

Happy Valley Pipeline Project Draft Supplemental EIR

Orinda Public Meeting

December 14, 2010

Project Team

· EBMUD

- Bill Kirkpatrick, PE, Division Manager
- Harvey Hanoian, PE, Senior Planner
- David Katzev, PE, Project Manager
- Serge Terentieff, PE, Senior Engineer
- Nora Harlow, Community Affairs

ESA Consultants for SEIR

- Jill Hamilton, Project Director
- Josh Ferris, Project Manager
- Allison Chan, Deputy Project Manager

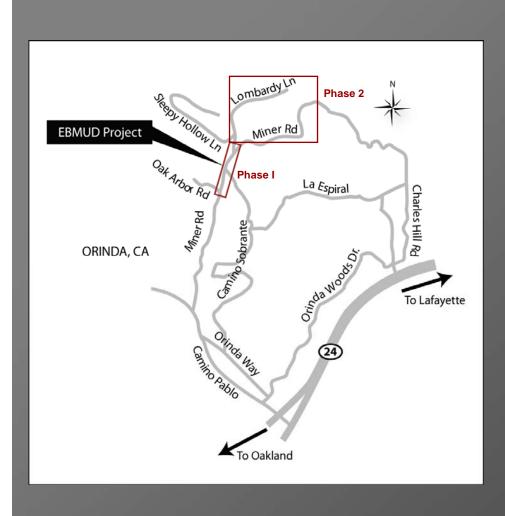

Goals for Meeting

- Project Background
- · Supplemental EIR (SEIR)
- Project Schedule
- Project Information & Comments
- Navigating the SEIR

Happy Valley Pipeline Project

Project included in

 Water Treatment and Transmission Improvements Program (WTTIP) EIR December 2006

Project addresses

- Inadequate pumping
- · Demands in 2030

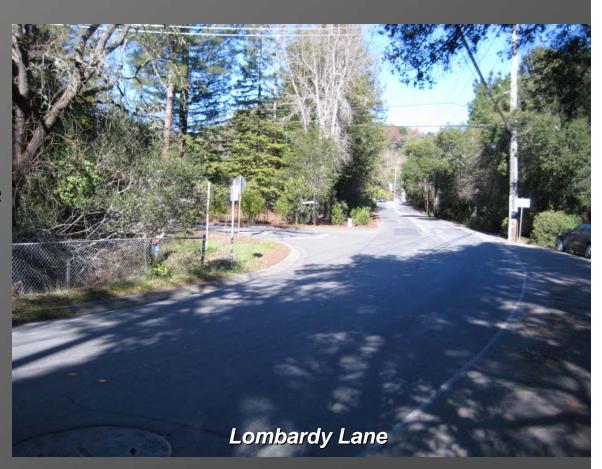

Project construction

- Two phases
- Phase I completed summer of 2009

Lombardy Lane – Original Project

- Settlement agreement with Orinda - District to investigate options to minimize Lombardy Lane road closures
- Analysis of alternative construction techniques and alternative pipeline alignments

Miner Road – Proposed Project

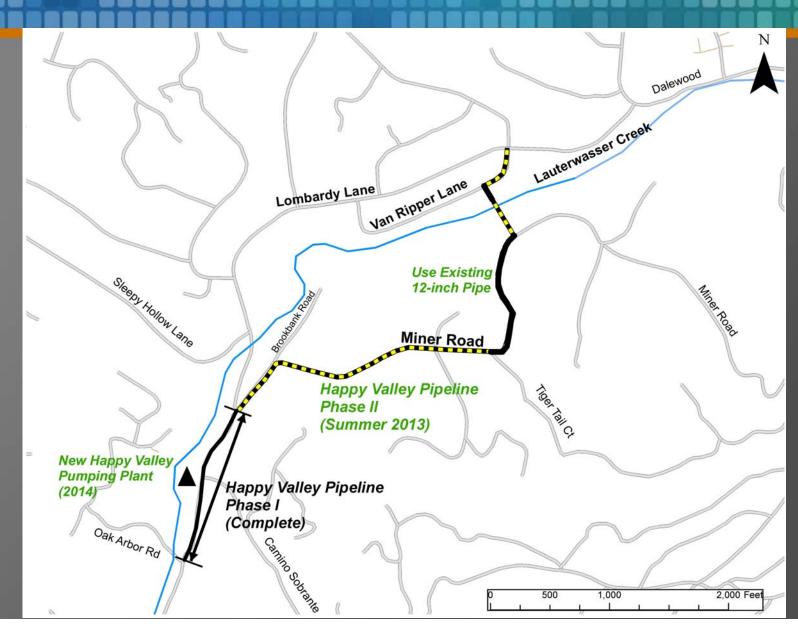

- Reduces traffic impacts 3 times less traffic than Lombardy
- Less existing utility congestion –
 3 existing utilities in Miner while
 Lombardy has 6 existing utilities
- Shorter length of new pipe construction – 3,300 feet for Miner and 3,900 feet for Lombardy
- Shorter construction duration than Lombardy
- · Less costly than Lombardy

Pipeline Alignment

Supplemental EIR

Sections of the EIR

Summary

- 1. Introduction
- 2. Description of the Proposed Project
- 3. Environmental Impacts
- 4. Alternatives
- 5. Cumulative/Growth

Environmental Topics

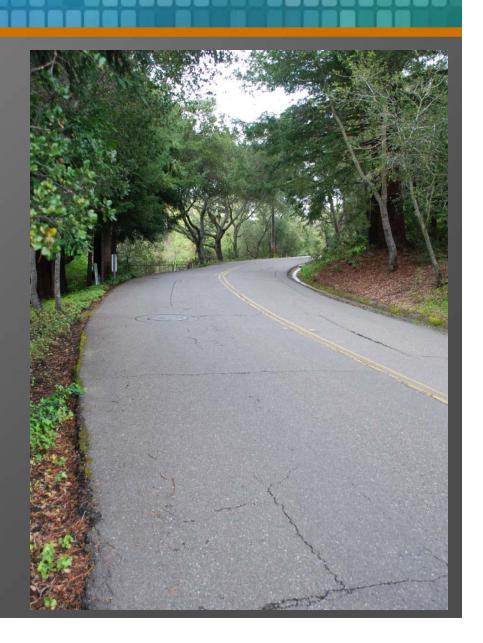

- · Land Use
- Visual Quality
- Geology, Soils and Seismicity
- Hydrology and Water Quality
- Biological Resources
- · Cultural Resources

- Traffic and Circulation
- Air Quality
- Noise and Vibration
- Greenhouse Gas

Community Impacts

- Traffic and Access
 Disruption
- Noise

Preliminary Traffic Control Plan

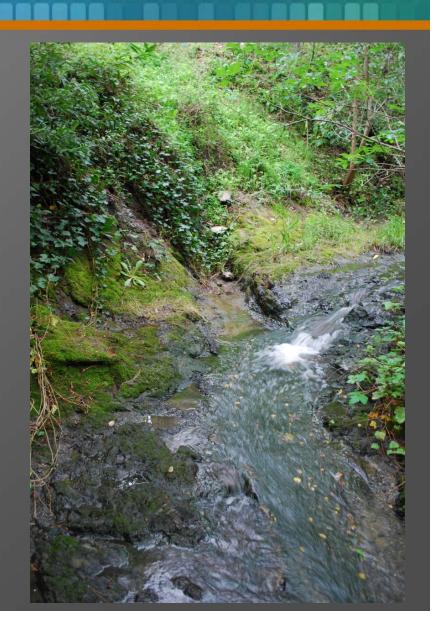

Lauterwasser Creek Crossing

- · Slope Stability
- Hydrology
- Biological Resources

Project Schedule

SEIR review period begins
SEIR review period ends
Final SEIR preparation

Board consideration

Nov. 19, 2010

Jan. 14, 2011

January/February 2011

March 2011

Permitting

Design pipeline

Construct pipeline

2011/2012

2012

Summer of 2013
