III. DISTRICT PROCEDURES, TERMS, AND CONDITIONS

A. RFP ACCEPTANCE AND AWARD

- 1. RFP responses will be evaluated by the Selection Committee and will be scored and ranked in accordance with the RFP section entitled "Evaluation Criteria/Selection Committee."
- 2. The Selection Committee will recommend award to the Proposer who, in its opinion, has submitted the RFP response that best serves the overall interests of the District. Award may not necessarily be made to the Proposer with the lowest overall cost.

3. The District reserves the right to award to a single or to multiple General or Professional Service Providers, dependent upon what is in the best interest of the District.
4. The District has the right to decline to award this contract or any part of it for any reason.
5. Any specifications, terms, or conditions issued by the District, or those included in the Proposer's submission, in relation to this RFP, may be incorporated into any purchase order or contract that may be awarded as a result of this RFP.
6. Award of contract. The District reserves the right to reject any or all proposals, to accept one part of a proposal and reject the other, unless the proposer stipulates to the contrary, and to waive minor technical defects and administrative errors, as the interest of the District may require. Award will be made, or proposals rejected by the District as soon as possible after proposals have been opened.

B. EVALUATION CRITERIA/SELECTION COMMITTEE

All proposals will be evaluated by a Selection Committee. The Selection Committee may be composed of District staff and other parties that have expertise or experience in this type of procurement. The Selection Committee will select a Proposer in accordance with the evaluation criteria set forth in this RFP. The evaluation of the RFP responses shall be within the sole judgment and discretion of the Selection Committee.

The Selection Committee will evaluate each RFP response meeting the qualification requirements set forth in this RFP. Proposer should bear in mind that any RFP response that is unrealistic in terms of the technical or schedule commitments, or unrealistically high or low in cost, will be deemed reflective of an inherent lack of technical competence or indicative of a failure to comprehend the complexity and risk of the District's requirements as set forth in this RFP. Cost can be replaced with level of effort if appropriate for professional services

RFP responses will be evaluated and scored according to the Evaluation Criteria below and scored according to a zero to five-point scale. The scores for all Evaluation Criteria will then be added to arrive at a weighted score for each RFP response. An RFP response with a high weighted total will be ranked higher than one with a lesser-weighted total.

The Evaluation Criteria are as follows:

	Evaluation Criteria
A.	Cost: The points for Cost will be computed by dividing the amount of the lowest responsive RFP response received by each Proposer's total proposed cost.

	While not reflected in the Cost evaluation points, an evaluation may also be made of: 1. Reasonableness (i.e., does the proposed pricing accurately reflect the Proposer's effort to meet requirements and objectives?); 2. Realism (i.e., is the proposed cost appropriate to the nature of the products and services to be provided?); and 3. Affordability (i.e., the ability of the District to finance this project). Consideration of price in terms of overall affordability may be controlling in circumstances where two or more RFP responses are otherwise judged to be equal, or when a superior RFP response is at a price that the District cannot afford.
B.	Implementation Plan and Schedule: An evaluation will be made of the likelihood that the Proposer's implementation plan and schedule will meet the District's schedule. Additional credit will be given for the identification and planning for mitigation of schedule risks which the Proposer believes may adversely affect any portion of the District's schedule.
C.	Relevant Experience: RFP responses will be evaluated against the RFP specifications and the questions below: 1. Do the individuals assigned to the project have experience on similar projects? 2. Are résumés complete and do they demonstrate backgrounds that would be desirable for individuals engaged in the work the project requires?
D.	Understanding of the Project: RFP responses will be evaluated against the RFP specifications and the questions below: 1. Has the Proposer demonstrated a thorough understanding of the purpose and scope of the project? 2. Has the Proposer demonstrated that it understands the deliverables the District expects it to provide? 3. Has the Proposer demonstrated that it understands the District's time schedule and can meet it?
E.	Contract Equity Program: Proposer shall be eligible for SBE or DVBE preference points if they are a certified small business entity, as described in the guidelines contained in Exhibit A-Contract Equity Program, <u>and</u> they check the appropriate box, requesting preference, in Exhibit A-Proposer Information and Acceptance. Qualified DVBEs and/or SBEs will receive an additional 5 points to their total score.

c. PRICING

1. Prices quoted shall be firm for the duration of the contract that may be awarded pursuant to this RFP.
2. All prices quoted shall be in United States dollars.
3. Price quotes shall include any and all payment incentives available to the District.
4. Proposers are advised that in the evaluation of cost, if applicable, it will be assumed that the unit price quoted is correct in the case of a discrepancy between the unit price and extended price.
5. Prevailing Wages:

All Contractors proposing on a public works project and all Subcontractors of any tier shall be registered with the State Department of Industrial Relations pursuant to Section 1725.5 of the Labor Code.

The Contractor shall post a copy of the general prevailing rate of per diem wages at the jobsite pursuant to Section 1773.2 of the Labor Code of the State of California.

Pursuant to the provisions of Division 2, Part 7, Chapter 1, Article 2, and any amendments thereof of the Labor Code of the State of California, the Contractor and any Subcontractor shall pay not less than the specified prevailing rate of wages to all workers employed in the execution of the contract.

The Contractor shall, as a penalty to the State or the District, forfeit Twenty-Five (\$25.00) Dollars for each calendar day, or portion thereof, for each worker paid less than the stipulated prevailing rates for any work or craft in which such worker is employed under the contract by the Contractor or by any Subcontractor. The difference between such stipulated prevailing wage rates and the amount paid to such worker for each calendar day or portion thereof for which each worker was paid less than the stipulated prevailing wage rate shall be paid to each worker by the Contractor. The Contractor shall comply with the provisions of Section 1776 of the Labor Code of the State of California. For all classes of work not specified herein, the minimum wage shall be that specified for general laborer.

The specified wage rates are minimum rates only and the District will not consider and shall not be liable for any claims for additional compensation made by the Contractor because of payment by Contractor of any wage rate in excess

of the general prevailing rates. All disputes in regard to the payment of wages in excess of those specified herein shall be adjusted by the Contractor at his own expense.

The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification, or type of worker employed on the project.

D. NOTICE OF INTENT TO AWARD AND PROTESTS

At the conclusion of the RFP response evaluation process, all entities who submitted a proposal package will be notified in writing by e-mail or USPS mail with the name of the Proposer being recommended for contract award. The document providing this notification is the Notice of Intent to Award.

Negotiations for a Consulting Services Agreement with a “not to exceed” contract price (for time and expenses) will be scheduled shortly after the Notice of Intent to Award. If an Agreement cannot be achieved, the District will proceed to negotiate with the next highest ranked Proposer.

Protests must be in writing and must be received no later than seven (7) workdays after the District issues the Notice of Intent to Award. The District will reject the protest as untimely if it is received after this specified time frame. Protests will be accepted from proposers or potential proposers only.

If the protest is mailed and not received by the District, the protesting party bears the burden of proof to submit evidence (e.g., certified mail receipt) that the protest was sent in a timely manner so that it would be received by the District within the RFP protest period.

Proposal protests must contain a detailed and complete written statement describing the reason(s) for protest. The protest must include the name and/or number of the proposal, the name of the firm protesting, and include a name, telephone number, email address and physical address of the protester. If a firm is representing the protester, they shall include their contact information in addition to that of the protesting firm.

Protests must be mailed, hand delivered, or emailed to the Manager of Purchasing, Mailstop 102, East Bay Municipal Utility District, 1010 Franklin St., Oakland, CA 94607 or P.O. Box 24055, Oakland, California 94623. Facsimile and electronic mail protests must be followed by a mailed or hand delivered identical copy of the protest and must arrive within the seven workday time limit. Any proposal protest filed with any other District office shall be forwarded immediately to the Manager of Purchasing.

In the event that the protest is denied, the protester can appeal the determination to the requesting organization's Department Director. The appeal must be submitted to the Department Director no later than five workdays from the date which the protest determination was transmitted by the District, to the protesting party. The appeal shall focus on the points raised in the original protest, and no new points shall be raised in the appeal.

Such an appeal must be made in writing and must include all grounds for the appeal and copies of the original protest and the District's response. The proposal protester must also send the Purchasing Division a copy of all materials sent to the Department Director.

The Department Director will make a determination of the appeal and respond to the protester by certified mail in a timely manner. If the appeal is denied, the letter will include the date, time, and location of the Board of Directors meeting at which staff will make a recommendation for award and inform the protester it may request to address the Board of Directors at that meeting.

The District may transmit copies of the protest and any attached documentation to all other parties who may be affected by the outcome of the protest. The decision of the District as to the validity of any protest is final. This District's final decision will be transmitted to all affected parties in a timely manner.

E. INVOICING

1. Following the Districts acceptance of product(s) meeting all specified requirements, and/or the complete and satisfactory performance of services, the District will render payment within thirty (30) days of receipt of a correct invoice.
2. The District will notify the General or Professional Service Provider of any invoice adjustments required.
3. Invoices shall contain, at a minimum, District purchase order number, invoice number, remit to address, and itemized services description.
4. The District will pay General or Professional Service Provider in an amount not to exceed the negotiated amount(s) which will be referenced in the agreement signed by both parties.

CONTRACT EQUITY PROGRAM & EQUAL EMPLOYMENT OPPORTUNITY

The District's Board of Directors adopted the Contract Equity Program (CEP) to enhance equal opportunities for business owners of all races, ethnicities, and genders who are interested in doing business with the District. The program has contracting objectives, serving as the minimum level of expected contract participation for the three availability groups: white-men owned businesses, white-women owned businesses, and ethnic minority owned businesses. The contracting objectives apply to all contracts that are determined to have subcontracting opportunities, and to all General or Professional Service Providers regardless of their race, gender, or ethnicity.

All Contractors and their subcontractors performing work for the District must be Equal Employment Opportunity (EEO) employers and shall be bound by all laws prohibiting discrimination in employment. There shall be no discrimination against any person, or group of persons, on account of race, color, religion, creed, national origin, ancestry, gender including gender identity or expression, age, marital or domestic partnership status, mental disability, physical disability (including HIV and AIDS), medical condition (including genetic characteristics or cancer), genetic information, or sexual orientation.

Contractor and its subcontractors shall abide by the requirements of 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities and prohibit discrimination against all individuals based on their race, color, religion, sex, sexual orientation, gender identity, or national origin in the performance of this contract. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, national origin, protected veteran status or disability.

All Contractors shall include the nondiscrimination provisions above in all subcontracts.

Please include the required completed forms with your proposal. Non-compliance with the Guidelines may deem a proposal non-responsive, and therefore, ineligible for contract award. Your firm is responsible for:

- 1) Reading and understanding the CEP guidelines.
- 2) Filling out and submitting with your proposal the appropriate forms.

The CEP guidelines and forms can be downloaded from the District website at the following link:

If you have questions regarding the Contract Equity Program, please call (510) 287-0114.

EXHIBIT B INSURANCE REQUIREMENTS

CONTRACTOR/COMPANY NAME: _____

PROPOSER shall take out and maintain during the life of the Agreement all insurance required and PROPOSER shall not commence work until such insurance has been approved by DISTRICT. The proof of insurance shall be on forms provided by DISTRICT directly following these Insurance Requirements.

PROPOSERS are not required to submit completed insurance verification documents with their bid but will be required to submit them upon notification of award. By signing Exhibit A – RFP Response Packet, the BIDDER agrees to meet the minimum insurance requirements stated in the RFP.

The following provisions are applicable to all required insurance:

- A. Prior to the beginning of and throughout the duration of Services, and for any additional period of time as specified below, CONTRACTOR shall, at its sole cost and expense, maintain insurance in conformance with the requirements set forth below.
- B. CONTRACTOR shall provide Verification of Insurance as required by this Agreement by providing the completed Verification of Insurance as requested below by signing and submitting Exhibit B (“Insurance Requirements”) to the DISTRICT. The Insurance Requirements may be signed by the insurance broker or the insurance broker’s agent (Insurance Broker/Agent) for the CONTRACTOR, or by an officer of the CONTRACTOR (Officer), or by the CONTRACTOR’s risk manager (Risk Manager). The Notice to Proceed shall not be issued, and CONTRACTOR shall not commence Services until a signed Verification of Insurance evidencing the specific coverages and limits required by this Agreement has been received by the DISTRICT.
- C. CONTRACTOR shall carry and maintain the minimum insurance requirements as defined in this Agreement. CONTRACTOR shall require any contractor/subcontractor to carry and maintain the minimum insurance required in this Agreement to the extent the insurance applies to the scope of the services to be performed by contractor/subcontractor.
- D. Receipt of a signed Verification of Insurance by the DISTRICT shall not relieve CONTRACTOR of any of the insurance requirements, nor decrease liability of CONTRACTOR.
- E. Insurance must be maintained, and an updated Verification of Insurance must be provided to the DISTRICT before the expiration of insurance by having the Insurance Broker/Agent, Officer, or Risk Manager update, sign and return the Insurance Requirements to the DISTRICT’s contract manager. The updated Insurance Requirements shall become a part of the Agreement but shall not require a change order to the Agreement. It is the CONTRACTOR’s sole responsibility to provide or to ensure that an updated Verification of Insurance is provided to the DISTRICT. The DISTRICT has no obligation to solicit, remind, prompt, request, seek, or otherwise obtain any updated Verification of Insurance, and any actual or alleged failure on the part of the DISTRICT to obtain any updated Verification of Insurance under this Agreement shall not in any way be construed to be a waiver of any right or remedy of the DISTRICT, in this or any regard.

- F. The insurance required hereunder may be obtained by a combination of primary, excess and/or umbrella insurance, and all coverages shall be at least as broad as the requirements listed in this Agreement.
- G. Any deductibles, self-insurance, or self-insured retentions (SIRs) applicable to the required insurance coverage must be declared to and accepted by the DISTRICT.
- H. At the option and request of the DISTRICT, CONTRACTOR shall provide documentation of its financial ability to pay the deductible, self-insurance, or SIR.
- I. CONTRACTOR is responsible for the payment of any deductibles or SIRs pertaining to the policies required under this Agreement. In the event CONTRACTOR is unable to pay the required SIR, CONTRACTOR agrees that such SIR may be satisfied, in whole or in part, by the DISTRICT as the additional insured at the DISTRICT's sole and absolute discretion, unless to do so would terminate or void the policy(ies).
- J. Unless otherwise accepted by the DISTRICT, all required insurance must be placed with insurers with a current A.M. Best's rating of no less than A- V.
- K. CONTRACTOR shall defend the DISTRICT and pay any damages as a result of failure to provide the waiver of subrogation from the insurance carrier required by this Agreement.
- L. For any coverage that is provided on a claims-made coverage form (which type of form is permitted only where specified), the retroactive date must be shown, must be before the date of this Agreement, and must be before the beginning of any Services related to this Agreement.
- M. For all claims-made policies the updated Verification of Insurance must be provided to the DISTRICT for at least three (3) years after expiration or termination of this Agreement.
- N. If claims-made coverage is canceled or is non-renewed and if the claims-made coverage is not replaced with another claims-made policy form with a retroactive date prior to the effective date of this Agreement and prior to the start of any Services related to this Agreement, CONTRACTOR must purchase an extended reporting period for a minimum of three (3) years after expiration or termination of the Agreement.
- O. In the event of a claim or suit, and upon request by the DISTRICT, CONTRACTOR agrees to provide a copy of the pertinent policy(ies) within 10 days of such request to the DISTRICT for review. Any actual or alleged failure on the part of the DISTRICT to request a copy of the pertinent policy(ies) shall not in any way be construed to be a waiver of any right or remedy of the DISTRICT, in this or any regard. Additionally, the DISTRICT may, at any time during CONTRACTOR's performance under this Agreement, request a copy of the Declarations pages and Schedule of Forms and Endorsements of any policy required to be maintained by CONTRACTOR hereunder, whether or not a suit or claim has been filed. Premium details may be redacted from any such documents requested.
- P. The defense and indemnification obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained herein.
- Q. Where additional insured coverage is required, the additional insured coverage shall be primary and non-contributory and will not seek contribution from the DISTRICT's insurance or self-insurance.

- R. CONTRACTOR agrees to provide immediate Notice to the DISTRICT of any loss or claim against CONTRACTOR arising out of, pertaining to, or in any way relating to this Agreement or to Services performed under this Agreement. The DISTRICT assumes no obligation or liability by such Notice but has the right (but not the duty) to monitor the handling of any such claim(s) if the claim(s) is likely to involve the DISTRICT.
- S. It is the obligation of the CONTRACTOR to ensure all contractors/subcontractors performing services under this Agreement maintain the necessary coverages and limits. CONTRACTOR shall ensure that all contractors/subcontractors agree to the same indemnity obligation that CONTRACTOR agrees to in this Agreement based on the nature and scope of services being performed by each contractor/subcontractor. CONTRACTOR shall require that each contractor/subcontractor include the DISTRICT, its directors, officers, and employees as additional insureds on its liability policy(ies) (excepting Professional Liability and Workers' Compensation) for all ongoing and completed operations with coverage as broad as required of CONTRACTOR under this Agreement. Failure or inability to secure fully adequate insurance shall in no way relieve the CONTRACTOR or all contractors/subcontractors of the responsibility for its own acts or the acts of any contractors/subcontractors or any employees or agents of either. All contractors/subcontractors are to waive subrogation against the DISTRICT on all policies. CONTRACTOR shall be responsible for maintaining records evidencing contractors'/subcontractors' compliance with the necessary insurance coverages and limits, and such records shall be made available to the DISTRICT within 10 days upon request.
- T. It is CONTRACTOR's responsibility to ensure its compliance with the insurance requirements. Any actual or alleged failure on the part of the DISTRICT to obtain proof of insurance required under this Agreement shall not in any way be construed to be a waiver of any right or remedy of the DISTRICT, in this or any regard.
- U. Notice of Cancellation/Non-Renewal/Material Reduction. The insurance requirements hereunder are mandatory, and the DISTRICT may, at its sole and absolute discretion, terminate the services provided by CONTRACTOR, should CONTRACTOR breach its obligations to maintain the required coverage and limits set forth in this Agreement. No coverage required hereunder shall be cancelled, non-renewed or materially reduced in coverage or limits without the DISTRICT being provided at least thirty (30) days prior written notice, other than cancellation for the non-payment of premiums, in which event the DISTRICT shall be provided ten (10) days prior written notice. Replacement of coverage with another policy or insurer, without any lapse in coverage or any reduction of the stated requirements does not require notice beyond submission to the DISTRICT of an updated Verification of Insurance which shall be met by having the Insurance Broker/ Agent, or Officer, or Risk Manager update, sign and return the Insurance Requirements.

- b. All materials furnished and all Work must be satisfactory to the Project Manager. Work, material, or machinery not in accordance with the Contract Documents, in the opinion of the Project Manager, shall be made to conform.

6. DEFECTIVE WORK

The Contractor shall replace at its own expense any part of the work that has been improperly executed, as determined by the Project Manager. If Contractor refuses or neglects to replace such defective work, it may be replaced by the District at the expense of the Contractor, and its sureties shall be liable therefor.

7. WARRANTY

Contractor expressly warrants that all goods furnished will conform strictly with the specifications and requirements contained herein and with all approved submittals, samples and/or models and information contained or referenced therein, all affirmations of fact or promises, and will be new, of merchantable quality, free from defects in materials and workmanship, including but not limited to leaks, breaks, penetrations, imperfections, corrosion, deterioration, or other kinds of product deficiencies. Contractor expressly warrants that all goods to be furnished will be fit and sufficient for the purpose(s) intended. Contractor expressly warrants that all goods shall be delivered free from any security interest, lien or encumbrance of any kind, and free from any claim of infringement, copyright or other intellectual property violation, or other violation of laws, statutes, regulations, ordinances, rules, treaties, import

restrictions, embargoes or other legal requirements. Contractor guarantees all products and services against faulty or inadequate design, manufacture, negligent or improper transport, handling, assembly, installation or testing, and further guaranties that there shall be strict compliance with all manufacturer guidelines, recommendations, and requirements, and that Contractor guaranties that it will conform to all requirements necessary to keep all manufacturer warranties and guarantees in full force and effect. These warranties and guarantees are inclusive of all parts, labor and equipment necessary to achieve strict conformance, and shall take precedence over any conflicting warranty or guarantee. These warranties and guarantees shall not be affected, limited, discharged or waived by any examination, inspection, delivery, acceptance, payment, course of dealing, course of performance, usage of trade, or termination for any reason and to any extent. In the absence of any conflicting language as to duration, which conflicting language will take precedence as being more specific, Contractor's aforesaid warranties and guarantees shall be in full force and effect for a period of one year from the date of acceptance by the District but shall continue in full force and effect following notice from District of any warranty or guarantee issue, until such issue has been fully resolved to the satisfaction of District.

8. NOT USED

9. SAFETY AND ACCIDENT PREVENTION

In performing work under the Contract on District premises, Contractor shall conform to any specific safety requirements contained in the Contract or as required by law or regulation. Contractor shall take any additional precautions as the District may reasonably require for safety and accident prevention purposes. Any violation of such rules and requirements, unless promptly corrected, shall be grounds for termination of this Contract or Contractor's right to precede in accordance with the default provisions of the Contract Documents.

10. CHARACTER OF WORKFORCE

The Contractor shall employ none but skilled competent qualified personnel to perform the Work and shall maintain discipline and order in the conduct of the Work at all times.

11. PREVAILING WAGES & DIR REGISTRATION

- a. Please see www.dir.ca.gov for further information regarding the below.
- b. All Contractors and Subcontractors of any tier bidding on or offering to perform work on a public works project shall first be registered with the State Department of Industrial Relations (DIR) pursuant to Section 1725.5 of the Labor Code. No bid will be accepted, nor any contract entered into without proof of the Contractor and Subcontractors' current registration with the DIR (LC § 1771.1).
- c. All public works projects awarded after January 1, 2015, are subject to compliance monitoring and enforcement by the DIR (LC § 1771.4) and all Contractors are required
- d. to post job site notices, "as prescribed by regulation" (LC § 1771.4).
- e. To the extent applicable, pursuant to Section 1773 of the Labor Code, the District has obtained from the Director of Industrial Relations of the State of California, the general prevailing rates of per diem wages and the general prevailing rates for holiday and overtime work in the locality in which the Work is to be performed, for each craft, classification, or type of worker needed to execute the contract. Pursuant to Section

1773.2 of the Labor Code, a copy of the prevailing wage rates is on file with the District and available for inspection by any interested party at www.dir.ca.gov.

- f. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification, or type of worker employed on the Work.
- g. The Contractor shall post a copy of the general prevailing rate of per diem wages at the jobsite pursuant to Section 1773.2 of the Labor Code.
- h. Pursuant to Section 1774 of the Labor Code, the Contractor and any of its Subcontractors shall not pay less than the specified prevailing rate of wages to all workers employed in the execution of the contract.
- i. As set forth with more specificity in Section 1773.1 of the Labor Code, "per diem" wages include employer payments for health and welfare, pension, vacation, travel, subsistence and, in certain instances, apprenticeship or other training programs, and shall be paid at the rate and in the amount spelled out in the pertinent prevailing wage determinations issued by the Director of Industrial Relations.
- j. The Contractor shall, as a penalty to the State or the District, forfeit not more than the maximum set forth in Section 1775 of the Labor Code for each calendar day, or portion thereof, for each worker paid less than the prevailing rates for the work or craft in which the worker is employed under the contract by the Contractor or by any Subcontractor under him. The difference between the prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which such worker was paid less than the stipulated prevailing wage rate shall be paid to such worker by the Contractor.
- k. The specified wage rates are minimum rates only and the District will not consider and shall not be liable for any claims for additional compensation made by the Contractor because of its payment of any wage rate in excess of the general prevailing rates. All disputes in regard to the payment of wages in excess of those specified herein shall be adjusted by the Contractor at its own expense.
- l. General prevailing wage determinations have expiration dates with either a single
- m. asterisk or a double asterisk. Pursuant to California Code of Regulations, Title 8, Section 16204, the single asterisk means that the general prevailing wage determination shall be in effect for the specified contract duration. The double asterisk means that the predetermined wage modification shall be paid after the expiration date. No adjustment in the Contract Sum will be made for the Contractor's payment of these predetermined wage modifications.

12. PAYROLL RECORDS & ELECTRONIC SUBMISSION

If prevailing wages apply, Contractor and each Subcontractor, as appropriate, shall comply with the following:

- a. Contractor and each Subcontractor shall keep an accurate payroll record, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker or other employee employed in connection with the

Work. The payroll records shall be certified and shall be available for inspection in accordance with the provisions of Section 1776 of the Labor Code. Certified payroll records shall be on the forms provided by the DIR or contain the same information required on the Department's form.

- b. The Contractor shall submit for each week in which any contract Work is performed a copy of all payroll records to the Project Manager. The Contractor shall be responsible for submission of copies of payroll records of all Subcontractors.
- c. The Contractor or Subcontractor shall certify the payroll records as shown on the DIR form. In addition, the records shall be accompanied by a statement signed by the Contractor or Subcontractor certifying that the classifications truly reflect the Work performed and that the wage rates are not less than those required to be paid.
- d. For public works projects awarded on or after April 1, 2015, or that are still ongoing after April 1, 2016, no matter when awarded, each Contractor and Subcontractor shall furnish the certified payroll related records as more specifically described above and in Labor Code section 1776 directly to the Labor Commissioner (see LC § 1771.4). These records shall be provided to the Labor Commissioner at least monthly or more frequently if required by the terms of the Contract. For exception on projects covered by collective bargaining agreements like a PLA, please see Labor Code section 1771.4.
- e. In the event of noncompliance with the requirements of Section 1776 of the Labor Code, the Contractor shall have 10 days in which to comply subsequent to receipt of written notice specifying in what respects such Contractor must comply with said Section. Should noncompliance still be evident after such 10-day period, the Contractor shall, as a penalty to the State or the District, forfeit the amount set forth in Section 1776 of the Labor Code for each calendar day, or portion thereof, for each worker, until strict compliance is effectuated. Upon the request of the Division of Apprenticeship Standards or the Division of Labor Standards Enforcement, such penalties shall be withheld from progress payments then due.
- f. The Contractor and every Subcontractor shall post at the workplace and comply with all required wage related workplace postings. Copies of the required postings may be downloaded or ordered electronically from the Department of Industrial Relations website at <http://www.dir.ca.gov/wpnodeb.html>.

13. HOURS OF LABOR

Pursuant to the provisions of Sections 1810, et seq. of the Labor Code and any amendments thereof:

- a. Eight hours of labor constitutes a legal day's Work under the contract.
- b. The time of service of any worker employed upon the work shall be limited and restricted to eight hours during any one calendar day, and forty hours during any one calendar week except as provided in Article 13.iv below.
- c. The Contractor shall, as a penalty to the State or the District, forfeit the amount set forth in Section 1813 of the Labor Code for each worker employed in the execution of the contract by the Contractor or by any Subcontractor for each calendar day during which such worker is required or permitted to work more than eight hours in any

calendar day and forty hours in any one calendar week in violation of this Article and the provisions of Labor Code, Sections 1810, et seq.

- d. Work performed by employees of the Contractor in excess of eight hours per day, and forty hours during any one calendar week, shall be permitted upon compensation for all hours worked in excess of eight hours per day at not less than one and one-half times the basic rate of pay.
- e. The Contractor and every Subcontractor shall keep an accurate record showing the name of and the actual hours worked each calendar day and each calendar week by each worker employed by him in connection with the Work; the record shall be kept open at all reasonable hours to the inspection of the District and to the Division of Labor Standards Enforcement of the State of California.

14. EMPLOYMENT OF APPRENTICES

- a. In the performance of the contract, the Contractor and any Subcontractor shall comply with the provisions concerning the employment of apprentices in Section 1777.5 of the Labor Code and any amendments thereof.
- b. In the event the Contractor or any Subcontractor willfully fails to comply with the aforesaid section, such Contractor or Subcontractor shall be subject to the penalties for noncompliance in Labor Code, Section 1777.7.

15. CHANGES

- a. Changes in the Work can only be made in writing signed by an authorized employee of the District. If the change causes an increase or decrease in the contract sum, or a change in the time for performance under the Contract, an adjustment may be made as determined by the Project Manager.
- b. The District reserves the right to make changes in the design of materials, equipment, or machinery, to make alterations or additions to or deviations or subtractions from the Contract and any specifications and drawings, to increase or decrease the required quantity of any item or portion of the Work or to omit any item or portion of the Work, as may be deemed by the Project Manager to be necessary or advisable and to order such extra work as may be determined by the Project Manager to be required for the proper execution and completion of the whole Work contemplated. Any such changes will be ordered in writing by the Project Manager. The determination of the Project Manager on all questions relating to changes, including extra work, shall be conclusive and binding.
- c. Prior to issuing an amendment or change to the Contract, the Project Manager may request that the Contractor submit a proposal covering the changes. Within 10 business days of receiving the request, the Contractor shall submit its proposal to the Project Manager of all costs associated with the proposed amendment or change and any request for an extension of Contract time. Contractor's proposal shall include detailed estimates with cost breakdowns, including labor, material, equipment, overhead, and profit. Labor shall be broken down into hours and rate per hour. If applicable, the proposal shall include a breakdown for off-site labor (including factory labor, engineering, etc.). The Contractor's proposal shall include an analysis of schedule impact when the Contractor is requesting an adjustment in contract time. The

Contractor shall be responsible for any delay associated with its failure to submit its change proposal within the time specified. If the Project Manager decides not to issue an amendment or change after requesting a proposal from the Contractor, the Contractor will be notified in writing. The Contractor is not entitled to reimbursement for Change Order preparation costs if the Contractor's proposal is not accepted by the Project Manager.

- d. If the Contractor agrees with the terms and conditions of the approved Change Order, the Contractor shall indicate its acceptance by signing the original copy and returning it to the Project Manager within 10 Work Days after receipt or with reasonable promptness and in such sequence as to not delay the Work or activities of the District or of separate contractors, whichever is sooner. If notice of any change is required to be given to a surety by the provisions of any bond, the Contractor shall provide notice and the amount of each applicable bond shall be adjusted separately. Payment in accordance with the terms and conditions set forth in the executed Change Order shall constitute full compensation for all Work included in the Change Order and the District will be released from any and all claims for direct, indirect, and impact expenses and additional time impact resulting from the Work. If the Contractor disagrees with the terms and conditions of the approved Change Order, the Contractor shall indicate specific areas of disagreement and return the approved Change Order to the Project Manager with a detailed written dispute. No payment will be made on the disputed work until the approved Change Order is returned to the Project Manager. However, whether or not the Contractor agrees with the terms and conditions of an approved Change Order, the Contractor shall immediately revise its sequence of operations as required to facilitate timely completion of the changed work and shall proceed with the revised work sequence.
- e. The Project Manager may, after having received a written cost quotation from the Contractor, order the Contractor, in writing, to proceed with the work prior to issuance of an approved Change Order through a change directive. The change directive will authorize the Contractor to proceed with the work subject to the cost quotation submitted by the Contractor. Within five days following receipt of the change directive, the Contractor shall submit a detailed change proposal documenting the amount of compensation. The Project Manager will review the change proposal and, at its option, will either issue an approved Change Order for the work or direct the Contractor to perform the work through Force Account. Until the method of compensation is determined, and the approved Change Order is received, the Contractor shall keep full and complete time and material records of the cost of the ordered work and shall permit the Project Manager to have access to such records. An approved Change Order shall supersede any previously issued written change directive covering the same Work.

16. EFFECT OF EXTENSIONS OF TIME

The granting, or acceptance, of extensions of time to complete the Work or furnish the labor, supplies, materials or equipment, or any one of the aforementioned, will not operate as a release of Contractor or the surety on Contractor's faithful performance bond.

17. DELAYS

- a. The Contractor shall take reasonable precautions to foresee and prevent delays to the Work. When the Contractor foresees a delay event, and upon the occurrence of a delay

event, the Contractor shall immediately notify the Project Manager of the probability or the actual occurrence of a delay, and its cause. With respect to all delays (compensable, excusable or inexcusable), the Contractor shall reschedule the Work and revise its operations, to the extent possible, to mitigate the effects of the delay. Within 15 days from the beginning of a delay the Contractor shall provide the Project Manager with a detailed written description of the delay, its cause, its impact and the Contractor's mitigation plans. Failure to provide the notification required above waives the Contractor's right to any additional time or compensation resulting from the delay for whatever cause. The Project Manager will investigate the facts and ascertain the extent of the delay, and the Project Manager's findings thereon shall be final and conclusive, except in the case of gross error. An extension of time must be approved by the Project Manager to be effective, but an extension of time, whether with or without consent of the sureties, shall not release the sureties from their obligations, which shall remain in full force until the discharge of the contract.

- b. For inexcusable delays (delays caused by circumstances within the Contractor's control, the control of its subcontractors or supplies of any tier, or within the scope of the Contractor's contract responsibilities) the Contractor shall not be entitled to an extension of time or additional compensation for any loss, cost, damage, expense or liability resulting directly or indirectly from the inexcusable delay.
- c. For excusable delays (delays to completion of the Work within the time limits set forth in the Contract Documents directly caused by events beyond the control of both the Contractor and the District, which delay is not concurrent with an inexcusable delay and which could not have been avoided by the Contractor through reasonable mitigation measures the Project Manager will grant the Contractor an extension of time in an amount equal to the period of Excusable Delay based on the analysis of schedule impact and delay analysis diagram, which shall be the Contractor's sole and exclusive remedy for such delay. Excusable Delays shall include labor strikes, adverse weather, and Acts of God.
- d. For compensable delays (delays to completion of the Work within the time limits set forth in the Contract Documents that could not be avoided by Contractor mitigation, caused directly and solely by the District or by causes within the exclusive control of the
- e. District, and which were not concurrent with any other type of delay) the Project
- f. Manager will grant the Contractor an extension of the time to perform under the Contract and compensation in an amount that represents the Contractor's actual direct costs incurred as a direct result of the compensable delay. The Contractor may recover its direct costs only and may not recover (and waives) all other types of indirect, consequential, special and incidental damages.
- g. For concurrent delays (two or more independent causes of delay directly preventing the Contractor from completing the Work within the time limits set forth in the Contract Documents where the delays occur at the same time during all or a portion of the delay period being considered, and where each of the delays would have caused delay to the Contractor even in the absence of any of the other delays, and none of the delays could have been avoided by Contractor mitigations) the following rules apply:

- i. One or more of the concurrent delays are excusable or compensable, then the period of concurrent delay will be treated as an excusable delay; and
- ii. All of the concurrent delays are inexcusable, then the period of concurrent delay will be inexcusable.

18. TERMINATION

a. Termination by the District for Cause:

- i. District may terminate the Contractor's right to proceed under the Contract, in whole or in part, for cause at any time after the occurrence of any of the following events, each of which constitutes a default:
 - 1. The Contractor becomes insolvent or files for relief under the bankruptcy laws of the United States.
 - 2. The Contractor makes a general assignment for the benefit of its creditors or fails to pay its debts as the same become due.
 - 3. A receiver is appointed to take charge of the Contractor's property.
 - 4. The Contractor fails to supply skilled supervisory personnel, an adequate number of properly skilled workers, proper materials, or necessary equipment to prosecute the Work in accordance with the Contract Documents.
 - 5. The Contractor fails to make progress so as to endanger performance of the Work within the contractually required time.
 - 6. The Contractor disregards legal requirements of agencies having jurisdiction over the Work, the Contractor, or the District.
 - 7. The Contractor fails to provide the District with a written plan to cure a District identified default within five business days after the District's request for a plan to cure; the District does not accept the Contractor's plan for curing its default; or the Contractor does not fully carry out an accepted plan to cure.
 - 8. The Contractor abandons the Work. Abandonment is conclusively presumed when the District requests a written plan to cure a default and the Contractor does not submit the plan within five business days of the District's request.
 - 9. The Contractor materially fails to meet its obligations in accordance with the Contract Documents.
 - 10. The Contractor is in default of any other material obligation under the Contract Documents.
- ii. If any of the above events occur, the District may, in its discretion, require that the Contractor submit a written plan to cure its default, which plan must be provided to the District within 5 business days of the request and must include a realistic, executable plan for curing the noted defaults.

- iii. Upon any of the occurrences referred to in Article 18.a.i. above, the District may, at its election and by notice to the Contractor, terminate the Contract in whole or in part; accept the assignment of any or all of the subcontracts; and then complete the Work by any method the District may deem expedient. If requested by the District, the Contractor shall remove any part or all of the Contractor's materials, supplies, equipment, tools, and machinery from the site of the Work within seven days of such request; and, if the Contractor fails to do so, the District may remove or store, and after 90 days sell, any of the same at the Contractor's expense.
- iv. No termination or action taken by the District after termination shall prejudice any other rights or remedies of the District provided by law or by the Contract Documents.
- v. Conversion: If, after termination for other than convenience, it is determined that the Contractor was not in default or material breach, or that the default or material breach was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for convenience pursuant to Article 18.b. below.

b. Termination by the District for Convenience:

- i. The District may, at its option, and for its convenience, terminate the Contract at any time by giving written notice to the Contractor specifying the effective date of termination. Upon such termination, the Contractor agrees to comply with the notice and further agrees to waive any claims for damages, including loss of anticipated profits, on account of the termination; and, as the sole right and remedy of the Contractor, the District shall pay the Contractor as set forth below.
- ii. Upon receipt of a notice of termination for convenience, the Contractor shall, unless the notice directs otherwise, do the following:
 - 1. Immediately discontinue its performance of the Contract to the extent specified in the notice.
 - 2. Place no further orders or subcontracts for materials, equipment, services, or facilities, except as may be necessary for completion of a portion of the Work that is not discontinued or that is necessary for an orderly cessation of the Work.
 - 3. Promptly cancel, on the most favorable terms reasonably possible, all subcontracts to the extent they relate to the performance of the discontinued portion of the Work.
 - 4. Thereafter, do only such Work as may be necessary to preserve and protect Work already in progress and to protect materials, plants, and equipment in transit to or on the site of performance.
- iii. Upon such termination for convenience, the District will pay to the Contractor the sum of the following:

1. The amount of the contract sum allocable to the portion of the Work properly performed by the Contractor as of the effective date of termination, less sums previously paid to the Contractor.
 2. Previously unpaid costs of any items delivered to the project site that were already fabricated for subsequent incorporation into the Work.
 3. Any proven losses with respect to materials and equipment directly resulting from the termination.
 4. Reasonable demobilization costs.
- iv. The above reimbursement is the sole and exclusive remedy to which the Contractor is entitled in the event the contract is terminated for convenience; and the Contractor expressly waives any other claims, damages, demands, compensation or recovery related to this contract or project. The Contractor agrees to sign a general release incorporating this waiver.
- c. Effect of Termination: Upon termination, the obligations of the Contract shall continue as to portions of the Work already performed and, subject to the Contractor's obligations under Article 18.b.ii, as to bona fide obligations assumed by the Contractor prior to the date of termination.
- d. Force Majeure: If the contract is suspended or terminated by the District because Contractor's performance is prevented or delayed by an event including an irresistible, superhuman cause, or by the act of public enemies of the State of California or of the United States ("Force Majeure"), the Contractor will be paid for Work performed prior to the Force Majeure event at either (i) the unit prices named in the Contract; or (ii) in the event no unit prices are named, a sum equal to the percentage of the total contract amount that matches the percentage of the total contract Work performed prior to the Force Majeure event.

19. DAMAGES

All losses or damages to material or equipment to be furnished pursuant to the Contract Documents occurring prior to receipt and final acceptance of the Work shall be sustained by the Contractor. The Contractor shall sustain all losses arising from unforeseen obstructions or difficulties, either natural or artificial, encountered in the prosecution of the Work, or from any action of the elements prior to final acceptance of the work, or from an act or omission on the part of the Contractor not authorized by the Contract Documents.

20. ORDER OF PRECEDENCE

- a. In the case of conflicts, errors, or discrepancies in any of the Contract Documents, the order of precedence is as follows. Within the same order of precedence, specific requirements shall take precedence over general requirements.
- i. Approved Change Orders.
 - ii. Addenda.
 - iii. RFQ or RFP.
 - iv. Referenced Standard Specifications and Drawings.
 - v. Contractor's Response Packet.

- b. With reference to drawings:
 - i. Numerical dimensions govern over scaled dimensions.
 - ii. Detailed drawings govern over general drawings.
 - iii. Addenda/Change Order drawings govern over contract drawings.
 - iv. Contract drawings govern over standard drawings.
 - v. Notes apply only to the drawing where the notes appear, unless classified as “typical” or intended to apply elsewhere in which case they apply to all drawings where the conditions or circumstance noted occurs.
 - vi. Typical details apply to all drawings unless a specific different detail is shown.

21. INDEMNIFICATION

Contractor expressly agrees to defend, indemnify, and hold harmless DISTRICT and its Directors, officers, agents and employees from and against any and all loss, liability, expense, claims, suits, and damages, including attorneys’ fees, arising out of or resulting from Contractor's, its associates’, employees’, subconsultants’, or other agents’ negligent acts, errors or omissions, or willful misconduct, in the operation and/or performance under this Agreement.

22. PROHIBITION OF ASSIGNMENT

The Contractor shall not assign, transfer, or otherwise dispose of any of its rights, duties or obligations under this Contract. This prohibition does not apply to the District. The District retains the right to assign this Contract in whole or in part at any time upon reasonable terms.

23. NEWS RELEASES

The Contractor, its employees, subcontractors, and agents shall not refer to the District, or use any logos, images, or photographs of the District for any commercial purpose, including, but not limited to, advertising, promotion, or public relations, without the District's prior written consent. Such written consent shall not be required for the inclusion of the District's name on a customer list.

24. SEVERABILITY

Should any part of the Contract be declared by a final decision by a court or tribunal of competent jurisdiction to be unconstitutional, invalid or beyond the authority of either party to enter into or carry out, such decision shall not affect the validity of the remainder of the Contract, which shall continue in full force and effect, provided that the remainder of the Contract can be interpreted to give effect to the intentions of the parties.

25. COVENANT AGAINST GRATUITIES

The Contractor warrants that no gratuities (in the form of entertainment, gifts, or otherwise) were offered or given by the Contractor, or any agent or representative of the Contractor, to any officer or employee of the District with a view toward securing the Contract or securing favorable treatment with respect to any determinations concerning the performance of the Contract. For breach or violation of this warranty, the District shall have the right to terminate the Contract, either in whole or in part, and any loss or damage sustained by the District in procuring on the open market any items which Contractor agreed to supply shall be borne and paid for by the Contractor. The rights and remedies of the District provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or in equity.

26. RIGHTS AND REMEDIES OF THE DISTRICT

The rights and remedies of the District provided herein shall not be exclusive and are in addition to any other rights and remedies provided by law or under the Contract.

27. WAIVER OF RIGHTS

Any action or inaction by the District or the failure of the District on any occasion, to enforce any right or provision of the Contract, shall not be construed to be a waiver by the District of its rights and shall not prevent the District from enforcing such provision or right on any future occasion. Rights and remedies are cumulative and are in addition to any other rights or remedies that the District may have at law or in equity.

28. CONFIDENTIALITY

Contractor agrees to maintain in confidence and not disclose to any person or entity, without the District's prior written consent, any trade secret or confidential information, knowledge or data relating to the products, process, or operation of the District. Contractor further agrees to maintain in confidence and not to disclose to any person or entity, any data, information, technology, or material developed or obtained by Contractor during the term of the Contract. I. CONTRACT EQUITY PROGRAM

The following Contract Equity (CE) Program Guidelines were established to enhance equal opportunities for business owners.

The District provides assistance to all prospective bidders/proposers in obtaining subcontractor participation by all availability groups, including identification of possible business enterprises.

The CE Program requires bidders/proposers to conduct outreach to potential subcontractors to ensure that opportunities to participate in District contracts are publicized as widely as possible. This outreach is intended to broaden the pool of competitive bidders, lower prices to the District, and help achieve diversity among District contractors and subcontractors. The District's expectation is that with bidders'/proposers' Good Faith Outreach Efforts to subcontractors of all races, ethnicities, genders, and sexes, the composition of District contractors and subcontractors will reflect the broad diversity present in the marketplace, consistent with the Contracting Objectives of the CE Program.

Additionally, contractors and workers located in the counties of Alameda, Contra Costa, San Joaquin, Calaveras, Amador and other counties that are directly impacted by District contracts and/or operations, should be targeted in outreach efforts.

A bidder's/proposer's noncompliance with these guidelines may deem its bid or proposal nonresponsive, and therefore, ineligible for contract award.

The requirement of the District's CE Program is that all bidders/proposers **shall document** Good Faith Outreach Efforts in the ten areas set forth in Section A. Section B provides an exemption from this requirement for bidders/proposers who meet the District's Contracting Objectives or obtain a waiver from the District's Contract Equity Administrator.

Materiality: The documentation and certification required by the District are material, will govern the potential contractor and its subcontractors' performance and will be made part of the bid/proposal and the resulting contract with the District.

Nondiscrimination: There shall be no discrimination against any person, or groups of persons, per Government Code Section 12940, Labor Code Section 1735, or any other applicable law or regulation in the performance of this contract.

There shall be no discrimination in the performance of this contract, against any person, or group of persons, on account of race, religious creed, color, national origin, ancestry, physical disability (including HIV and AIDS), mental disability, medical condition (including genetic characteristics or cancer), genetic information, marital or domestic partnership status, family or medical leave status, sex, gender, gender identity, gender expression, age (over 40), sexual orientation, military and veteran status, pregnancy, pregnancy disability leave status, or any other status protected by federal, state and local laws. The Contractor shall not establish or permit any such practice(s) of discrimination with reference to the contract. Contractors determined to be in violation of this section will be deemed to be in material breach of the contract.

Contractor and its subcontractors shall abide by the requirements of 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified

individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, sexual orientation, gender identity, or national origin in the performance of this contract. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, national origin, protected veteran status or disability.

The Contractor shall include the nondiscrimination and compliance provisions of this clause in all subcontracts.

The Contractor shall post applicable EEO policies and the District's "Working Together With Respect" poster to this effect in its workplace where the District contract is being performed.

Severability: Should any part of the CE Program be declared to be unconstitutional, invalid, or beyond the authority of the District to enter into or carry out, by a final decision of a court or tribunal of competent jurisdiction, such decision shall not affect the validity of the remainder of the Program, which shall continue in full force and effect.

A. GOOD FAITH OUTREACH EFFORTS

All bidders/proposers shall implement all ten of the Good Faith Outreach Efforts listed below which are based on California Public Contract Code Section 2000¹, subject to the provisions of Section B, and are encouraged to attend any pre-solicitation, pre-bid or pre-proposal meetings scheduled by the District to inform all bidders/proposers of the CE Program requirements.

The apparent low bidder/recommended proposer shall submit Form P-041 documenting such Good Faith Outreach Efforts, as applicable, within **2 Work Days** of bid opening time or in accordance with submittal guidelines in the request for proposal, bid document, or Instruction to Bidders.

To demonstrate Good Faith Outreach Efforts in each of the ten areas, the bidder/proposer shall have:

1. ***signed and submitted*** the Contract Equity Program Guidelines Certification, Form P-042, with the bid or proposal documents, certifying that the bidder is informed as to the Program requirements;
2. ***identified and selected*** specific subcontracting, supplying, and trucking areas of the contract to be performed by business enterprises in all availability groups as defined herein;
3. ***advertised*** not less than 10 calendar days before the date the bids/proposals are due, in one or more daily or weekly newspapers, minority, women or other association publications, trade-oriented journals, or other media, specified by the District, for all business enterprises that may be interested in participating in the contract;
4. ***provided*** written notice of interest in bidding/proposing on the contract to a reasonable number of enterprises in all availability groups not less than 10 calendar days before the date the bids/proposals are due. The District's business directory, which includes white men-,

¹ The District will apply Section 2000 to include ALL business enterprises (not limited to minority- and women-owned business enterprises); and the term "local agency" in that section has been changed to "District".

white women-, and ethnic minority-owned firms, is available free of charge². A list of agencies that also provide business directories can be found in the appendix of these guidelines;

5. ***followed up*** initial solicitations of interest by contacting the business enterprises to determine with certainty whether the enterprises are interested in performing specific items of the project;
6. ***provided*** interested business enterprises with information about the proposal, plans, specifications, and requirements for the selected subcontracting or material supply work;
7. ***requested*** assistance from community organizations or contractor groups; local, state, or federal business assistance offices, or other organizations that provide assistance in the recruitment and placement of business enterprises, if any is available;
8. ***negotiated*** in good faith with the business enterprises in all availability groups, and did not unjustifiably reject as unsatisfactory bids/proposals prepared by any such business enterprises, as determined by the District;
9. ***advised and/or made*** efforts, where applicable, to assist interested business enterprises in all availability groups in obtaining bonds, lines of credit, or insurance required by the District or potential contractor; and
10. ***implemented*** efforts that the District could reasonably expect to obtain business enterprise participation reflective of the broad diversity of contractors in the marketplace.

B. EXEMPTIONS FROM OUTREACH REQUIREMENTS

1. CONTRACTING OBJECTIVES

The District has Contracting Objectives³ based on the availability of all firms located in the District's geographic market areas that are interested in and able to do business with the District. Contracting Objectives apply to all contractors, regardless of their race, ethnicity, gender, or sex and to all contracts that are determined to have subcontracting opportunities, including supply opportunities and trucking. The CE Program groups all businesses into three (business owner) availability groups⁴:

- White Men
- White Women
- Ethnic Minority (both men and women)

Publicly held corporations managed and controlled by 51% of one of the three availability groups may count their participation towards meeting the contracting objective for that group.

²The names of the firms listed in these directories are offered as a service. EBMUD has no independent knowledge regarding the composition of the firm's ownership, or the quality of the work performed by any listed entity.

³ The Contracting Objectives represent percentages of the total value of a contract. The dollar value of the work performed by the contractor and his/her subcontractors is included in calculating the amount of participation by each availability group and determining if the Contracting Objectives are met. Contracting Objectives are based on the results of a Disparity Study conducted by the District which verified the number of businesses located within the District's geographic market area available to perform prime and subcontract work in all contracting categories.

⁴ For example, when subcontracting opportunities are available, a \$200,000 construction contract would have 25% (\$50,000) or more of the work performed by white men-owned businesses, 9% (\$18,000) or more by white women-owned businesses, and 25% (\$50,000) by ethnic minority-owned businesses (both men and women.)

Bidders/Proposers who already meet or exceed the Contracting Objectives for **all three availability groups**, as listed in the chart below, are exempt from the Good Faith Outreach Efforts requirements set forth in Section A.

CONTRACTING OBJECTIVES			
AVAILABILITY GROUP	CONTRACTING CATEGORIES		
	Construction	Professional or General Services	Materials & Supplies
White Men	25%	25%	25%
White Women	9%	6%	2%
Ethnic Minorities (Men and Women)	25%	25%	25%

Contract participation includes all written agreements with business enterprises for any goods and services required for the completion of the project. This includes participation as a:

- Contractor
- Joint Venture Partner
- Subcontractor (including Trucker)
- Supplier (including provider of other services necessary to fulfill the requirements of the contract, such as shipping, transportation, testing, equipment rental, insurance services, etc.)

All business enterprises shall perform a commercially useful function, i.e., shall be responsible for the execution of a distinct element of work and shall carry out their responsibility by actually performing, managing and/or supervising the work.

The dollar value of the following is included for determining the amount of participation by each availability group for the Contracting Objectives:

- the work to be performed by the contractor,
- the work to be performed by each member of a joint venture,
- the work to be performed by subcontractors at any tier,
- material or supplies purchased from a manufacturer or dealer of such material or supplies, if not previously counted by contractor, joint venture, or subcontractor in their dollar value,
- reasonable fees and commissions for providing bona fide services to procure and/or deliver essential personnel, facilities, equipment, materials, or supplies required for performance of the contract,
- reasonable fees and commissions for providing bonds or insurance specifically required for the performance of the contract, and
- the dollar value of trucking is based on the following:
 - the amount to be paid to a trucker who performs the trucking with his/her own trucks, tractors, and employees,
 - the amount to be paid to trucking brokers provided the broker has submitted to the District information identifying the availability groups of all truckers to be used on the project, or
 - twenty percent (20%) of the amount to be paid to a trucking broker who has not provided such information.

2. NO SUBCONTRACTING OPPORTUNITIES

Contracts which can be reasonably demonstrated to have no subcontracting, supplying, or trucking opportunities are exempt from the Good Faith Outreach Efforts requirements.

3. WAIVER

Under limited circumstances, at the discretion of the Contract Equity Administrator, and upon written request by the bidder/proposer, a waiver of the CE Program's Good Faith Outreach Efforts requirements may be granted.

C. INFORMATIONAL MEETINGS

The District may hold pre-solicitation, pre-bid, and/or pre-proposal meetings to explain the technical specifications and the Contract Equity Program and Equal Employment Opportunity Guidelines for an individual project. All prospective bidders/proposers/subcontractors are strongly advised to attend such pre-meetings. The time and place of the meeting, if any, will be announced in the front section of the bid/proposal document.

Pre-award and/or pre-notice-to-proceed meetings may be held with the recommended awardee to ensure that the technical specifications and the Contract Equity Program and Equal Employment Opportunity Guidelines for the project are fully understood, and to discuss the contents of the submitted forms and documents.

D. DOCUMENTATION

1. CONSTRUCTION AND MATERIALS AND SUPPLIES CONTRACTS WITH SUBCONTRACTABLE ITEMS ONLY

Apparent low bidders may be required to document Good Faith Outreach Efforts to achieve subcontractor participation within **2 Work Days** of bid opening time unless this requirement is otherwise stated in the Instruction to Bidders. Failure to submit the required information by the time specified may be grounds for determining the bid non-responsive.

II. EQUAL EMPLOYMENT OPPORTUNITY

Pursuant to Policy 1.04 – Contractors’ Compliance with Equal Employment Opportunity, approved by the Board of Directors, all business enterprises and their subcontractors performing work for the District shall be Equal Employment Opportunity (EEO) employers. All business enterprises and their subcontractors shall assure that there is no discrimination, harassment or retaliation against any person based on race, religious creed, color, national origin, ancestry, physical disability (including HIV and AIDS), mental disability, medical condition (including genetic characteristics or cancer), genetic information, marital or domestic partnership status, family or medical leave status, sex, gender, gender identity, gender expression, age (over 40), sexual orientation, military and veteran status, pregnancy, pregnancy disability leave status, or any other status protected by federal, state and local laws, and shall be bound by all laws prohibiting such discrimination, harassment or retaliation in employment.

District contractors shall have written policies and procedures that a) prohibit EEO discrimination, harassment and retaliation, and b) set forth the contractor’s investigation procedures for responding to EEO complaints. Contractors shall submit documentation of those written policies and procedures upon request by the District in order to be considered as eligible for contract award. Contractors shall also post applicable EEO policies, procedures and the District’s “Working Together With Respect” poster in their workplaces where the District contract is being performed.

A. EMPLOYMENT DATA & CERTIFICATION (Form P-025)

The Employment Data and Certification Form P-025 shall be completed as specified below or bid/proposal may be deemed nonresponsive:

1. For all Bidders/Proposers of the bid/proposal, to be submitted with bid package:

Complete Sections A and B of Form P-025. In Section B, the required employment data shall be for the bidder’s/proposer’s permanent workforce⁵ only. An EEO-1 Report may be submitted in lieu of completing Section B. For informational purposes, the P-025 Form provides for a comparison of the bidder’s/proposer’s current workforce with the composition of the labor market in the Metropolitan Statistical Area or Areas (MSA) from which the bidder’s/proposer’s workforce is drawn. The bidder/proposer shall also complete Section C of Form P-025.

2. For Subcontractors/Suppliers/Truckers of the apparent low bidder, to be submitted within 2 Work Days of bid opening time or proposal submission due date:

Each bidder/proposer shall submit a Form P-025 for each subcontractor/supplier/trucker known at this time performing work equal to or greater than **\$80,000** under this specification in accordance with submission requirements given in the Instructions to Bidders or the Request for Proposal. The form shall be completed as provided in Paragraph 1. For informational purposes, the P-025 Form provides for a comparison of the subcontractor’s/supplier’s/trucker’s current

⁵ Permanent workforce is defined as employees with 6 months or more of continuous service.

workforce with the composition of the labor market in the MSA from which the subcontractor's/supplier's/trucker's workforce is drawn.

B. GOOD FAITH OUTREACH EFFORTS TOWARDS EQUAL EMPLOYMENT OPPORTUNITY

Upon request, the apparent low bidder/proposer shall submit satisfactory documentation showing voluntary and legal Good Faith Outreach Efforts on its part to assure that its employment practices comply with EEO laws.

The District has not attempted to set forth either the minimum or maximum voluntary steps that contractors may take to address their respective employment situations. Contractors who do business with the District have flexibility to make those efforts that are best suited to their particular employment situation so long as those efforts are legal, in good faith and will best serve the goal of equal employment opportunity. Contractors have the option of submitting a copy of their Affirmative Action Plan, if they have one, or documentation of Good Faith Outreach Efforts which may include, but is not limited to, the following:

- Disseminating an equal employment opportunity and affirmative action policy both within the organization and externally.
- Having a recruitment program designed to attract qualified members of all ethnic and gender backgrounds available in the relevant job market such as by:
 - ✓ Notifying community organizations when employment opportunities are available and maintaining records of the organizations' responses;
 - ✓ Maintaining a file of the names and addresses of every worker referred as a result of outreach efforts, indicating what action was taken with respect to each referred person, and if the person was not employed, the reasons why;
 - ✓ Promptly notifying the District when the union(s) with whom the contractor or subcontractor has a collective bargaining agreement has not referred a worker, as requested; and
 - ✓ Making periodic recruitment efforts at schools, organizations, recruitment and training centers.
- Having a systematic plan to organize work and redesign jobs in ways that provide opportunities for persons lacking journey-level knowledge or skills to enter and, with appropriate training, to progress in a career field.
- Revamping selection procedures and seniority practices which have not yet been validated in order to reduce or eliminate exclusionary effects on particular groups in particular job classifications.
- Initiating measures designed to assure that members of all ethnic and gender backgrounds who are qualified to perform the job are included within the pool of persons from which the selection is made.
- Participating in community-based training programs and on-the-job training opportunities.
- Promoting after-school, summer and vacation employment for youth.
- Establishing a system to regularly monitor the effectiveness of the program for removing barriers to achieve equal employment opportunity, and the procedures for making timely adjustments in this program where effectiveness is not demonstrated.

C. CONTRACTORS' EEO RESPONSIBILITIES ARISING FROM THE PERFORMANCE OF THE DISTRICT CONTRACT

The District requires all contractors to comply with state and federal EEO laws.

Contractors are required to promptly and appropriately address all EEO concerns that arise from the performance of the District contract raised by:

- Their employees,
- Their job applicants,
- EBMUD employees who allege EEO discrimination or harassment by the contractor or contractor's employee, and/or
- Members of the public who allege EEO discrimination or harassment by the contractor or contractor's employees.

All contractors shall cooperate fully with any District investigation of EEO complaints arising from the performance of the District contract that involve District staff. In that event, the District will provide copies of its policies and procedures regarding such investigations, and will require the contractor's cooperation in accordance with those policies and procedures.

All contractors shall distribute copies of their EEO policy, EEO complaint procedure, and the District's "Working Together With Respect" brochure/poster to all of their employees and post them in a prominent and accessible location in the workplace or on the project site. These documents shall provide the name and contact information of the contractor's staff responsible for responding to EEO concerns.

Contractors are required to provide training to all of their supervisors and managers to assure that they are aware of the contractor's prohibition against EEO discrimination, harassment and retaliation, and understand the process to report EEO concerns; and supervisors and managers shall respond appropriately when they become aware of EEO concerns. This training shall comply with California Government Code Section 12950.1.

D. MONITORING COMPLIANCE

1. PRE-CONTRACT AWARD:

The District will evaluate the documentation provided by the apparent low bidder/proposer under Section II.B and may request further documentation. The apparent low bidder/proposer shall submit all additional documentation required by the District in a timely manner or may be deemed a nonresponsive bidder/proposer. A nonresponsive bidder/proposer may be deemed ineligible for contract award.

2. POST-CONTRACT AWARD:

The District will evaluate the documentation provided by the contractor in response to EEO complaints filed per Section II.C and may request further documentation. Contractors who fail to submit the required documentation in a timely manner may be denied future contracts with the District or have their contracts terminated.

III. CONTRACT COMPLIANCE

A. RECORDS

All firms doing business with the District shall:

- maintain records of all business enterprises performing work on the project, and records of total award and payments made to those enterprises,
- permit authorized District staff and/or authorized District representatives to review such records as may be required to assure the accuracy of the submitted information,
- submit a summary of subcontractor payments to the District with each payment request/invoice on the Subcontractor Payment Report (Form P-047) in the format required by the District,
- maintain all employment and personnel records of employees who worked on the District project for a minimum of two years, and
- maintain records of action(s) taken to address EEO discrimination, harassment, and retaliation complaints filed during and arising from the performance of the EBMUD contract.

NOTE: Failure to submit the required information in a timely manner may cause the District to hire an auditor, at the contractor's expense, to compile summary payment information, and/or may result in the withholding of payments and/or termination of the contract.

If requested by the District, the contractor shall submit the contractor's and/or subcontractors' records. These records are specified in the contract and may include any or all of the following:

- All contracts or purchase orders entered into with subcontractors, truckers, and suppliers;
- Payment records reflecting total contract award and total dollars actually paid to subcontractors, truckers, and suppliers. Such records shall indicate the name, business address, and actual monthly amount for each firm. Upon completion of the contract, the contractor shall submit, within thirty (30) calendar days, a summary of all the monthly summaries showing total dollars actually paid each firm during the whole contract;
- Certified weekly payroll records showing all employees and workers hired and dollar amounts and wage rates paid for work on this contract. Such payroll records shall include the name, address, social security number, sex, race, and other sufficient information for each employee to allow District verification of contractor and/or subcontractor compliance with the requirements for Equal Employment Opportunity;
- Monthly Employment Utilization Reports within ten (10) calendar days after the end of the month;
- Documentation of all Good Faith Outreach Efforts utilized in order to solicit, promote and increase all availability groups' participation;
- Records of action(s) taken to address EEO discrimination, harassment, and retaliation complaints filed during and arising from the performance of the EBMUD contract; and
- Any other records or documentation maintained by the contractor or its subcontractors which indicate their compliance with these Contract Equity Program and Equal Employment Opportunity Guidelines.

The contractor and all its subcontractors shall maintain records which include for each employee their:

- name,
- address,
- telephone number,
- construction trade/union affiliation/trade status (if any),
- dates of changes in trade status (if any),
- employee identification number (if any)/social security number,
- race,
- sex,
- hours worked per week in the indicated trade/task, and
- rate of pay.

Records shall be maintained in an easily understandable and retrievable form approved by the District.

B. SUBCONTRACTOR SUBSTITUTION OR REPLACEMENT

The contractor may request to substitute or replace any subcontractor, including truckers, and suppliers, listed on the Form P-040 - Contract Equity Participation. Such requests shall be in writing, clearly state the reasons for the substitution or replacement, and provide supporting evidence or documentation as appropriate. No substitution or replacement shall occur without the prior written authorization of the District.

Authorization to utilize another subcontractor may be requested for the following reasons:

1. When the subcontractor listed in the bid after having had a reasonable opportunity to do so fails or refuses to execute a written contract, when that written contract, based upon the general terms, conditions, plans and specifications for the project involved or the terms of such subcontractor's written bid, is presented to the subcontractor by the Contractor, or
2. When the listed subcontractor becomes bankrupt or insolvent, or
3. When the listed subcontractor fails or refuses to perform his subcontract, or
4. When the listed subcontractor fails or refuses to meet the bond requirements of the Contractor as set forth in Section 4108 of the Public Contract Code, or
5. When the Contractor demonstrates to the District, subject to the further provisions set forth in Section 4107.5 of the Public Contract Code, that the name of the subcontractor was listed as the result of an inadvertent clerical error, or
6. When the listed subcontractor is not licensed pursuant to the Contractors License Law, or
7. When the District determines that the work performed by the listed subcontractor is substantially unsatisfactory and not in substantial accordance with the plans and specifications, or that the subcontractor is substantially delaying or disrupting the progress of the work, or
8. When the listed subcontractor is ineligible to work on a public works project pursuant to Section 1725.5, 1777.1 or 1777.7 of the Labor Code, or
9. When the listed subcontractor is not a responsible contractor.

Prior to approval of the prime contractor's request for the substitution the District shall give notice in writing to the listed subcontractor of the prime contractor's request to substitute and of the reasons for the request. The notice shall be served by certified or registered mail to the last known address of the subcontractor. The listed subcontractor who has been so notified shall have five working days within which to submit written objections to the substitution to the awarding authority. Failure to file these written objections shall constitute the listed subcontractor's consent to the substitution.

If written objections are filed, the District shall give notice in writing of at least five work days to the listed subcontractor of a hearing by the awarding authority on the prime contractor's request for substitution.

The contractor whose bid is accepted may not:

- (a) permit a subcontract to be voluntarily assigned or transferred or allow it to be performed by anyone other than the original subcontractor listed on the P-040 Form, without the consent of the District.
- (b) Other than in the performance of "change orders" causing changes or deviations from the original contract, sublet or subcontract any portion of the work in excess of one-half of one percent of the prime contractor's total bid as to which his or her original bid did not designate a subcontractor.

If a subcontractor is replaced, the contractor shall make Good Faith Outreach Efforts as set forth in these Contract Equity Program and Equal Employment Opportunity Guidelines when replacing the original or listed subcontractor with another District-approved firm. The contractor shall not be entitled to any payment for such work or material unless it is performed or supplied by the listed subcontractor or by other forces (including those of the contractor) pursuant to prior written authorization of the District.

IV. CONSEQUENCES OF NONCOMPLIANCE

A. ENFORCEMENT

During the performance of the contract, the District may review the contractor's and its subcontractors' compliance with these Contract Equity Program and Equal Employment Opportunity Guidelines. Compliance shall be evaluated and measured from the initial day of performance under this contract. Noncompliance may be deemed a substantial material breach of the contract and the contract may be terminated.

Where the District finds the contractor or any of its subcontractors to be in noncompliance, the District may take such actions and impose such sanctions and penalties, described below, as may be appropriate to enforce compliance and recover District costs for damages caused by the breach of contract.

The District will notify the contractor in writing where the contractor or any of its subcontractors are not in compliance with these Contract Equity Program and Equal Employment Opportunity Guidelines. The contractor shall then notify the District in writing within five (5) working days as to what corrective measures shall be implemented by the contractor and/or subcontractor, trucker, and supplier to effect compliance.

In the event that the contractor or any of its subcontractors is still in noncompliance fifteen (15) working days after the date of the District's written citation, the contractor shall provide the District, within two (2) working days from the District request to do so, written documentation of all corrective measures and Good Faith Outreach Efforts implemented and their results.

B. CONTRACTOR'S NONCOMPLIANCE

In the event of the contractor's noncompliance with these Contract Equity Program and Equal Employment Opportunity Guidelines during bidding/proposing, the contractor's bid/ proposal may be deemed nonresponsive, and therefore, ineligible for contract award.

In the event of the contractor's noncompliance with these Contract Equity Program and Equal Employment Opportunity Guidelines during the performance of the contract, the contractor may be considered in material breach of contract. In addition to any other remedy which the District may have under this contract or by operation of law, the District in its sole discretion may impose the following provisions against the contractor:

- Withhold progress payments to the contractor starting from the date of the District's written notification of noncompliance to the contractor and continuing for up to sixty (60) working days after the notification date or until compliance is verified by the District, or the contractor demonstrates to the satisfaction of the District that Good Faith Outreach Efforts have been implemented to correct the noncompliance, whichever occurs first.

In the event of willful noncompliance as determined by the District, the District may cancel or suspend the contract in whole or in part with continuance thereof conditioned upon showing a satisfactory to the District of the contractor's ability to comply.

C. SUBCONTRACTOR'S NONCOMPLIANCE

The contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with these Contract Equity Program and Equal Employment Opportunity Guidelines.

The contractor shall take such action, including sanctions and penalties as appropriate, with respect to any subcontract or purchase order as necessary to enforce the terms and conditions of these Contract Equity Program and Equal Employment Opportunity Guidelines. In the event that the District determines that a subcontractor is in noncompliance, the District may also ask the contractor to terminate any such subcontract and substitute an eligible subcontractor in lieu thereof, at no increase in the contract price or time for performance.

Failure of the contractor to enforce subcontractor compliance with these guidelines may also be deemed a substantial material breach of the contract. The District, in its sole discretion, may impose against the contractor any or all of the provisions noted for contractor's noncompliance until such time that subcontractor's compliance is achieved.

Designation of Subcontractors – From Public Contract Code Section 4105 - 4110

4105. Circumvention by a general contractor who bids as a prime contractor of the requirement under Section 4104 for him or her to list his or her subcontractors, by the device of listing another contractor who will in turn sublet portions constituting the majority of the work covered by the prime contract, shall be considered a violation of this chapter and shall subject that prime contractor to the penalties set forth in Sections 4110 and 4111.

4106. If a prime contractor fails to specify a subcontractor or if a prime contractor specifies more than one subcontractor for the same portion of work to be performed under the contract in excess of one-half of 1 percent of the prime contractor's total bid, the prime contractor agrees that he or she is fully qualified to perform that portion himself or herself, and that the prime contractor shall perform that portion himself or herself. If after award of contract, the prime contractor subcontracts, except as provided for in Sections 4107 or 4109, any such portion of the work, the prime contractor shall be subject to the penalties named in Section 4111.

4107. A prime contractor whose bid is accepted may not:

(a) Substitute a person as subcontractor in place of the subcontractor listed in the original bid, except that the awarding authority, or its duly authorized officer, may, except as otherwise provided in Section 4107.5, consent to the substitution of another person as a subcontractor in any of the following situations:

(1) When the subcontractor listed in the bid, after having had a reasonable opportunity to do so, fails or refuses to execute a written contract for the scope of work specified in the subcontractor's bid and at the price specified in the subcontractor's bid, when that written contract, based upon the general terms, conditions, plans, and specifications for the project involved or the terms of that subcontractor's written bid, is presented to the subcontractor by the prime contractor.

(2) When the listed subcontractor becomes insolvent or the subject of an order for relief in bankruptcy.

(3) When the listed subcontractor fails or refuses to perform his or her subcontract.

(4) When the listed subcontractor fails or refuses to meet the bond requirements of the prime contractor as set forth in Section 4108.

(5) When the prime contractor demonstrates to the awarding authority, or its duly authorized officer, subject to the further provisions set forth in Section 4107.5, that the name of the subcontractor was listed as the result of an inadvertent clerical error.

(6) When the listed subcontractor is not licensed pursuant to the Contractors License Law.

(7) When the awarding authority, or its duly authorized officer, determines that the work performed by the listed subcontractor is substantially unsatisfactory and not in substantial accordance with the plans and specifications, or that the subcontractor is substantially delaying or disrupting the progress of the work.

(8) When the listed subcontractor is ineligible to work on a public works project pursuant to Section 1777.1 or 1777.7 of the Labor Code.

(9) When the awarding authority determines that a listed subcontractor is not a responsible contractor.

Prior to approval of the prime contractor's request for the substitution, the awarding authority, or its duly authorized officer, shall give notice in writing to the listed subcontractor of the prime contractor's request to substitute and of the reasons for the request. The notice shall be served by certified or registered mail to the last known address of the subcontractor. The listed subcontractor who has been so notified has five working days within which to submit written objections to the substitution to the awarding authority. Failure to file these written objections constitutes the listed subcontractor's consent to the substitution.

If written objections are filed, the awarding authority shall give notice in writing of at least five working days to the listed subcontractor of a hearing by the awarding authority on the prime contractor's request for substitution.

(b) Permit a subcontract to be voluntarily assigned or transferred or allow it to be performed by anyone other than the original subcontractor listed in the original bid, without the consent of the awarding authority, or its duly authorized officer.

(c) Other than in the performance of "change orders" causing changes or deviations from the original contract, sublet or subcontract any portion of the work in excess of one-half of 1 percent of the prime contractor's total bid as to which his or her original bid did not designate a subcontractor.

4107.2. No subcontractor listed by a prime contractor under Section 4104 as furnishing and installing carpeting, shall voluntarily sublet his or her subcontract with respect to any portion of the labor to be performed unless he or she specified the subcontractor in his or her bid for that subcontract to the prime contractor.

4107.5. The prime contractor as a condition to assert a claim of inadvertent clerical error in the listing of a subcontractor shall within two working days after the time of the prime bid opening by the awarding authority give written notice to the awarding authority and copies of that notice to both the subcontractor he or she claims to have listed in error and the intended subcontractor who had bid to the prime contractor prior to bid opening.

Any listed subcontractor who has been notified by the prime contractor in accordance with this section as to an inadvertent clerical error shall be allowed six working days from the time of the prime bid opening within which to submit to the awarding authority and to the prime contractor written objection to the prime contractor's claim of inadvertent clerical error. Failure of the listed subcontractor to file the written notice within the six working days shall be primary evidence of his or her agreement that an inadvertent clerical error was made.

The awarding authority shall, after a public hearing as provided in Section 4107 and in the absence of compelling reasons to the contrary, consent to the substitution of the intended subcontractor:

(a) If (1) the prime contractor, (2) the subcontractor listed in error, and (3) the intended subcontractor each submit an affidavit to the awarding authority along with such additional evidence as the parties may wish to submit that an inadvertent clerical error was in fact made, provided that the affidavits from each of the three parties are filed within eight working days from the time of the prime bid opening, or

(b) If the affidavits are filed by both the prime contractor and the intended subcontractor within the specified time but the subcontractor whom the prime contractor claims to have listed in error does not submit within six working days, to the awarding authority and to the prime contractor, written objection to the prime contractor's claim of inadvertent clerical error as provided in this section.

If the affidavits are filed by both the prime contractor and the intended subcontractor but the listed subcontractor has, within six working days from the time of the prime bid opening, submitted to the awarding authority and to the prime contractor written objection to the prime contractor's claim of inadvertent clerical error, the awarding authority shall investigate the claims of the parties and shall hold a public hearing as provided in Section 4107 to determine the validity of those claims. Any determination made shall be based on the facts contained in the declarations submitted under penalty of perjury by all three parties and supported by testimony under oath and subject to cross-examination. The awarding authority may, on its own motion or that of any other party, admit testimony of other contractors, any bid registries or depositories, or any other party in possession of facts which may have a bearing on the decision of the awarding authority.

4107.7. If a contractor who enters into a contract with a public entity for investigation, removal or remedial action, or disposal relative to the release or presence of a hazardous material or hazardous waste fails to pay a subcontractor registered as a hazardous waste hauler pursuant to Section 25163 of the Health and Safety Code within 10 days after the investigation, removal or remedial action, or disposal is completed, the subcontractor may serve a stop notice upon the public entity in accordance with Chapter 4 (commencing with Section 9350) of Title 3 of Part 6 of Division 4 of the Civil Code.

4108. (a) It shall be the responsibility of each subcontractor submitting bids to a prime contractor to be prepared to submit a faithful performance and payment bond or bonds if so requested by the prime contractor.

(b) In the event any subcontractor submitting a bid to a prime contractor does not, upon the request of the prime contractor and at the expense of the prime contractor at the established charge or premium therefor, furnish to the prime contractor a bond or bonds issued by an admitted surety wherein the prime contractor shall be named the obligee, guaranteeing prompt and faithful performance of the subcontract and the payment of all claims for labor and materials furnished or used in and about the work to be done and performed under the subcontract, the prime contractor may reject the bid and make a substitution of another subcontractor subject to Section 4107.

(c) (1) The bond or bonds may be required under this section only if the prime contractor in his or her written or published request for subbids clearly specifies the amount and requirements of the bond or bonds.

(2) If the expense of the bond or bonds required under this section is to be borne by the subcontractor, that requirement shall also be specified in the prime contractor's written or published request for subbids.

(3) The prime contractor's failure to specify bond requirements, in accordance with this subdivision, in the written or published request for subbids shall preclude the prime contractor from imposing bond requirements under this section.

4109. Subletting or subcontracting of any portion of the work in excess of one-half of 1 percent of the prime contractor's total bid as to which no subcontractor was designated in the original bid shall only be permitted in cases of public emergency or necessity, and then only after a finding reduced to writing as a public record of the awarding authority setting forth the facts constituting the emergency or necessity.

4110. A prime contractor violating any of the provisions of this chapter violates his or her contract and the awarding authority may exercise the option, in its own discretion, of (1) canceling his or her contract or (2) assessing the prime contractor a penalty in an amount of not more than 10 percent of the amount of the subcontract involved, and this penalty shall be deposited in the fund out of which the prime contract is awarded. In any proceedings under this section the prime contractor shall be entitled to a public hearing and to five days' notice of the time and place thereof.
