary proposer will be regarded as an integrated response to our RFP provided the proposer and partner can demonstrate full integration of functionality.

#### D. Cost

Consideration of price in terms of overall affordability may be controlling in circumstances where two or more RFP responses are otherwise judged to be equal, or when a superior RFP response is at a price that the District cannot afford.

- 1. **Reasonableness** (i.e., does the proposed pricing accurately reflect the Proposer's effort to meet requirements and objectives?)
- 2. **Realism** (i.e., is the proposed cost appropriate to the nature of the products and services to be provided?)
- 3. **Affordability** (i.e., the ability of the District to finance this project)

# E. Implementation Plan and Schedule:

An evaluation will be made of the likelihood that the Proposer's implementation plan, number of functional and technical resources required by the District, approach, success metrics, and schedule will meet the District's requirements. Consideration will be given for the identification of and planning for mitigation of schedule risks which the Proposer believes may adversely affect any portion of the District's schedule.

Minimal components to be included in the implementation plan are training plan, comprehensive integration and user acceptance test plan, business process reengineering tasks, major implementation milestones and project governance strategy.

#### F. Relevant Experience:

RFP responses will be evaluated against the RFP specifications and the questions below:

- 1. Do the individuals assigned to the project have experience on similar projects?
- 2. Are resumes complete and do they demonstrate backgrounds that would be desirable for individuals engaged in the work the project requires?
- 3. How extensive is the applicable education and experience of the personnel designated to work on the project?

# G. References (See Exhibit A – RFP Response Packet)

References will be evaluated against the questions below:

- 1. To what extent does the referred client use the services proposed?
- 2. How closely does the referred client match the District in terms of size and industry?
- 3. References for partners included in the response must also be included.

#### H. Product Demonstration

Shortlisted proposers will be asked to provide a product demonstration scripted by the District so that the evaluation committee and other stakeholders may see the product and ask questions. If a partner is proposed to fulfill the needs from the RFP Requirements document, then that partner must be included in the demonstration, so that the evaluation committee may view and assess the total solution proposed.

#### I. Understanding of the Project:

RFP responses will be evaluated against the RFP specifications and the questions below:

- 1. Has the Proposer demonstrated a thorough understanding of the purpose and scope of the project?
- 2. Has the Proposer demonstrated a thorough understanding of the requirements and is prepared to respond, in detail, regarding their ability to meet the needs of the District?
- 3. How well has the Proposer identified pertinent issues and potential problems related to the project?
- 4. Has the Proposer demonstrated that it understands the deliverables the District expects it to provide?
- 5. Has the Proposer demonstrated that it understands the District's schedule and can meet it?

# J. Methodology:

RFP responses will be evaluated against the RFP specifications and the questions below:

- 1. Does the methodology depict a logical approach to fulfilling the requirements of the RFP?
- 2. Does the methodology match and contribute to achieving the objectives set out in the RFP?
- 3. Does the methodology interface with the District's time schedule?

# C. PRICING

1. Prices quoted shall be firm for the first twelve months of any contract that may be awarded pursuant to this RFP. Prices quoted must include any partner's software or services and are bound by the same stipulations as the primary proposer.

- 2. All prices quoted shall be in United States dollars.
- 3. Price quotes shall include all payment incentives available to the District.
- 4. Proposers are advised that in the evaluation of cost, if applicable, it will be assumed that the unit price quoted is correct in the case of a discrepancy between the unit price and extended price.
- 5. Identify all costs by completing attachment entitled, "EXHIBIT G PRICING WORKSHEET". In the event that a portion of the Proposer solution is awarded, clarify how pricing would be impacted for the solution.

#### D. NOTICE OF INTENT TO AWARD AND PROTESTS

At the conclusion of the RFP response evaluation process, all entities who submitted a proposal package will be notified in writing by e-mail or USPS mail with the name of the Proposer being recommended for contract award. The document providing this notification is the Notice of Intent to Award.

Negotiations for a IT Services Agreement with a "not to exceed" contract price (for time and expenses) will be scheduled shortly after the Notice of Intent to Award. If an Agreement cannot be achieved, the District will proceed to negotiate with the next highest ranked Proposer.

Protests must be in writing and must be received no later than seven (7) workdays after the District issues the Notice of Intent to Award. The District will reject the protest as untimely if it is received after this specified time frame. Protests will be accepted from proposers or potential proposers only.

If the protest is mailed and not received by the District, the protesting party bears the burden of proof to submit evidence (e.g., certified mail receipt) that the protest was sent in a timely manner so that it would be received by the District within the RFP protest period.

Proposal protests must contain a detailed and complete written statement describing the reason(s) for protest. The protest must include the name and/or number of the proposal, the name of the firm protesting, and include a name, telephone number, email address and physical address of the protester. If a firm is representing the protester, they shall include their contact information in addition to that of the protesting firm.

Protests must be mailed, hand delivered, or emailed to the Manager of Purchasing, Mailstop 102, East Bay Municipal Utility District, 1010 Franklin St., Oakland, CA 94607 or P.O. Box 24055, Oakland, California 94623. Facsimile and electronic mail protests

must be followed by a mailed or hand delivered identical copy of the protest and must arrive within the seven workday time limit. Any proposal protest filed with any other District office shall be forwarded immediately to the Manager of Purchasing.

In the event that the protest is denied, the protester can appeal the determination to the requesting organization's Department Director. The appeal must be submitted to the Department Director no later than five workdays from the date which the protest determination was transmitted by the District, to the protesting party. The appeal shall focus on the points raised in the original protest, and no new points shall be raised in the appeal.

Such an appeal must be made in writing and must include all grounds for the appeal and copies of the original protest and the District's response. The proposal protester must also send the Purchasing Division a copy of all materials sent to the Department Director.

The Department Director will make a determination of the appeal and respond to the protester by certified mail in a timely manner. If the appeal is denied, the letter will include the date, time, and location of the Board of Directors meeting at which staff will make a recommendation for award and inform the protester it may request to address the Board of Directors at that meeting.

The District may transmit copies of the protest and any attached documentation to all other parties who may be affected by the outcome of the protest. The decision of the District as to the validity of any protest is final. This District's final decision will be transmitted to all affected parties in a timely manner.

#### E. WARRANTY

1. Proposer expressly warrants that all goods and services to be furnished pursuant to any contract awarded it arising from the Proposal will conform to the descriptions and specifications contained herein and in supplier catalogs, product brochures, and other representations, depictions, or models, and will be free from defects, of merchantable quality, good material, and workmanship. Proposer expressly warrants that all goods and services to be furnished pursuant to such award will be fit and sufficient for the purpose(s) intended. This warranty shall survive any inspections, delivery, acceptance, payment, or contract termination for any reason, by the District. Proposer warrants that all work and services furnished hereunder shall be guaranteed for a period of five years from the date of acceptance by the District.

#### F. INVOICING

- 1. Following the Districts acceptance of product(s) meeting all specified requirements, and/or the complete and satisfactory performance of services, the District will render payment within thirty (30) days of receipt of a correct invoice.
- 2. The District will notify the General or Professional Service Provider of any invoice adjustments required.
- 3. Invoices shall contain, at a minimum, District purchase order number, invoice number, remit to address, and itemized services description.
- 4. The District will pay General or Professional Service Provider in an amount not to exceed the negotiated amount(s) which will be referenced in the agreement signed by both parties.

# V. RFP RESPONSE SUBMITTAL INSTRUCTIONS AND INFORMATION

# A. <u>DISTRICT CONTACTS</u>

All contact during the competitive process is to be through the contact listed on the first page of this RFP. The following persons are to be contacted only for the purposes specified below:

FOR INFORMATION REGARDING TECHNICAL SPECIFICATIONS:

Attn: Adam Froio, Project Manager EBMUD-Project Management Office E-Mail: adam.froio@ebmud.com

PHONE: (510) 287-0686

FOR INFORMATION ON THE CONTRACT EQUITY PROGRAM:

Attn: Contract Equity Office PHONE: (510) 287-0114

AFTER AWARD:

Attn: Adam Froio, Project Manager EBMUD-Project Management Office E-Mail: adam.froio@ebmud.com

PHONE: (510) 287-0686

## B. <u>SUBMITTAL OF RFP RESPONSE</u>

- 1. At this time, no hardcopy proposals will be accepted. Proposals may be submitted by either of the following two methods:
  - a. Emailed to the Project Manager at <a href="mailed-english">adam.froio@ebmud.com</a>.

The District's email system has limitations on attachment size. Ensure your response is less than 25 megabytes. If the file exceeds the limit, you will need to send multiple emails. Proposers are solely responsible for ensuring timely delivery of the proposals. The District shall not be responsible for any issues related to transfer of files through email.

OR

- b. Uploaded to the District's Microsoft OneDrive repository. Please contact the District Project Manager at <a href="mailto:adam.froio@ebmud.com">adam.froio@ebmud.com</a> to gain access to the OneDrive repository. Uploaded responses and all attachments are to be zipped and named according to Proposer company name, e.g.:

  Proposer Company Name RFP Response.zip.
- 2. Proposers will receive email confirmation of receipt of responses and all attachments. If you have not received confirmation within three days, please contact the Project Manager at <a href="mailto:adam.froio@ebmud.com">adam.froio@ebmud.com</a> or (510) 287-0686.
- 3. Late responses will not be accepted.
- 4. All costs required for the preparation and submission of an RFP response shall be borne by the Proposer.
- 5. California Government Code Section 4552: In submitting an RFP response to a public purchasing body, the Proposer offers and agrees that if the RFP response is accepted, it will assign to the purchasing body all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Sec. 15) or under the Cartwright Act (Chapter 2, commencing with Section 16700, of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, materials, or services by the Proposer for sale to the purchasing body pursuant to the RFP response. Such assignment shall be made

- and become effective at the time the purchasing body tenders final payment to the Proposer.
- 6. Proposer expressly acknowledges that it is aware that if a false claim is knowingly submitted (as the terms "claim" and "knowingly" are defined in the California False Claims Act, Cal. Gov. Code, §12650 et seq.), the District will be entitled to civil remedies set forth in the California False Claim Act.
- 7. The RFP response shall remain open to acceptance and is irrevocable for a period of one hundred eighty (180) days, unless otherwise specified in the RFP documents.
- 8. It is understood that the District reserves the right to reject any or all RFP responses.

### C. <u>RESPONSE FORMAT</u>

- 1. Proposers shall not modify the existing text for any part of Exhibits A, B, C, D, E, or F or qualify their RFP responses. Proposers shall not submit to the District a re-typed or otherwise re-created version of these documents or any other District-provided document.
- 2. Responses are to be submitted in Portable Document Format (PDF) except for Exhibits D and G, which should be submitted in Microsoft Excel format (.xls or .xlsx). No attachments are to be embedded within any exhibits other than Exhibit J. Please place all attachments in Exhibit J, labelled specifically as to any requirement number(s) that the attachment may support. Responses and all attachments are to be zipped and named according to proposer's company name, e.g.: Proposer Company Name RFP Response.zip.
- 3. Proposers shall not modify any part of any exhibit other than to fill in responses. Proposers shall not qualify their RFP responses. Proposers shall not submit to the District a re-typed or otherwise re-created version of these documents or any other District-provided document.`
- 4. RFP responses, in whole or in part, are NOT to be marked confidential or proprietary. The District may refuse to consider any RFP response or part thereof so marked. RFP responses submitted in response to this RFP may be subject to public disclosure. The District shall not be liable in any way for disclosure of any such records.
- 5. Any other information the proposer wishes to submit should be compiled into an **Exhibit J**, with references to the section this additional information should apply to, for example, Exhibit D, requirement ID #.
- 6. Files are not to be embedded within documents. Instead, add pages to **Exhibit J**.

# EXHIBIT A REP RESPONSE PACKET

## **RFP For – HRIS Replacement Project**

To:	The EAST BAY MUNICIPAL UTILITY District ("District")
From:	
	(Official Name of Proposer)

#### **RFP RESPONSE PACKET GUIDELINES**

- AS DESCRIBED IN SECTION V RFP RESPONSE SUBMITTAL INSTRUCTIONS AND INFORMATION, PROPOSERS ARE TO SUBMIT ONE (1) .ZIP FILE, UNLESS FOLLOWING GUIDELINES IN SECITON V.B.1.A, CONTAINING THE FOLLOWING FORMATTED AS SPECIFIED, IN THEIR ENTIRETY:
  - EXHIBIT A RFP RESPONSE PACKET
    - INCLUDING ALL REQUIRED DOCUMENTATION AS DESCRIBED IN "EXHIBIT A-REQUIRED DOCUMENTATION AND SUBMITTALS"
    - SUBMIT IN ADOBE ACROBAT (.PDF) FORMAT
  - EXHIBIT B INSURANCE REQUIREMENTS
    - SUBMIT IN ADOBE ACROBAT (.PDF) FORMAT
  - EXHIBIT C IRAN CONTRACTING ACT CERTIFICATION
    - SUBMIT IN ADOBE ACROBAT (.PDF) FORMAT
  - EXHIBIT D FUNCTIONAL AND TECHNICAL REQUIREMENTS RESPONSE FORM
    - THIS CONTAINS ALL REQUIREMENTS
    - THE PROPOSER MAY SUBMIT OTHER DOCUMENTS AS PART OF EXHIBIT J TO FURTHER EXPLAIN HOW THEIR SOLUTION MEETS THE FUNCTIONAL REQUIREMENTS, BUT AT A MINIMUM THE EXCEL VERSION FORM MUST BE COMPLETED.
    - ANY CHANGE TO THE TEXT OF A REQUIREMENT WILL DISQUALIFY THE PROPOSER
    - PROPOSERS ARE ENCOURAGED TO RESPOND WHETHER THEY OFFER
      FUNCTIONAL SOLUTIONS FOR ALL OR SOME OF THE BUSINESS AREAS
      DOCUMENTED. IF THE PROPOSER PROVIDES SOLUTIONS TO A SUBSET OF THE
      REQUESTED BUSINESS AREAS, IT IS CRITICAL TO DOCUMENT HOW YOUR
      SOLUTION WILL INTERFACE WITH OTHER EXISTING AND NEW SYSTEMS.

- SUBMIT IN MICROSOFT EXCEL (.XLS or .XLSX) FORMAT
- EXHIBIT E PRELIMINARY SECURITY INFORMATION GATHERING (PSIG)
  - SUBMIT IN ADOBE ACROBAT (.PDF) FORMAT
- EXHIBIT F P-025 CONTRACT EQUITY FORM
  - SUBMIT IN ADOBE ACROBAT (.PDF) FORMAT
- EXHIBIT G PRICING WORKSHEET
  - SUBMIT IN MICROSOFT EXCEL (.XLS or .XLSX) FORMAT
- EXHIBIT H BUSINESS PROCESS REVIEW OUTPUTS
  - THIS IS FOR THE PROPOSER'S REFERENCE. DO NOT INCLUDE IN THE REPSONSE.
- EXHIBIT I PROPOSER MATERIALS
  - PLACE ADDITIONAL AND SUPPORTING INFORMATION HERE
  - INDICATE THE REQUIREMENT NUMBER OR SECTION TO WHICH THE INFORMATION APPLIES
  - SUBMIT IN ADOBE ACROBAT (.PDF) FORMAT
- EXHIBIT J IT SERVICE AGREEMENT
  - THIS SERVES AS AN EXAMPLE OF THE DISTRICT'S STANDARD CONTRACT TEMPLATE. THIS IS FOR THE PROPOSER'S REFERENCE. DO NOT INCLUDE IN THE RESPONSE.
- PROPOSERS THAT DO NOT COMPLY WITH THE REQUIREMENTS, AND/OR SUBMIT AN INCOMPLETE RFP RESPONSE MAY BE SUBJECT TO DISQUALIFICATION AND THEIR RFP RESPONSE REJECTED IN WHOLE.
- IF PROPOSERS ARE MAKING <u>ANY</u> CLARIFICATIONS AND/OR AMENDMENTS, OR TAKING EXCEPTION TO ANY PART OF THIS RFP, THESE <u>MUST</u> BE SUBMITTED IN THE EXCEPTIONS, CLARIFICATIONS, AND AMENDMENTS SECTION OF THIS EXHIBIT A RFP RESPONSE PACKET. THE DISTRICT, AT ITS SOLE DISCRETION, MAY ACCEPT AMENDMENTS/EXCEPTIONS, OR MAY DEEM THEM TO BE UNACCEPTABLE, THEREBY RENDERING THE RFP RESPONSE DISQUALIFIED.
- PROPOSORS SHALL NOT MODIFY DISTRICT LANGUAGE IN ANY PART OF THIS RFP OR ITS EXHIBITS, NOR SHALL THEY QUALIFY THEIR RFP RESPONSE BY INSERTING THEIR OWN LANGUAGE OR FALSE CLAIMS IN THEIR RESPONSE. ANY EXCEPTIONS AND CLARIFICATIONS MUST BE PLACED IN THE "EXCEPTIONS/ CLARIFICATIONS" PAGE, NOT BURIED IN THE PROPOSAL ITSELF.

#### PROPOSER INFORMATION AND ACCEPTANCE

- 1. The undersigned declares that all RFP documents, including, without limitation, the RFP, Addenda, and Exhibits, have been read and that the terms, conditions, certifications, and requirements are agreed to.
- 2. The undersigned is authorized to offer, and agrees to furnish, the articles and services specified in accordance with the RFP documents.
- 3. The undersigned acknowledges acceptance of all addenda related to this RFP. List Addenda for this RFP on the line below:

Addendum #	Date

- 4. The undersigned hereby certifies to the District that all representations, certifications, and statements made by the Proposer, as set forth in this RFP Response Packet and attachments, are true and correct and are made under penalty of perjury pursuant to the laws of California.
- 5. The undersigned acknowledges that the Proposer is, and will be, in good standing in the State of California, with all the necessary licenses, permits, certifications, approvals, and authorizations necessary to perform all obligations in connection with this RFP and associated RFP documents.
- 6. It is the responsibility of each Proposer to be familiar with all of the specifications, terms, and conditions and, if applicable, the site condition. By the submission of an RFP response, the Proposer certifies that if awarded a contract it will make no claim against the District based upon ignorance of conditions or misunderstanding of the specifications.
- 7. Patent indemnity: General or Professional Service Providers who do business with the District shall hold the District, its Directors, officers, agents, and employees harmless from liability of any nature or kind, including cost and expenses, for infringement or use of any patent, copyright or other proprietary right, secret process, patented or unpatented invention, article, or appliance furnished or used in connection with the contract or purchase order.
- 8. Insurance certificates are not required at the time of submission. However, by signing Exhibit A RFP Response Packet, the Proposer agrees to meet the minimum insurance requirements stated in the RFP. This documentation must be provided to the District prior to execution of an agreement by the District

and shall include an insurance certificate which meets the minimum insurance requirements, as stated in the RFP.

9.	The undersigned acknowledges that RFP responses, in whole or in part, are NOT to be marked confidential or proprietary. The District may refuse to consider any RFP response or part thereof so marked. RFP responses submitted in response to this RFP may be subject to public disclosure. The District shall not be liable in any way for disclosure of any such records.									
10.	The undersigned Proposer hereby submits this RFP response and binds itself to the District. The RFP, subsequent Addenda, Proposers Response Packet, and any attachments, shall be used to form the basis of a Contract, which once executed shall take precedence.									
11.	The undersigned acknowledges <u>ONE</u> of the following (please check only one box)*:									
		Proposer is not an SBE nor a DVBE and	is ineligible for any Proposal preference; <b>OR</b>							
	Proposer is an SBE or DVBE as described in the Contract Equity Program (CEP) and Equal Employment Opportunity (EEO) Guidelines, <u>and</u> has completed the CEP and EEO forms at the hyperlink contained in the CEP and EEO section of this Exhibit A.

#### **REQUIRED DOCUMENTATION AND SUBMITTALS**

All of the specific documentation listed below is required to be submitted with the Exhibit A – RFP Response Packet. Proposers shall submit all documentation, in the order listed below, and clearly label each section of the RFP response with the appropriate title (i.e., Table of Contents, Letter of Transmittal, Key Personnel, etc.).

- 1. <u>Letter of Transmittal</u>: RFP response shall include a description of the Proposer's capabilities and approach in providing its services to the District, and provide a brief synopsis of the highlights of the RFP response and overall benefits to the District. This synopsis should not exceed three (3) pages in length and should be easily understood.
- 2. <u>Key Personnel</u>: RFP response shall include a complete list of all key personnel associated with the RFP. This list must include all key personnel who will provide services/training to District staff and all key personnel who will provide maintenance and support services. For each person on the list, the following information shall be included:
  - (a) The person's relationship with the Proposer, including job title and years of employment with the Proposer;
  - (b) The role that the person will play in connection with the RFP;
  - (c) The person's telephone number, fax number, and e-mail address;
  - (d) The person's educational background; and
  - (e) The person's relevant experience, certifications, and/or merits
- 3. <u>Description of the Proposed System</u>: RFP response shall include a description of the proposed system, as it will be finally configured during the term of the contract. The description shall specify how the proposed system will meet or exceed the requirements of the District and shall explain any advantages that this proposed system would have over other possible systems. The description shall include any disadvantages or limitations that the District should be aware of in evaluating the RFP response. Finally, the description shall describe all product warranties provided by the Proposer.
- 4. <u>Description of the Proposed Services</u>: RFP response shall include a description of the terms and conditions of services to be provided during the contract term including response times. The description shall contain a basis of estimate for services including its scheduled start and completion dates, the number of Proposer's and District personnel involved, and the number of hours scheduled for each person. The description shall identify spare or replacement parts that will be required in performing maintenance services, the anticipated location(s) of the spare parts, and how quickly the parts shall be available for repairs. Finally, the description must: (1) specify how the services in the RFP response will meet or exceed the requirements of the District; (2) explain any special resources or approaches that make the services of the Proposer particularly advantageous to the District; and (3) identify any limitations or

restrictions of the Proposer in providing the services that the District should be aware of in evaluating its RFP response to this RFP.

- 5. <u>Implementation Plan and Schedule</u>: The RFP response shall include an implementation plan and schedule. The plan for implementing the proposed equipment/system and services shall include an Acceptance Test Plan. In addition, the plan shall include a detailed schedule indicating how the Proposer will ensure adherence to the timetables for the final equipment/system and/or services.
- 6. <u>Evidence of Qualification Testing</u>: RFP response provides evidence that the proposed equipment/system has successfully completed the qualification test standard requirements defined in this RFP. Evidence shall include a statement from an Independent Testing Authority (ITA) that both the hardware elements and the software elements of the proposed equipment/system comply with the requirements of the qualification standard. If the equipment/system specified requires the addition of components or features not previously tested by the ITA, the District will determine, in its sole discretion, whether qualification testing of such components or features will be required prior to the award of a contract.
- 7. <u>Sustainability Statement:</u> Contractors shall submit a statement regarding any sustainable, environmental or socially responsible initiatives or practices that they or their suppliers engage in. This information can be in relation to the specific services or work products solicited via this RFP, or in relation to the manufacture, delivery, or business practices of your firm.

#### 8. **References:**

- (a) Proposers must use the templates in the "References" section of this Exhibit A RFP Response Packet to provide references.
- (b) References should have similar scope, volume, and requirements to those outlined in these specifications, terms, and conditions.
  - Proposers must verify the contact information for all references provided is current and valid.
  - Proposers are strongly encouraged to notify all references that the District may be contacting them to obtain a reference.
- (c) The District may contact some or all of the references provided in order to determine Proposer's performance record on work similar to that described in this RFP. The District reserves the right to contact references other than those provided in the RFP response and to use the information gained from them in the evaluation process.

#### 9. Exceptions, Clarifications, Amendments:

(a) The RFP response shall include a separate section calling out all clarifications, exceptions, and amendments, if any, to the RFP and associated RFP documents, which shall be submitted with the proposer's RFP response using the template in the "Exceptions, Clarifications, Amendments" section of this Exhibit A – RFP Response Packet.

(b) THE DISTRICT IS UNDER NO OBLIGATION TO ACCEPT ANY EXCEPTIONS, AND SUCH EXCEPTIONS MAY BE A BASIS FOR RFP RESPONSE DISQUALIFICATION.

#### 10. **Contract Equity Program:**

(a) Every proposer must fill out, sign, and submit the appropriate sections of the Contract Equity Program and Equal Employment Opportunity documents located at the hyperlink contained in the last page of this Exhibit A. Special attention should be given to completing Form P-25, "Employment Data and Certification". Any proposer needing assistance in completing these forms should contact the District's Contract Equity Office at (510) 287-0114 prior to submitting an RFP response.

#### 1 Definitions

**Cloud-based Services** Applications, services, or resources made available to users via the

Internet.

HRIS Human Resources Information System (HRIS), the requirements for

which are specified in this document; also referred to as 'System'.

**District** East Bay Municipal Utility District (EBMUD)

Personally Identifiable Information (PII)

For the purposes of this document, data types that constitute PII include (but are not limited to):

- An individual's first initial and last name, or first name and last name, with:
  - Social security numbers, or portions thereof
  - Driver's license numbers
  - Financial account numbers (e.g., credit card numbers, bank accounts, etc.)
  - Medical information
  - Health insurance information
- Online account usernames and passwords
- Information related to specific customer accounts (water consumption, account numbers, financial data, phone numbers, home address, etc.)
- Personnel records (birthdates, home address, phone numbers, etc.)

**System** The software solution including licenses and configurations which

meets all defined requirements or an agreed upon subset of

requirements.

**Vendor** Person or company that specializes in bringing together software

subsystems into a functioning whole, integrating existing or new business processes and warrants configuration and services to meet

defined requirements.

## 2 System Security / Authentication

#### 2.1 Single Sign-On

2.1.1 The System shall use District's Single Sign-On Architecture: Microsoft Azure Active Directory (AD) Single Sign-on (SSO). The District supports SAML Version 2.0 and OAuth2 protocols.

12/9/2024 Exhibit D2 - Page 1

- 2.1.2 No modification of the standard Azure metadata file will be required.
- 2.1.3 The System shall support a configurable session timeout, requiring users to reauthenticate upon session expiry.

#### 2.2 Encryption

- 2.2.1 The System shall utilize standard cryptographic protocols (TLS 1.2) to encrypt any web page performing transaction processing for internal or external tasks.
- 2.2.2 The System shall strongly encrypt all confidential or personally identifiable information in transit (during transactions) and at rest (in the database), using AES-256 or an equivalent cipher.
- 2.2.3 Vendor shall provide specifications listing the encryption algorithms and protocols used to secure data in transit and at rest, and notify District of any changes made regarding encryption.

#### 2.3 Role-based User Access

- 2.3.1 The System shall provide role-based access control throughout the System to implement least privilege access.
- 2.3.2 The System shall extend role-based access control to the application, transaction, and data levels.
- 2.3.3 The System shall provide configuration tools for District contract administrators and other defined user roles to assign and modify users to and from different roles. District contract administrators and other defined user roles shall have the ability to add, delete, and modify roles and shall have the ability to customize security permissions assigned to each role.

#### 2.4 Application Design

2.4.1 The System shall be designed, developed, deployed, and tested in accordance with and up to industry standards including but not limited to Open Web Application Security Project (OWASP) security principles.

#### 2.5 Audit Logs

- 2.5.1 The System shall log all system activity, including, but not limited to, events, errors, transactions, warnings, failures, notifications, and outages.
- 2.5.2 The System shall provide audit trails for all transactions generated by the System which includes capturing, storing, and reporting on activities including but not limited to user activities, API calls, automated internal system activities, CRON jobs, interfaces, file transfers and errors. Audit trails reports shall support the ability to search, sort and filter based on functionality.

12/9/2024 Exhibit D2 - Page 2

- 2.5.3 The System shall make all logged activity available to District staff through both a web interface and SYSLOG via TCP/IP. As opposed to audit trail functionality, logged activity interfaces shall target an IT audience.
- 2.5.4 The System shall make audit trail and logging information available to only a select group of user roles designated by DISTRICT system administrators.
- 2.5.5 The System shall provide DISTRICT system administrators the ability to purge audit trail and logging data as needed.

## 2.6 Cloud-based Services or On-Premise Solution

- 2.6.1 The Vendor will specify if the proposed solution is a Cloud-based Service, on-premise or hybrid solution.
- 2.6.2 Regardless of the solution, it must comply with accepted industry standards and best practices.
  - 2.6.2.1 Services shall be available 24 hours per day, seven days per week.
  - 2.6.2.2 Services shall have a 99.9% or better uptime.
- 2.6.3 If an On-Premise Solution is offered, provide the details of solution including but not limited to the following information:
  - 2.6.3.1 Software requirements e.g., ability to run in a VM, operating system, middleware, database, etc.
  - 2.6.3.2 Hardware requirements e.g., CPU, RAM, storage, etc.
  - 2.6.3.3 Details of the type of vendor access needed to support the on-premise systems
  - 2.6.3.4 What is each party's responsibility for software installation and support?
    - 2.6.3.4.1 What support is offered for on premise installation?
    - 2.6.3.4.2 What support is offered post-installation?
  - 2.6.3.5 Provide LAN, WAN and other related network requirements for hosting an On-Premise Solution.
- 2.6.4 If a Cloud-based service or hybrid solution is offered, provide the details of the solution including but not limited to the following information:
  - 2.6.4.1 If the solution is hosted by an Application Service Provider, provide Application Service Provide name and details.
  - 2.6.4.2 Whether the cloud service is public or private
    - 2.6.4.2.1 If public cloud, how will the vendor protect each customer's data from access by another customer in the shared environment?
    - 2.6.4.2.2 If private cloud, is it hosted on District managed infrastructure or Vendor managed infrastructure? If hosted on District managed infrastructure, what kind of access will the Vendor require including authentication and firewall access?

- 2.6.5 If hosted on District managed infrastructure provide the details of required infrastructure including but not limited to the following information:
  - 2.6.5.1 Software requirements e.g., ability to run in a VM, operating system, middleware, database, etc.
  - 2.6.5.2 Hardware requirements e.g., CPU, RAM, storage, etc.
  - 2.6.5.3 Details of the type of vendor access needed to support the hosted systems
  - 2.6.5.4 What is each party's responsibility for software installation and support?
    - 2.6.5.4.1 What support is offered for a District hosted installation?
    - 2.6.5.4.2 What support is offered post-installation?
  - 2.6.5.5 Provide LAN, WAN and other related network requirements for hosting on District managed infrastructure.
- 2.6.6 State what access privileges will be available to District IT Systems staff?
- 2.6.7 Cloud-based services shall comply with all relevant security standards including ISO/IEC 27001:2013 and PCI DSS.
- 2.6.8 Cloud-based services should be utilizing an industry recognized security framework such as CIS CSC-20 or NIST 800-53 SP4. Service provider must provide a current SOC2 Type II audit report to EBMUD annually. Scope of the audit report should include the physical compute environment as well as the ongoing operations/maintenance of the SAAS application and data.
- 2.6.9 Cloud-based service providers shall be obligated to immediately notify the District of any suspected or confirmed security breach and shall take immediate action to remedy such breach.

# 3 Usability

## 3.1 System Performance & Availability

- 3.1.1 The System shall be available to the District 24 hours a day, 7 days a week.
- 3.1.2 The System shall provide 99.5 percent availability.
- 3.1.3 95% of application pages displayed within 2 seconds.
- 3.1.4 99% of application pages displayed within 5 seconds.
- 3.1.5 Vendor shall provide a Service Level Agreement (SLA) that specifically identifies system uptime and performance guarantees.
- 3.1.6 The System shall have a mechanism to document system up-time that is available to the District to review.
- 3.1.7 The System shall have tools to evaluate real-time system performance and make them available to the District.

## 3.2 Mobility

- 3.2.1 The System shall provide access to all majorSelf-service functions (employee, supervisor/manager) through mobile devices running iOS, Android, or Windows operating systems.
- 3.2.2 The System shall use responsive, mobile-friendly user interface.
- 3.2.3 Should they exist, the Vendor shall provide, and maintain, a list of functions not supported on particular mobile devices, or particular mobile environments.

## 3.3 Accessibility

- 3.3.1 The System shall provide access to all functionality through HTML 5 compliant standard web browser.
- 3.3.2 The System shall be accessible from District acceptable versions of Edge, Chrome, Firefox, Safari, and any other commonly used desktop and/or mobile web browser.
- 3.3.3 The System should be in compliance with Section 508 of the Rehabilitation Act of 1973.

## 3.4 Design

- 3.4.1 The System shall incorporate well established User Interface patterns to facilitate a good user experience. E.g., provide tips for form fields, provide drop down menus for fields that the customer may not know the correct terminology to type in, etc.
- 3.4.2 The System shall provide multiple methods of online, interactive help including but not limited to context-sensitive, topical searches of documentation, reference documents, tutorial videos and specific, clear, non-technical error messages.
- 3.4.3 The System should have the ability to match the look and feel of <u>www.ebmud.com</u>.
- 3.4.4 The System should have the ability to modify look and feel should DISTRICT wish to change look and feel ("white Label").

## 3.5 Scalability & Flexibility

- 3.5.1 The System shall accommodate 4500 concurrent users without noticeable degradation in performance.
- 3.5.2 The System shall accommodate interactions with new systems through standard interfaces (details in Interfaces section below).
- 3.5.3 The Vendor shall provide a Capacity Management Plan containing scenarios for different predictions of business demand as well as costed options for delivering agreed upon service levels.

## 3.6 Analytics

3.6.1 Analytics shall be provided for all functionality.

- 3.6.2 Analysis shall include but not be limited to the following:
  - 3.6.2.1 Page hits
  - 3.6.2.2 Requesting source
  - 3.6.2.3 Errors and details
- 3.6.3 The max, min, and average (including the first & second standard deviation) of the time it takes to complete the functionality in a specified date range.
  - 3.6.3.1 Time spent on each web page in the functionality
  - 3.6.3.2 Visitor Flow Path to get to the functionality. I.e. the web pages the customer visited before executing a functionality
  - 3.6.3.3 Abandonment rate and a list of pages on which a visitor abandoned a process

# 4 Data Management

## 4.1 Data Security

- 4.1.1 All data written into the System or read by the System shall remain the property of the District and shall not be used, disclosed, or sold without written authorization from the District.
- 4.1.2 Vendor shall identify the data elements required from the District to deliver the functionality listed in the functional requirements.
- 4.1.3 Vendor should provide a data masking tool that can be used to obfuscate non-production data.
- 4.1.4 The System shall be able to associate data to predefined retention schedules. Retention schedule shall be permanently tied to the data but retention schedule, itself, can be subject to change
- 4.1.5 Unless otherwise agreed upon by the District, Vendor shall eliminate local storage of PII, retrieving it only on an as-needed basis from the District via REST web services.
- 4.1.6 Vendor shall notify the District of any changes to its Infrastructure after the initial implementation.
- 4.1.7 Vendor shall not share any District data (atomic or aggregated) with any 3rd party for any purpose, unless otherwise agreed upon by the District.
- 4.1.8 Vendor shall create a Data Management plan and annually review it with the District.
- 4.1.9 Vendor shall maintain cyber security insurance coverage for as long as the District is using the vendor provided solution.

## 4.2 Data Conversion & Migration

- 4.2.1 Vendor shall provide the framework, tools, guidance, mapping documentation, and validation methods for the conversion of existing District data to a format compatible with the System.
- 4.2.2 Vendor shall load converted data into the System as required to thoroughly test and prepare System for production deployment.
- 4.2.3 Vendor shall design all data conversion processes to be fully automated and repeatable. Such processes shall be designed in a modular manner to facilitate error recovery. Processes that encounter errors shall be capable of being rerun after correcting the errors without needing to rerun preceding processes that executed successfully.
- 4.2.4 Vendor shall work with the District to determine the proper system of record for all data in the existing District HRIS database. If it is determined by the District that certain data is not to be migrated because the System is not the proper system of record, the System is to acquire that data from the proper District system of record via API.
- 4.2.5 Vendor shall describe its support for District's use of third-party ETL tools or other automated tools to perform data conversion and data extraction.
  - 4.2.5.1 The District must be able to extract any of its data from the system in a usable format that can be stored in the District's Enterprise database or data warehouse. Such data must be compatible with District systems and data structures." The vendor shall be responsible for the following in terms of reverse data mapping:
    - 4.2.5.1.1 Provide the initial reverse data mapping methodology and configuration.
    - 4.2.5.1.2 Provide analysis and modifications as needed.
    - 4.2.5.1.3 Provide finalized reverse data mapping methodology and configuration. Provide regularly scheduled and on-demand extracts of data from vendor's system to District systems.

## 4.3 Data Export

- 4.3.1 The System shall provide mechanisms for the export of all data, including stored files, to District storage, or other external media, in a format specified by the District.
- 4.3.2 Data export mechanisms shall provide the following:
  - 4.3.2.1 Full Export -- A complete export of all data
  - 4.3.2.2 Incremental Export -- An export of changed data since the last full or incremental export
  - 4.3.2.3 Defined Export -- A configurable export of data sets as defined by District
- 4.3.3 Vendor shall design all data extraction processes to be fully automated and repeatable. Such processes shall be designed in a modular manner to facilitate error recovery.

Processes that encounter errors shall be capable of being rerun after correcting the errors without needing to rerun preceding processes that executed successfully.

## 4.4 Data Availability

- 4.4.1 The System shall be able to associate data to predefined retention schedules. Retention schedules shall be permanently tied to the data but the retention schedule, itself, can be subject to change.
  - 4.4.1.1 The System shall provide mechanisms for the archival of data to external media utilizing predefined business rules.
- 4.4.2 The System shall allow the District to retrieve data from the System at regular intervals.
- 4.4.3 All data entered or uploaded into the System shall remain the property of the District and not to be used without its written permission.

## 5 Interfaces

## 5.1 Interfaces

- 5.1.1 The District utilizes numerous custom-built, commercial off-the shelf, and cloud software solutions. When applicable, the System will need to exchange data with many of these applications in batch or real time. When applicable, the System will provide standard interfaces to existing and future District systems/applications for incoming and outgoing data. <a href="#">Appendix A</a> provides a list of applications/vendors with which the System may need to interface.
- 5.1.2 The System shall utilize standard interface technologies to exchange data with other applications. This includes but not limited to JSON and XML for data exchange, REST and SOAP as messaging protocols and industry-standard web services.
- 5.1.3 The System shall encrypt all data that traverses public computer networks and protect that data from fraudulent activity, unauthorized disclosure or modification.
- 5.1.4 The District utilizes electronic documents in a variety of contexts. The System shall be able to import or export electronic documents into / out of a third-party document management system identified by the District using API's provided by the District or the third-party document management system vendor.
- 5.1.5 For new and existing interfaces, the District will need specifications including but not limited to the following:
  - 5.1.5.1 Authentication and authorization

- 5.1.5.2 Data fields, data types, source systems, and destination systems
- 5.1.5.3 Frequency
- 5.1.5.4 Communication protocol
- 5.1.5.5 How interface error processing and recovery are handled
- 5.1.5.6 How transactions are logged
- 5.1.5.7 SLA requirements for incoming and outgoing interface transactions

# 6 Testing & Validation

- 6.1.1 The vendor shall provide test scripts that encompass all functionality of the system to be used by the District. The District will use these test scripts as the basis for customizing the testing for District specific use cases.
- 6.1.2 The vendor shall provide functional and technical support during all test phases.
- 6.1.3 Vendor shall have staff available to facilitate testing activities including but not limited to development and customization of test scripts, training testers on using the system, resolving issues and correcting errors encountered during testing.
- 6.1.4 An issues log shall be maintained during testing activities to log success/fail status of tests, issues and errors identified, and resolutions.

# 7 Instance Management

- 7.1.1 In addition to a production instance, Vendor shall provide additional instances as listed below, during the implementation period as well as post go-live, for the life of the contract. Each instance must independently possess all required components including infrastructure, application servers, middleware, databases, etc. Each instance shall provide functionality identical to the production instance except for changes being developed or tested. These instances shall be configurable by the District to connect to other systems, and to disable or modify any production-specific functionality (such as notifications).
  - 7.1.1.1 Development instance to perform software development and unit testing.
  - 7.1.1.2 Testing instance to verify patches and upgrades before they are implemented in production.
  - 7.1.1.3 Training instance to allow District staff to train on the system without using the production instance.
  - 7.1.1.4 Staging instance to allow the District to test integrations with other non-vendor applications, if applicable.

- 7.1.2 Vendor shall provide details regarding instance management including but not limited to the following:
  - 7.1.2.1 Administration
  - 7.1.2.2 Instance refresh procedures
  - 7.1.2.3 Backup and restore
  - 7.1.2.4 Infrastructure and performance variances versus the production instance
- 7.1.3 All instances shall support the automated transfer of configuration data, such as scripted configuration moves, allowing transfer from one environment to another or from the configuration repository.
- 7.1.4 Upon request by District, Vendor shall refresh non-production instances specified by District with a copy of production data and/or files. Vendor shall perform and complete such refreshes within 5 business days.

# 8 Updates & Releases

- 8.1.1 The Vendor shall notify the District of all updates, releases, and other system changes, whether planned or unplanned.
- 8.1.2 The Vendor shall provide 14 days advance notice for every planned software release and update, unless otherwise agreed upon by the District.
- 8.1.3 The Vendor shall provide 90 days advance notice for every planned update or release that includes a "breaking change" to System API, unless otherwise agreed upon by the District. The Vendor shall provide documentation that reflects the breaking change.
- 8.1.4 The Vendor shall provide detailed release notes for every planned software release.
- 8.1.5 The Vendor shall perform all planned system maintenance outside of District business hours (6:00 AM to 5:00 PM Pacific time, Monday through Friday), unless otherwise agreed upon by the District.
- 8.1.6 The Vendor shall work with the District to provide a release candidate instance at least seven days before all planned updates and releases. Vendor shall provide options to opt out of updates and releases.
- 8.1.7 The Vendor shall provide system/application support regardless of whether EBMUD agrees to updates and releases.
- 8.1.8 The Vendor shall provide options to go back to the previous release of the System if issues are encountered post-release.

# 9 Business Continuity & Disaster Recovery

9.1.1 The vendor shall provide a Business Continuity and Disaster Recovery plan.

- 9.1.2 The System shall provide full data back-ups on a predetermined schedule and provide recovery capabilities. Desired Recovery Time Objective (RTO) is 12 hours or less.
- 9.1.3 The System shall provide a Recovery Point Objective (RPO) of 5 minutes or less. Ideally, the System shall be able to recover all committed transactions as of the time point immediately preceding the disaster.
- 9.1.4 The System shall have its business continuity plan tested on a regular, predetermined timeframe.
- 9.1.5 The System shall provide manual, hard copy workflow provisions during critical system failure.

# 10 Exit Strategy

- 10.1.1 Upon contract termination for any reason, Vendor shall provide District with a current copy of all Production data, along with a current mapping of that data. The data shall be in a format specified by District. For a period of no less than 90 days, Vendor shall provide support to District for migration of production data to District databases or a destination specified by District.
- 10.1.2 Subsequent to providing District with a current copy of all Production data and at District's request, Vendor and all of its subcontractors shall securely destroy all copies of District data and attest to such destruction.
- 10.1.3 If Vendor goes out of business or ceases support for the System, the Vendor shall provide District with all source code, configurations, data, and documentation so that District can continue using the System at District's own risk. Vendor shall escrow all such materials.

# 11 Technology Stack

- 11.1.1 The System, including the software, architecture, and environment, must use modern technology that meets accepted industry standards and best practices.
- 11.1.2 The System shall provide tools for monitoring the System health and performance.
- 11.1.3 Vendor will provide the current release version of its application stack and indicate how often patches and updates occur.
- 11.1.4 Vendor will report to the District any time the application stack is modified.
- 11.1.5 Operating System The System shall be required to run on an operating system that is designed for enterprise applications and it must be patchable and maintainable into the future. The OS must be in a current maintenance and release cycle. Acceptable operating systems are currently supported versions of Windows Server and Red Hat Enterprise Linux. Other operating systems may be considered at the District's discretion.
- 11.1.6 Web Server The web server must be a currently supported version of Apache, NGINX, or IIS. Other web servers may be considered at the District's discretion.

- 11.1.7 Database The database must be an enterprise relational database system of type Oracle or Microsoft SQL Server and must be in a current maintenance and release cycle (Oracle 12 preferred, SQL Server Std 2012 R4 or above preferred). Other database systems may be considered at the District's discretion.
- 11.1.8 Programming Language The System must be written in a modern and widely used programming language or combination of such languages, such as Java, C#, Python, Ruby, and JavaScript. Other programming languages may be considered at the District's discretion.
- 11.1.9 Reporting Engine The System's reporting engine must be modern, flexible, and robust. Elements of an acceptable reporting engine include, but are not limited to, the following:
  - 11.1.9.1 Non-technical users must be able to create their own reports with a short learning curve.
  - 11.1.9.2 Reports must have access to all data in the System.
  - 11.1.9.3 Reports must be displayable in modern web browsers.
  - 11.1.9.4 Reports must be exportable to common formats including PDF, CSV, and Microsoft Excel.
  - 11.1.9.5 Reports must be viewable only by users with appropriate permissions.

# 12 Training & System Documentation

## 12.1 Initial Onboarding

- 12.1.1 Vendor shall provide sufficient training sessions for District users to allow them to successfully use the system in their daily work.
- 12.1.2 Vendor shall provide sufficient training session for District System Administrators users to allow them to successfully administer the system.
- 12.1.3 Vendor shall provide other necessary onboarding training sessions prior to system go-live.

## 12.2 Ongoing Training

- 12.2.1 Vendor shall provide a negotiated number of additional training sessions for new District users.
- 12.2.2 Vendor shall provide additional trainings billed individually as requested by the District.

# **13 System Documentation**

The Vendor shall provide system documentation for District negotiated functions and the following topics:

## 13.1 General System Overview

- 13.2 Activity-based Tutorials
- 13.3 Report Configuration
- 13.4 System Administrator Overview
- 13.5 Application Programming Interfaces (API)

# 14 Implementation Plan and Schedule

## 14.1 Implementation Approach

14.1.1 **Standard Implementation** - Vendor shall provide a phased implementation plan and a proposed schedule which details major project phases, tasks to be performed in each phase, dependencies, assumptions made, staff time and resources required from vendor and District, etc. This implementation plan will be reviewed for acceptance by the District and is subject to change during the course of the project.

# 14.2 Implementation Methodology

- 14.2.1 **Agile** Agile development process by the Vendor is required so that District can get frequent deliverables weekly/bi-weekly for testing. This shortens the feedback cycle and helps detects major problems/issues sooner in the project.
- 14.2.2 Vendor shall provide a proposed detailed implementation methodology. Details will include but are not limited to the following
  - 14.2.2.1 Project Management
  - 14.2.2.2 Change Management
  - 14.2.2.3 Initiation
  - 14.2.2.4 Planning
  - 14.2.2.5 Executing
  - 14.2.2.6 Monitoring/Controlling
  - 14.2.2.7 Testing
  - 14.2.2.8 Closing

By signing below, I acknowledge that I have read and understand the requirements as set forth in this document. My signature also certifies that documentation will be provided wherever the System does not fully meet any of the requirements set forth in this document.

RFP for Human Resources Information System (HRIS) Replacement – Technical & Non-Functional Req.

# 15 Appendix A – District Systems, Software, and Third Party Applications

The table below lists District systems that the HRIS might integrate or interface with:

System Name	Description	Interface Type	Notes
CCURE	District Security System		
Enterprise Oracle	Various Enterprise Oracle 11g/12c	Web Service API,	
Database	Databases	Flat File	
DOCS	District Document Archival System	Web Service API,	Internally
		page links with parameters	developed.
DocuSign			
Elsie	Cloud-based Oracle Fusion ERP Financial Information System & Procurement System	Web Service API	Recently implemented on 11/1/2021.
ETS	Electronic Timesheet System		Internally developed.
Jasper Reports	Report Engine by TIBCO Jaspersoft, Version 1120-JSP79-14		Similar to Crystal Reports
Microsoft Office 365	G3 License includes office productivity software such as Outlook, Teams, OneNote, SharePoint, PowerBI, etc.		Use of Outlook for notifications, SharePoint storage for Videos/aids,
Pension	LRS PensionGold		
SplashPad	District's Intranet		Developed with Concrete5
SSO	The District's Single Sign-On Architecture: Microsoft Azure Active Directory (AD) Single Sign- on (SSO) for Authentication.	Web Service API	
NeoGov	Recruiting and onboarding		

Governmentjobs.com		
Samba?		
LifeWorks,		
Transit Subsidy? Parking?		
Third-Party External	[District: quizzes and tests,	
Content	'Tincan', SCORM, 'Classmarker']	
FMCSA Driver's Clearinghouse		
Marconi	District Emergency Notification and Communication system	
Everbridge	District Emergency Notification and Communication system	
GIS	Example requirements:  Solution enabled to import shake map [District: Hazard Exposure] data from USGS for use with damage modeling capabilities  Location functionality needs to be inclusive of the exact location of an employee [District: exact cubicle on the floor of a building or GPS via mobile device in the field]  Hmm.	
Oracle Enterprise Planning Management	Budget planning.	
CMMS	External time reporting sources [District Work Order Systems: GWO, AIM, Maximo] may leverage	

	time card staging tables to pre	
	populate unsubmitted time cards	
FSA?		
COBRA admin		
LMS (CSOD/TMS	Learning management systems.

IT Services Agreement

# INFORMATION TECHNOLOGY SERVICES AGREEMENT BETWEEN THE EAST BAY MUNICIPAL UTILITY DISTRICT AND [CONTRACTOR]

This Information Technology Services Agreement ("Agreement"), effective as of [DATE] (the "Effective Date"), is by and between the East Bay Municipal Utility District ("District"), a public entity, and [Contractor Name], a [State of Organization] [Entity Type] ("Contractor"). The District and Contractor may be referred to herein collectively as the "Parties" or individually as a "Party."

#### RECITALS

- 1. The District requires [briefly describe services], defined as the "Services" below.
- 2. Contractor has submitted a proposal to provide the Services and Contractor represents that it has the experience, licenses, qualifications, staff and expertise to provide the Services in a professional and competent manner.
- 3. The District's Board of Directors has authorized this Agreement by Motion Number
- 4. In consideration of the mutual covenants, terms, and conditions set forth below, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

## **AGREEMENT**

It is agreed that the District retains Contractor to provide the Services, and Contractor accepts this engagement based on the requirements described in this Agreement and the following Exhibits, all of which are incorporated into this Agreement by reference:

Exhibit A	Scope of Services
Exhibit B	Payment Terms and Procedures [IF NECESSARY - i.e. describe phased project/payment
	plans, amounts to be paid upon approved submittals, etc.]
Exhibit C	Insurance Requirements [Download latest version and attach]
Exhibit D	Bond Requirements [IF NECESSARY, Performance and Payment.]
Exhibit E	Public Works Forms [IF NECESSARY i.e. completed Declaration of Noncollusion, Eligibility
	to Work on Public Works Project.]

## 1. DEFINITIONS

1.1. "Authorized Employees" means Contractor's employees who have a need to know or otherwise access Protected Information to enable Contractor to perform its obligations under this Agreement.

- 1.2. "Authorized Persons" means Authorized Employees and Contractor's agents and contractors who have a need to know or otherwise access Protected Information to enable Contractor to perform its obligations under this Agreement.
- 1.3. "Change Order" A Change Order is a written instrument used for modifying this Agreement with regards to the scope of Services, Agreement sum, and/or Agreement Time. An approved Change Order is a Change Order signed by the District Project Manager. An executed Change Order is a Change Order signed by both the District Project Manager and Contractor Project Manager.
- 1.4. "Customer Information" means the name, address, phone number, account number and water usage data of any water or wastewater customer of the District.
- 1.5. "Days" shall mean calendar days.
- 1.6. "Delay Event" shall mean any act, occurrence or omission causing a delay in the completion of the Services within the time limits set forth in this Agreement.
  - 1.6.1. "Compensable Delay Event" shall mean a Delay Event that could not be avoided by Contractor mitigation, caused directly and solely by the District or by causes within the exclusive control of the District, and which were not concurrent with any other type of Delay Event.
  - 1.6.2. "Concurrent Delay Event" shall mean two or more independent Delay Events where the Delay Events occur at the same time during all or a portion of the delay period being considered, and where each of the Delay Events would have caused delay to Contractor even in the absence of any of the other Delay Events.
  - 1.6.3. "Excusable Delay Event" shall mean a Delay Event directly caused by events beyond the control of both Contractor and the District, including Force Majeure events, which is not concurrent with an Inexcusable Delay Event and which could not have been avoided by Contractor through reasonable mitigation measures.
  - 1.6.4. "Inexcusable Delay Event" shall mean a Delay Event caused by circumstances within the control of Contractor, its subcontractors or suppliers of any tier.
- 1.7. "District Information" means all data to be handled by Contractor pursuant to the Services, including but not limited to Customer Information, Employee Information, Facilities Information and Personal Information.
- 1.8. "Employee Information" means an employee identification number, personnel records and any Personal Information of a District employee.
- 1.9. "Facilities Information" means any data or records that could reveal details of critical

District infrastructure or operations, including, but not limited to, reports, maps, drawings, databases, models, GIS information, and plans and schematics containing detailed information about the District's water and wastewater infrastructure that, if released, could compromise the safety, integrity, and operations of the public water and wastewater system. Examples include the locations of security systems and security devices, services, pipelines, interceptors, aqueducts, valves, pressure zones, or details about major facilities (i.e., wet weather processing, treatment plants, pumping plants, and storage structures).

- 1.10. "Force Majeure" means any act of God, war, earthquake, fire, flood, storm, civil disobedience, court order, labor dispute, or other cause beyond a Party's reasonable control Any acts of domestic or foreign hacking or cyberwarfare are specifically excluded from this definition of Force Majeure and do not excuse Contractor from performance.
- 1.11. "Highly-Sensitive Personal Information" means an individual's:
  - 1.11.1. Government-issued identification numbers (including Social Security number, partial Social Security number, driver's license number, or state-issued identification number);
  - 1.11.2. Financial account numbers, credit card numbers, debit card numbers, or credit report information, with or without any required security codes, access codes, personal identification numbers, or passwords that would permit access to an individual's financial accounts; or
  - 1.11.3. Biometric, genetic, health, medical, or medical insurance data.
- 1.12. "Personal Information" means information provided to Contractor by or at the direction of the District, information which is created or obtained by Contractor on behalf of the District, or information to which access was provided to Contractor by or at the direction of the District, in the course of Contractor's performance under this Agreement, that is:
  - 1.12.1. Information that identifies or can be used to identify an individual (including, without limitation, names, signatures, addresses, telephone numbers, email addresses, and other unique identifiers);
  - 1.12.2. Information that can be used to authenticate an individual (including, without limitation, employee identification numbers, government-issued identification numbers, passwords or PINs, user identification and account access credentials or passwords, financial account numbers, credit or debit card numbers, credit report information, medical insurance data, answers to security questions, and other personal identifiers); and

- 1.12.3. All Highly-Sensitive Personal Information.
- 1.13. "Protected Information" means the following:
  - 1.13.1. Customer Information.
  - 1.13.2. Employee Information.
  - 1.13.3. Facilities Information.
  - 1.13.4. Personal Information.
  - 1.13.5. [Modify this definition as necessary, adding and deleting relevant categories of information to be protected].
- 1.14. "Security Breach" means any act or omission that gives rise to the reasonable belief of a compromise to the security, confidentiality, or integrity of Protected Information or the physical, technical, administrative, or organizational safeguards put in place by Contractor or any Authorized Persons, or by the District should Contractor have access to the District's systems in the performance of the Services, that relate to the protection of the security, confidentiality, or integrity of Protected Information. Without limiting the foregoing, a compromise shall include any unauthorized access to or disclosure or acquisition of Protected Information.
- 1.15. "Services" means those services described in Paragraph 2 and on Exhibit A to this Agreement.

## 2. SERVICES TO BE PROVIDED

- 2.1. Contractor agrees to furnish the Services as described in Exhibit A, Scope of Services, attached to and incorporated in this Agreement.
- 2.2. The Services shall be completed and submitted in accordance with the standards specified and the schedule listed in Exhibit A. The completion dates specified may be modified by mutual agreement between the District and Contractor, provided that the District's Project Manager notifies Contractor of modified completion dates by letter. Contractor agrees to diligently perform the Services. In the performance of this Agreement, time is of the essence.
- 2.3. To the extent any Service performance standards or requirements as described in this Agreement conflict with any performance standards or requirements included in any license or terms and conditions document provided by Contractor or Contractor's, partners, contractors or agents to the District in support of the Services, whether included as an exhibit to this Agreement or not, the requirements as stated in this Agreement shall govern.

- 2.4. It is understood and agreed that Contractor has the professional skills necessary to perform the Services and that the District relies upon the professional skills of Contractor to perform the Services in a skillful and professional manner. Contractor represents that it has all the necessary licenses to perform the Services and shall maintain them during the term of this Agreement. Contractor agrees that the Services shall follow practices usual and customary to the [state type for example "software engineering"] profession. Acceptance by the District of the Services does not operate as a release of Contractor from such professional responsibility for the work performed.
- 2.5. Contractor agrees to maintain in confidence and not disclose to any person or entity, without the District's prior written consent, any District Information or, trade secret, confidential information or knowledge or data relating to the products, process, or operation of the District. Contractor further agrees to maintain in confidence and not to disclose to any person or entity, any District Information, data, information, technology, or material developed or obtained by Contractor during the term of this Agreement. The covenants contained in this Paragraph shall survive the termination of this Agreement for whatever cause.
- 2.6. The originals of all computations, drawings, designs, graphics, studies, reports, manuals, photographs, videotapes, data, computer files, and other documents prepared or caused to be prepared by Contractor or its subconsultants in connection with the Services shall be delivered to and shall become the exclusive property of the District. The District is licensed to utilize these documents for the District applications on other projects or extensions of this project, at its own risk. Contractor and its subconsultants may retain and use copies of such documents, with written approval of the District.
- 2.7. Contractor is an independent contractor and not an employee of the District. Contractor expressly warrants that it will not represent that it is an employee or servant of the District.
- 2.8. Contractor is retained to provide the Services only and all payments made are compensation solely for provision of the Services and recommendations it may make in performing the Services.
- 2.9. It is further understood and agreed by the Parties that Contractor, in the performance of its obligations under this Agreement, is subject to the control or direction of the District as to the designation of tasks to be performed and the results to be accomplished, and not the means, methods, or sequence used by Contractor for accomplishing the results, unless otherwise specified in Exhibit A.
- 2.10. If any third persons are employed by Contractor in the performance of this agreement, such persons shall be entirely and exclusively under the direction, supervision, and control of Contractor. All terms of employment, including hours,

wages, working conditions, discipline, hiring, and discharging, or any other terms of employment or requirements of law shall be determined by Contractor, and the District shall have no right or authority over such persons or their terms of employment.

2.11. It is further understood and agreed that as an independent contractor, neither Contractor nor Contractor's assigned personnel shall have any entitlement as a District employee, right to act on behalf of the District in any capacity whatsoever as an agent, nor to bind the District to any obligation whatsoever. Contractor shall not be covered by the District's worker's compensation insurance; nor shall Contractor be entitled to compensated sick leave, vacation leave, retirement entitlements, participation in group health, dental, life or other insurance programs, or entitled to other fringe benefits payable by the District to employees of the District.

## 3. TERM OF AGREEMENT

3.1. Unless earlier terminated pursuant to Paragraph 8, this Agreement shall commence on the Effective Date and shall expire when all tasks have been completed and final payment has been made by the District.

#### 4. COMPENSATION

- 4.1. For the Services described in Paragraph 2, the District agrees to pay Contractor in accordance with the method and amounts described in Exhibit B, attached hereto and incorporated herein. Total compensation under the Agreement shall not exceed a Maximum Agreement Ceiling of \$(dollars).
- 4.2. In case of changes affecting the scope of Services resulting from new findings, unanticipated conditions, or other conflicts or discrepancies, Contractor shall promptly notify the District of the identified changes and advise the District of the recommended solution. Work shall not be performed on such changes without prior written authorization of the District.

## 5. NOTICE TO PROCEED

- 5.1. This Agreement shall become effective upon execution of the second signature. Contractor shall commence work upon receipt of the District's Notice to Proceed, which shall be in the form of a letter signed by the District's Project Manager, as specified in Paragraph 11.1 herein. The District's Notice to Proceed will authorize the Services described in Exhibit A with ceiling prices described in Paragraph 4. No work shall commence until the Notice to Proceed is issued.
- 5.2. [Include this paragraph only if your scope of services includes Optional Services.] The District may at its option issue a Notice to Proceed for some or all of the Optional Services described in Exhibit A. Compensation for Optional Services shall be in

accordance with the method and amounts described in Exhibit B.

#### 6. SECURITY OF PROTECTED INFORMATION

- 6.1. Standard of Care.
  - 6.1.1. Contractor acknowledges and agrees that, in the course of providing the Services, Contractor may create, receive, or have access to Protected Information. Contractor shall comply with the terms and conditions set forth in this Agreement in its creation, collection, receipt, transmission, storage, disposal, use, and disclosure of Protected Information and be responsible for any unauthorized creation, collection, receipt, transmission, access, storage, disposal, use, or disclosure of Protected Information under its control or in its possession by all Authorized Persons. Protected Information is deemed to be the property of the District and is not the property of Contractor.
  - 6.1.2. In recognition of the foregoing, Contractor agrees and covenants that it shall:
    - 6.1.2.1. Keep and maintain all Protected Information in strict confidence, using such degree of care as is appropriate to avoid unauthorized access, use, or disclosure;
    - 6.1.2.2. Not create, collect, receive, access, or use Protected Information in violation of law, including state, federal, and international law;
    - 6.1.2.3. Use and disclose Protected Information solely and exclusively for the purposes for which the Protected Information, or access to it, is provided by the District to Contractor pursuant to the terms and conditions of this Agreement, and not use, sell, rent, transfer, distribute, or otherwise disclose or make available Protected Information for Contractor's own purposes or for the benefit of anyone other than the District; and
    - 6.1.2.4. Not, directly or indirectly, disclose Protected Information to any person other than Authorized Persons.
- 6.2. Information Security.
  - 6.2.1. Contractor represents and warrants that its creation, collection, receipt, access, use, storage, disposal, and disclosure of Protected Information does and will comply with all applicable federal, state and international privacy and data protection laws, as well as all other applicable regulations and directives. Contractor will remain aware at all times of changes to all applicable federal, state and international privacy and data protection laws and promptly implement all procedures and practices as may be necessary to remain in compliance with the laws, in each case, at Contractor's sole cost

- and expense.
- 6.2.2. Contractor shall implement and maintain a written information security program including appropriate policies, procedures and risk assessments to safeguard data security and privacy that are reviewed by Contractor at least annually.
- 6.2.3. Without limiting Contractor's obligations under Paragraph 6.2.1, Contractor shall implement administrative, physical, and technical safeguards to protect Protected Information from unauthorized access, acquisition, or disclosure, destruction, alteration, accidental loss, misuse, or damage that are no less rigorous than accepted industry best practices, the International Organization for Standardization's standards: ISO/IEC 27001 Information Security Management Systems Requirements and ISO/IEC 27002 Code of Practice for International Security Management, the National Institute of Standards and Technology (NIST) Cybersecurity Framework or Center for Internet Security, Critical Security Controls (CSC-20), and shall ensure that all such safeguards, including the manner in which Protected Information is created, collected, accessed, received, used, stored, processed, disposed of, and disclosed, comply with applicable data protection and privacy laws, as well as the terms and conditions of this Agreement.
- 6.2.4. At a minimum, Contractor's safeguards for the protection of Protected Information shall include: (i) limiting access of Personal Information to Authorized Persons; (ii) securing, both physically and technologically, business facilities, data centers, paper files, servers, backup systems, and computing equipment, including, but not limited to, all mobile devices and other equipment with information storage capability; (iii) implementing network, application, database, and platform security; (iv) securing information transmission, storage, and disposal; (v) implementing authentication and access controls within media, applications, operating systems, and equipment; (vi) encrypting Highly-Sensitive Personal Information stored on any media; (vii) encrypting Highly-Sensitive Personal Information transmitted over public or wireless networks; (viii) strictly segregating Protected Information from information of Contractor or its other customers so that Protected Information is not commingled with any other types of information; (ix) conducting risk assessments, penetration testing, and vulnerability scans and promptly implementing, at Contractor's sole cost and expense, a corrective action plan to correct any issues that are reported as a result of the testing; (x) implementing appropriate personnel security and integrity procedures and practices, including, but not limited to, conducting background checks consistent with applicable law; and (xi) providing appropriate privacy and information security training to Contractor's employees.

- 6.2.5. During the term of each Authorized Person's employment or retention through subcontract by Contractor, Contractor shall at all times cause such Authorized Persons to abide strictly by Contractor's obligations under this Agreement. Contractor further agrees that it shall maintain a disciplinary process to address any unauthorized access, use, or disclosure of Protected Information by any of Contractor's officers, partners, principals, employees, agents, or contractors.
- 6.2.6. Within 15 days of making any material changes to Contractor's security program or administrative, physical, or technical safeguards to protect Protected Information from unauthorized access, disclosure, or use under Paragraphs 6.2.2 and 6.2.3 of this Agreement, Contractor shall notify the District of the change in writing.
- 6.3. Security Breach Procedures.
  - 6.3.1. Contractor shall:
    - 6.3.1.1. Upon execution of this agreement, provide the District with the name and contact information for an employee of Contractor who shall serve as the District's primary security contact and shall be available to assist the District twenty-four (24) hours per day, seven (7) days per week as a contact in resolving obligations associated with a Security Breach;
    - 6.3.1.2. Notify the District of a suspected Security Breach as soon as practicable, but no later than twenty-four (24) hours after Contractor becomes aware of it; and
    - 6.3.1.3. Notify the District of any suspected Security Breaches by reporting via email to <a href="mailto:itsecurity@ebmud.com">itsecurity@ebmud.com</a>. Once a suspected Security Breach has been confirmed, written notice should be provided to the District within twenty-four (24) hours of confirmation that a breach occurred.
  - 6.3.2. Immediately following Contractor's notification to the District of a Security Breach, the parties shall coordinate with each other to investigate the Security Breach. Contractor agrees to fully cooperate with the District in the District's handling of the matter, including, without limitation: (i) assisting with any investigation; (ii) providing the District with physical access to the facilities and operations affected; (iii) facilitating interviews with Contractor's employees, agents and others involved in the matter; and (iv) making available all relevant records, logs, files, data reporting, and other materials required to comply with applicable law, regulation, industry standards, or as otherwise required by the District.

- 6.3.3. Contractor shall, at its own expense, use best efforts to immediately contain and remedy any Security Breach and prevent any further Security Breach, including, but not limited to taking any and all action necessary to comply with applicable data security and privacy rights, laws, regulations, and standards. Contractor shall reimburse the District for all actual costs incurred by the District in responding to, and mitigating damages caused by, any Security Breach, including all costs of notice and/or remediation.
- 6.3.4. Contractor agrees that it shall not inform any third party of any Security Breach involving Protected Information without first obtaining the District's prior written consent, other than to inform a complaining District customer that the matter has been forwarded to the District. Further, Contractor agrees that the District shall have the sole right to determine: (i) whether notice of the Security Breach is to be provided to any individuals, regulators, law enforcement agencies, consumer reporting agencies, or others as required by law or regulation, or otherwise in the District's discretion; and (ii) the contents of such notice, whether any type of remediation may be offered to affected persons, and the nature and extent of any such remediation.
- 6.3.5. Contractor agrees to maintain and preserve all documents, records, and other data related to any Security Breach.
- 6.3.6. Contractor agrees to reasonably cooperate with the District in any litigation, investigation, or other action deemed necessary by the District to protect its rights relating to the use, disclosure, protection, and maintenance of the Protected Information.
- 6.4. Oversight of Security Compliance.

Upon the District's written request, to confirm compliance with this Agreement, as well as any applicable laws and industry standards, Contractor shall promptly and accurately complete a written information security questionnaire provided by the District, or a third party on the District's behalf, regarding Contractor's business practices and information technology environment in relation to all Protected Information being handled and/or services being provided by Contractor to the District pursuant to this Agreement. Contractor shall fully cooperate with such inquiries.

6.5. Return or Destruction of Protected Information.

At any time during the term of this Agreement at the District's written request or upon the termination or expiration of this Agreement for any reason, at the District's direction Contractor shall, and shall instruct all Authorized Persons to, promptly return to the District all copies, whether in written, electronic, or other form or media, of Protected Information in its possession or the possession of such

Authorized Persons, or securely dispose of all such copies, and certify in writing to the District that such Protected Information has been returned to the District or disposed of securely. Contractor shall comply with all directions provided by the District with respect to the return or disposal of Protected Information.

6.6. Contractor acknowledges that any breach of its covenants or obligations set forth in Paragraph 6 may cause the District irreparable harm for which monetary damages would not be adequate compensation and agrees that, in the event of such breach or threatened breach, the District is entitled to seek equitable relief, including a restraining order, injunctive relief, specific performance, and any other relief that may be available from any court, in addition to any other remedy to which the District may be entitled at law or in equity. Such remedies shall not be deemed to be exclusive but shall be in addition to all other remedies available at law or in equity, subject to any express exclusions or limitations in this Agreement to the contrary.

## 7. BREACH OF AGREEMENT

- 7.1. The following shall be considered a material breach of this Agreement:
  - 7.1.1. Contractor's failure to comply with any of the security requirements of Paragraph 6.
  - 7.1.2. The failure of the Services to comply with the technical specifications of Exhibit A.
  - 7.1.3. Contractor's failure to implement the Services in accordance with the schedule provided in Exhibit A.
  - 7.1.4. Contractor's failure to comply with any warranty provision of Paragraph 14.
  - 7.1.5. Contractor's failure to supply skilled supervisory personnel, an adequate number of properly skilled workers, proper materials, or necessary equipment to prosecute the Services in accordance with this Agreement.
  - 7.1.6. Contractor's failure to provide the District with a written plan to cure a District identified default as specified in Paragraph 7.2, or the District's reasonable refusal to accept Contractor's plan for curing its breach; or Contractor does not fully carry out an accepted plan to cure.
  - 7.1.7. Contractor's abandonment of the Services. Abandonment is conclusively presumed when the District requests a written plan to cure a breach and Contractor does not submit the plan within five (5) business days of the District's request.
  - 7.1.8. Contractor's insolvency or filing for relief under the bankruptcy laws of the United States.

- 7.1.9. Contractor's general assignment of this Agreement for the benefit of its creditors or failure to pay its debts as the same become due.
- 7.1.10. Appointment of a receiver to take charge of Contractor's property.
- 7.1.11. Contractor's disregard of legal requirements of agencies having jurisdiction over the Services, Contractor, or the District.
- 7.1.12. Contractor's breach of any other material obligation under this Agreement.
- 7.2. If the nature of any of the breaches identified in Paragraphs 7.1.1 through 7.1.12 is such that the breach may be cured, the breach shall not be considered a material breach if, after written notice from the District, the District is presented with a satisfactory plan to cure the breach within five (5) days and the breach is cured within thirty (30) days, except that any failures related to Contractor's information security obligations under Paragraph 6 shall be cured within five (5) days.
- 7.3. Upon any material breach of this Agreement, the District shall have the following remedies, at its option:
  - 7.3.1. The District may terminate the Agreement immediately in writing for cause under Paragraph 8.1.
  - 7.3.2. The District may provide notice in writing to Contractor of its intent to terminate this Agreement for cause, with the notice providing an effective termination date. The time between the date of the notice and the effective date of termination shall be the "Notice Period."
  - 7.3.3. During any Notice Period:
    - 7.3.3.1. Contractor shall continue to retain the District Information, or solely such specific databases or other collections or articles of District Information as the District may allow;
    - 7.3.3.2. Contractor shall continue to provide the Services as though this Agreement was still in force;
    - 7.3.3.3. The District shall pay in full all undisputed compensation due Contractor as of the notice date and shall pay monthly compensation to Contractor for retention of the Services, in accordance with the Agreement;
    - 7.3.3.4. Contractor will fully cooperate with the District so as to enable the District to transition the District Information and the Services to a District platform or a platform provided by a third party.

- 7.3.4. The District shall have the right, through written notice to Contractor, to extend the Notice Period or terminate the Agreement earlier than the Notice Period.
- 7.4. The remedies in this Paragraph 7 shall not be deemed to be exclusive but shall be in addition to all other remedies available in this Agreement or at law or in equity.

## 8. TERMINATION OF AGREEMENT

- 8.1. Termination by the District for Cause:
  - 8.1.1. District may terminate Contractor's right to proceed under this Agreement, in whole or in part, for cause at any time after the occurrence of any material breach under Paragraph 7.
- 8.2. Termination by the District for Convenience:
  - 8.2.1. The District may, at its option, and for its convenience, terminate this Agreement at any time by giving a minimum 30 day written notice to Contractor specifying the effective date of termination. Upon such termination, Contractor agrees to comply with the notice and further agrees to waive any claims for damages, including loss of anticipated profits, on account of the termination; and, as the sole right and remedy of Contractor, the District shall pay Contractor as set forth below.
  - 8.2.2. Upon receipt of a notice of termination for convenience, Contractor shall, unless the District directs otherwise, do the following:
    - 8.2.2.1. Immediately discontinue its performance of the Agreement to the extent specified in the notice.
    - 8.2.2.2. Place no further orders or subcontracts for equipment, services or software, except as may be necessary for completion of a portion of the Services that is not discontinued or that is necessary for an orderly cessation of the Services.
    - 8.2.2.3. Promptly cancel, on the most favorable terms reasonably possible, all subcontracts to the extent they relate to the performance of the discontinued portion of the Services, except for any subcontracts for which the District has requested assignment.
    - 8.2.2.4. Thereafter, perform only such Services as may be necessary to preserve and protect work done in furtherance of the Services already in progress.
- 8.3. This Agreement may be terminated by Contractor upon ninety (90) days written notice

to the District only in the event of substantial failure by the District to fulfill its obligations under this Agreement through no fault of Contractor.

## 8.4. Effect of Termination:

- 8.4.1. Upon termination, the obligations of the Agreement shall continue as to portions of the Services already performed and, subject to Contractor's obligations under Paragraph 8.2.2, as to bona fide obligations assumed by Contractor prior to the date of termination.
- 8.4.2. Upon termination of this Agreement the District may, at its election and by notice to Contractor, accept the assignment of any or all of Contractor's subcontracts and then complete the Services by any method the District may deem expedient.
- 8.4.3. If this Agreement is terminated, Contractor shall be entitled to compensation for services satisfactorily performed up to the effective date of termination; provided however, that the District may condition payment of such compensation upon Contractor's delivery to the District of any and all District Information, documents, photographs, computer software, digital files, and other materials provided to Contractor or prepared by Contractor for the District under this Agreement. Payment by the District for the services satisfactorily performed to the effective date of termination shall be the sole and exclusive remedy to which Contractor is entitled in the event of termination of the Agreement and Contractor shall be entitled to no other compensation or damages and expressly waives same.
- 8.4.4. Termination of this Agreement shall not relieve Contractor of any warranty obligations under Paragraph 14.
- 8.4.5. No termination or action taken by the District after termination shall prejudice any other rights or remedies of the District provided by law or by this Agreement.
- 8.4.6. If, after termination for other than convenience, it is determined that Contractor was not in material breach of this Agreement, or that the material breach was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for convenience pursuant to Paragraph 8.2.

## 9. CHANGES

9.1. Changes in the Services can only be made by way of an approved Change Order. The District Project Manager shall have authority to approve the Change Order. If the change causes an increase or decrease in the Maximum Cost Ceiling a change in the

- time for performance under the Agreement, or other substantial modifications to the Services, the District Project Manager shall memorialize these changes as an amendment to the Agreement.
- 9.2. The District reserves the right to make changes in the Services specified in Exhibit A or to omit any item or portion of the Services, as may be deemed by the District Project Manager to be necessary or advisable and to order such extra work as may be determined by the District Project Manager to be required for the proper execution and completion of the Services. Any such changes will be ordered in writing by the District Project Manager. The determination of the District Project Manager on all questions relating to changes, including extra work, shall be conclusive and binding.
- 9.3. If Contractor agrees with the terms and conditions of the approved Change Order, Contractor shall indicate its acceptance by signing the original copy and returning it to the District Project Manager with reasonable promptness and in such sequence as to not delay the Services or activities of the District or of separate contractors, whichever is sooner. Payment in accordance with the terms and conditions set forth in the executed Change Order shall constitute full compensation for all Services included in the Change Order and the District will be released from any and all claims for direct, indirect, and impact expenses and additional time impact resulting from the Services.
- 9.4. If Contractor disagrees with the terms and conditions of the approved Change Order, Contractor shall indicate specific areas of disagreement and return the approved Change Order to the District Project Manager with a detailed written dispute. No payment will be made on the disputed work until the approved Change Order is returned to the District Project Manager. However, whether or not Contractor agrees with the terms and conditions of an approved Change Order, Contractor shall immediately revise its sequence of operations as required to facilitate timely completion of the changed work and shall proceed with the revised work sequence.

#### 10. DELAYS

- 10.1. Contractor shall take reasonable precautions to foresee and prevent Delay Events in execution of the Services.
  - 10.1.1. When Contractor foresees a Delay Event, and upon the occurrence of a Delay Event, Contractor shall immediately notify the District Project Manager of the probability or the actual occurrence of a delay, and its cause. Within 15 days from the identification of a Delay Event, Contractor shall provide the District Project Manager with a detailed written description of the delay, its cause, its impact on the Services and the project schedule, and Contractor's mitigation plans. Failure to provide the notification required above shall operate as a waiver of Contractor's right to any additional time or compensation resulting from the Delay Event for whatever cause.

- 10.1.2. The District Project Manager will investigate the facts and ascertain the extent of the Delay Event, and the District Project Manager's findings regarding the Delay Event shall be final and conclusive, except in the case of gross error on the part of the District Project Manager. An extension of time must be approved by the District Project Manager to be effective.
- 10.1.3. The granting, or acceptance, of extensions of time to complete the Services will not operate as a release of Contractor or the surety on Contractor's faithful performance bond.
- 10.1.4. With respect to all Delay Events (Compensable, Excusable, or Inexcusable), Contractor shall reschedule the Services and revise its operations, to the extent possible, to mitigate the effects of the Delay Event.
- 10.2. For Inexcusable Delay Events, Contractor shall not be entitled to an extension of time or additional compensation for any loss, cost, damage, expense or liability resulting directly or indirectly from the Inexcusable Delay Event.
- 10.3. For Excusable Delay Events, the District Project Manager will grant Contractor an extension of the time to perform under the Agreement, but Contractor shall not be entitled to any additional compensation for any loss, costs, damages, expenses or liability resulting directly or indirectly from the Excusable Delay Event.
- 10.4. For Compensable Delay Events, the District Project Manager will grant Contractor an extension of the time to perform under the Agreement and compensation in an amount that represents Contractor's actual direct costs incurred as a direct result of the compensable delay. Contractor may recover its direct costs only and may not recover (and waives) all other types of indirect, consequential, special and incidental damages.
- 10.5. For Concurrent Delay Events, the following rules apply:
  - 10.5.1. If one or more of the Concurrent Delay Events are Excusable or Compensable, the period of concurrent delay will be treated as an Excusable Delay Event.
  - 10.5.2. If all of the Concurrent Delay Events are Inexcusable, the period of concurrent delay will be treated as an Inexcusable Delay Event.

## 11. PROJECT MANAGERS

11.1. The District designates [District Project Manager's name] as its Project Manager, who shall be responsible for administering and interpreting the terms and conditions of this Agreement, for matters relating to Contractor's performance under this Agreement, and for liaison and coordination between the District and Contractor.

- Contractor may be requested to assist in such coordinating activities as necessary as part of the services. In the event the District wishes to make a change in the District's representative, the District will notify Contractor of the change in writing.
- 11.2. Contractor designates [Contractor's Project Manager's name] as its Project Manager, who shall have immediate responsibility for the performance of the work and for all matters relating to performance under this Agreement. Any change in Contractor-designated personnel or subconsultants shall be subject to approval by the District's Project Manager.

## **12. INSURANCE**

- 12.1. <u>Required Coverage</u>. The Contractor shall take out and maintain during the life of the Agreement all insurance required as described in Exhibit C, attached hereto and incorporated herein.
- 12.2. <u>Non-Waiver</u>. This Paragraph 12 is not intended to and shall not be construed in any manner as to waive, restrict, or limit the liability of Contractor for any obligations under this Agreement (including Contractor's obligation to indemnify, defend and hold harmless the District).

## 13. INDEMNIFICATION

- 13.1. <u>General Indemnification</u>. Contractor expressly agrees to defend, indemnify, and hold harmless the District and its Directors, officers, agents and employees from and against any and all loss, liability, expense, claims, suits, and damages, including attorneys' fees, arising out of or pertaining or relating to Contractor's, its associates', employees', subcontractors', or other agents' negligence, recklessness, or willful misconduct, in the operation and/or performance under this Agreement.
- 13.2. <u>Security Breach Indemnification</u>. Contractor expressly agrees to defend, indemnify, and hold harmless the District and its Directors, officers, agents and employees from and against any and all loss, liability, expense, claims, suits, and damages, including attorneys' fees, arising out of or pertaining or relating to Contractor's, its associates', employees', subconsultants', or other agents' failure to comply with any of the Security provisions of Paragraph 6 of this Agreement.

## **14. WARRANTIES AND REMEDIES**

- 14.1. Contractor warrants for a period of [three (3) years that the Services:
  - 14.1.1. Will conform to and perform in accordance with the requirements of this Agreement, including the Security provisions of Paragraph 6, and any specifications set forth in Exhibit A;
  - 14.1.2. Will be performed in a professional and workmanlike manner in accordance

with industry standards and practices for similar services, using personnel with the requisite skill, experience, and qualifications, devoting adequate resources to meet its obligations under this Agreement;

- 14.1.3. Will be provided free from harmful or malicious code;
- 14.1.4. Will be provided in compliance with all applicable laws; and
- 14.1.5. Will not infringe, misappropriate, or otherwise violate any Intellectual Property Right or other right of any third party.
- 14.2. In the event of any Security Breach or if the Services fail to comply with the warranties as stated in Paragraph 14, in addition to any equitable remedies provided in Paragraphs 6 and 7, the District shall be entitled to any resulting direct and indirect damages. However, in no event shall Contractor's liability exceed the minimum insurance limits set forth in this Agreement.
- 14.3. The limitations on liability in Paragraph 14.2 shall not apply to:
  - 14.3.1. Losses resulting from Contractor's failure to comply with its obligations under Paragraph 6;
  - 14.3.2. Losses resulting from any claim that the Services infringe, misappropriate, or otherwise violate any Intellectual Property Right or other right of any third party.
  - 14.3.3. Contractor's indemnification obligations under Paragraph 13;
  - 14.3.4. Losses resulting from Contractor's unauthorized or intentional suspension, termination, or disabling of the Services in breach of this Agreement;
  - 14.3.5. Losses resulting from Contractor's gross negligence or more culpable conduct, including any willful misconduct or intentional wrongful acts;
  - 14.3.6. Losses resulting from death, bodily injury, or damage to real or tangible personal property arising out of or relating to Contractor's negligent or more culpable acts or omissions; or
  - 14.3.7. Losses resulting from Contractor's violation of any law.
- 14.4. Except for the express warranties provided in this Paragraph 14, each Party hereby disclaims all warranties, whether express, implied, statutory, or otherwise under or in connection with this Agreement or any subject matter hereof.
- 14.5. To the extent the provisions of this Paragraph 14 conflict with any warranties, disclaimers, limitations of liability or exclusions of remedies included in any license or

terms and conditions document provided to the District by Contractor or Contractor's, partners, contractor's or agents in support of the Services, the provisions of this Paragraph 14 shall govern.

## 15. NOTICES

15.1. Any notice that the District may desire or is required at any time to give or serve Contractor may be delivered personally, or be sent by United States mail, postage prepaid, addressed to:

```
[Contractor's firm's name]
[address]
Attention: [contact, usually Contractor's project manager],
```

or at such other address as shall have been last furnished in writing by Contractor to the District.

15.2. Any notice which Contractor may desire or is required at any time to give or serve upon the District may be delivered personally at EBMUD, 375 11th Street, Oakland, CA 94607-4240, or be sent by United States mail, postage prepaid, addressed to:

```
[District position, not a specific name]
P.O. Box 24055, MS [mailstop]
Oakland, CA 94623-1055
```

or at such other address as shall have been last furnished in writing by the District to Contractor.

15.3. Such personal delivery or mailing in such manner shall constitute a good, sufficient and lawful notice and service thereof in all such cases.

## 16. CONTRACT EQUITY PROGRAM COMPLIANCE

- 16.1. Contractor expressly agrees that this Agreement is subject to the District's Contract Equity Program ("CEP"). Contractor is familiar with the District's CEP and Equal Opportunity Guidelines, and has read and understood all of the program requirements. Contractor understands and agrees to comply with the CEP and all requirements therein, including each of the Good Faith Efforts. Contractor further understands and agrees that non-compliance with the CEP requirements may result in termination of this Agreement.
- 16.2. Designated CEP compliance for the duration of this Agreement is listed in Exhibit C, which is attached hereto and incorporated herein. Contractor shall maintain records of the total amount actually paid to each subconsultant. Any change of Contractor's listed subconsultants shall be subject to approval by the District's Project Manager.

#### 17. NONDISCRIMINATION

- 17.1. There shall be no discrimination in the performance of this Agreement, against any person, or group of persons, on account of race, color, religion, creed, national origin, ancestry, gender including gender identity or expression, age, marital or domestic partnership status, mental disability, physical disability (including HIV and AIDS), medical condition (including genetic characteristics or cancer), veteran or military status, family or medical leave status, genetic information, or sexual orientation. Contractor shall not establish or permit any such practice(s) of discrimination with reference to the Agreement or any part. Contractors determined to be in violation of this Paragraph shall be deemed to be in material breach of this Agreement.
- 17.2. Contractor shall abide by the requirements of 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, sexual orientation, gender identity, or national origin in the performance of this Agreement. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, national origin, protected veteran status or disability.
- 17.3. Contractor shall include the two nondiscrimination provisions above in all subcontracts.

## **18. GENERAL PROVISIONS**

- 18.1. Contractor affirms that it does not have any financial interest or conflict of interest that would prevent Contractor from providing unbiased, impartial service to the District under this Agreement.
- 18.2. This Agreement represents the entire understanding of the District and Contractor as to those matters contained within it. No prior oral or written understanding shall be of any force or effect with respect to those matters covered under this Agreement. This Agreement may only be modified by amendment in writing signed by each party.
- 18.3. This Agreement is for the sole benefit of the Parties and their respective successors and permitted assigns and nothing herein, express or implied, is intended to or shall confer upon any other person or entity any legal or equitable right, benefit, or remedy of any nature whatsoever, under or by reason of this Agreement.
- 18.4. This Agreement is to be binding on the successors and assigns of the Parties. The services to be provided under this Agreement are deemed unique and Contractor shall not assign, transfer or otherwise substitute its interest in this Agreement or any of its obligations hereunder without the prior written consent of the District.

- 18.5. Should any part of this Agreement be declared by a final decision by a court or tribunal of competent jurisdiction to be unconstitutional, invalid or beyond the authority of either party to enter into or carry out, such decision shall not affect the validity of the remainder of this Agreement, which shall continue in full force and effect, provided that the remainder of this Agreement can be interpreted to give effect to the intentions of the Parties.
- 18.6. In the event that any action, suit, or other legal or administrative proceeding is instituted or commenced by either Party against the other Party arising out of this Agreement, the prevailing Party shall be entitled to recover its reasonable attorneys' fees and court costs from the non-prevailing Party.
- 18.7. Multiple copies of this Agreement may be executed by the Parties and the Parties agree that the Agreement on file at the District is the version of the Agreement that shall take precedence should any differences exist among counterparts of the Agreement.
- 18.8. This Agreement and all matters relating to it shall be governed by the laws of the State of California.
- 18.9. Contractor, its employees, subcontractors, and agents shall not refer to the District, or use any logos, images, or photographs of the District for any commercial purpose, including, but not limited to, advertising, promotion, or public relations, without the District's prior written consent. Such written consent shall not be required for the inclusion of the District's name on a customer list.
- 18.10. The District's waiver of the performance of any covenant, condition, obligation, representation, warranty or promise in this agreement shall not invalidate this Agreement or be deemed a waiver of any other covenant, condition, obligation, representation, warranty or promise. The District's waiver of the time for performing any act or condition hereunder does not constitute a waiver of the act or condition itself.
- 18.11. The rights and remedies of the District provided herein shall not be exclusive and are in addition to any other rights and remedies provided by law or under the Agreement.
- 18.12. The provisions of Paragraphs 2.5, 13 and 14 shall survive any termination of this Agreement.

IN WITNESS WHEREOF, the parties hereto each herewith subscribe the same in duplicate.

CERTIFICATION OF FIRM'S OWNERSHIP AND COMPLIANCE WITH EQUAL EMPLOYMENT OPPORTUNITY REQUIREMENTS REGARDING EQUAL OPPORTUNITY AND AFFIRMATIVE ACTION REPORTING AND COMPLIANCE PROGRAMS INCLUDING HAVING A DISTRICT APPROVED PROCESS FOR RESPONDING TO COMPLAINTS OF DISCRIMINATION, HARASSMENT, AND RETALIATION

The undersigned has been (is) authorized to execute this certificate	NAME OF FIRM
	and
swears under penalty of perjury that the foregoing statements are	•
necessary to identify and explain the operations of this firm as w	ell as the ownership thereof. Any material misrepresentation
will be grounds for terminating any purchase orders or contracts w	hich may be or were awarded and for initiating actions under
Federal or State laws concerning false statements. The District rese	erves the right to request support documentation, such as tax
records, articles of incorporation and board minutes to verify comp	osition of ownership.
The undersigned does further certify that the firm named above co	nplies with the following non-discrimination clauses:
There shall be no discrimination against any person, or groups of	persons, per Government Code Section 12940, Labor Code
Section 1735, or any other applicable law or regulation in the perfo	rmance of this contract.
There shall be no discrimination in the performance of this contract	, against any person, or group of persons, on account of race,
color, religion, religious creed, national origin, ancestry, gender inc	uding gender identity or expression, age, marital or domestic
partnership status, mental disability, physical disability (including HIV	and AIDS), medical condition (including genetic characteristics
or cancer), genetic information, sexual orientation, or military and v	eteran status. The Contractor shall not establish or permit any
such practice(s) of discrimination with reference to the contract. C	ontractors determined to be in violation of this section will be
deemed to be in material breach of the contract.	
Contractor and its subcontractors shall abide by the requirer	nents of 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a).
These regulations prohibit discrimination against qualified in	dividuals based on their status as protected veterans or
individuals with disabilities, and prohibit discrimination again	st all individuals based on their race, color, religion, sex,
sexual orientation, gender identity, or national origin in the po	erformance of this contract. Moreover, these regulations
require that covered prime contractors and subcontractors tak	e affirmative action to employ and advance in employment
individuals without regard to race, color, religion, sex, national	origin, protected veteran status or disability.
The Contractor shall include the nondiscrimination and compliance	provisions of these clauses in all subcontracts

## Preliminary Security Information Gathering (PSIG)

As a component of the supplemental RFP process, EBMUD will be performing a qualifying evaluation of each of the RFP respondents Information Protection program. Please respond to the following questions, keeping your responses as brief as possible, please limit your responses to no more than five (5) pages in total. If your organization is selected you will have the opportunity to provide more indepth responses during the formal security review.

#### A. Risk Management

Objective: Organizations should create and maintain a continuous process for IT and Infrastructure risk management to identify, quantify, and prioritize risks against defined risk acceptance levels and objectives relevant to the organization.

- 1. Describe your organization's IT Risk Governance
- 2. Describe your organization's IT Risk Life Cycle

#### B. Information Security Policy

Objective: Organizations should provide management direction and support for information security in accordance with business requirements and relevant laws and regulations. They should set a clear policy direction in line with business objectives and demonstrate support for, and commitment to, information security through the issue, acceptance and maintenance of an information security policy across the organization.

- 1. Describe your organization's Information Security Policy
- 2. Describe how the policy or policy set is reviewed and maintained, include the frequency of review

#### C. Information Security Organization

Objective: Organizations should establish a management framework to control and manage the information security organization. This should include the protection of organizational information through the use of employee confidentiality agreements and the addition of clauses in dependent service provider contracts or agreements.

- 1. Describe the size and structure of your Information Security department.
- 2. Does your organization rely on dependant service providers? If so, how is their security vetted by your organization?

#### D. Physical and Environmental Security

Objective: Organizations should take appropriate steps to prevent unauthorized physical access, as well as accidental and intentional damage to the organizations' physical premises, systems and information. Organizations should also take appropriate steps to protect against environmental and systems malfunctions or failures.

- 1. Describe the physical controls in place at your data center(s)
- 2. Describe the environmental controls in your data center(s)

## Preliminary Security Information Gathering

#### E. Operational Security

Objective: Organizations should maintain documented operating procedures and technological controls to ensure the effective management, operation, integrity and security of their information systems and data.

- 1. Describe the operational controls in place
- 2. How does your organization log and monitor system and network activity?
- 3. Describe your intrusion detection methodology
- 4. Describe your organization's data backup and restoration process
- 5. Describe your organization's change control process

#### F. Access Control

Objective: Organizations should ensure sufficient control over access to information, including controlled access to target data and information processing systems and facilities. These controls should be based on security and business requirements, and should follow both industry best practices and internal policies.

- 1. Describe your organization's access control policy
- 2. How does your organization handle privilege delegation and separation of duties?
- 3. How does your organization handle inactive accounts and access revocation?

#### G. Software Development and Maintenance

Objective: Organizations should utilize a comprehensive application security program to help ensure that external high-risk applications are consistent with industry security requirements. This should include full application compliance testing and software development reviews.

- 1. Describe your Software Development Lifecycle
- 2. Describe your application vulnerability assessment methodology
- 3. Describe your application and system patching strategy.
- 4. What is the frequency of application and system security review?

#### H. Incident management

Organizations' incident response programs should include formal event reporting and escalation procedures that should be clearly communicated throughout the organizations, and should include the active participation of incident response members with clearly defined roles and responsibilities.

1. Describe your incident management program

#### I. Business Continuity

Objective: Organizations should incorporate business continuity considerations into the overall design of their business model to mitigate the risk of service disruptions and the impacts of those within the supply chain. This should include an enterprise-wide, process-oriented approach that considers technology, business operations, testing, and communication strategies that are critical to business continuity planning for the entire business.

- 1. Describe your Organization's Business Continuity program
- 2. Has your Organization performed a recent Business Impact Analysis?
- 3. Does your organization have a current Threat Assessment?
- 4. How often is your business continuity plan tested?

## **Preliminary Security Information Gathering**

#### J. Regulatory Compliance

Objective: Organizations should ensure compliance of information systems with the organizational security policies and standards to include checking systems regularly against compliance with security implementation standards and regulatory requirements.

- 1. How does your organization ensure compliance with internal policies and standards?
- 2. How do you ensure compliance with Federal, State, and local laws?

#### K. Privacy

Objective: Organizations should establish a management framework to control and manage their privacy program. This should include the overall management of the privacy program within the organization and with all third parties that have access to target privacy data. The privacy program should include: individuals responsible for the creation, oversight and maintenance of the program; all third parties meeting their commitments under the organization's business requirements, privacy applicable law, policy and industry best practices; and the protection and privacy of target privacy data through its life cycle of collection, storage, usage, sharing, transferring, securing, retention and destruction.

1. Describe your organization's Privacy program
