

# Landscape Design Assistance Program

## List of approved professional designers

The Landscape Design Assistance Program (LDAP) aims to support EBMUD customers in converting thirsty landscapes into beautiful, water-wise gardens. LDAP will reimburse customers for a two-hour design assistance visit with a landscape professional. To be eligible, customers must **receive approval from EBMUD prior to reaching out** to a designer to schedule a consultation. Designer must be chosen from the list below. Rebates are not guaranteed. For program application, full program rules, and eligibility visit: [ebmud.com/rebates](http://ebmud.com/rebates).

For commercial properties, a **California Licensed Landscape Architect** is required.

Landscape Company	Contact Information	Areas* <a href="#">See map</a>	Specialties	Qualifications
