Landscape Design Assistance Program

List of approved professional designers

The Landscape Design Assistance Program (LDAP) aims to support EBMUD customers in converting thirsty landscapes into beautiful, water-wise gardens. LDAP will reimburse customers for a two-hour design assistance visit with a landscape professional. To be eligible, customers must ***receive approval from EBMUD prior to reaching out*** to a designer to schedule a consultation. Designer must be chosen from the list below. Rebates are not guaranteed. For program application, full program rules, and eligibility visit: ebmud.com/rebates.

For commercial properties, a California Licensed Landscape Architect is required.
