

East Bay Municipal Utility District

***LANDSCAPE ADVISORY COMMITTEE
Meeting Notice and Preliminary Agenda***

Date: Monday, July 18, 2016

***Location: EBMUD Administration Building
375 Eleventh Street, Oakland
Board Room, 2nd Floor
(510) 287-0593***

3:30	Welcome and Introductions	Kristin Bowman / All
3:40	State and EBMUD Current Water Regulations	Charles Bohlig
3:45	Sub-Committee Reports	Kristin Bowman
4:00	Designing, Installing, and Maintaining Soil Health	Dave Phelps, Cagwin and Dorward
4:45	Break out—Small group discussion	All
5:00	Meeting Adjourned	

Sustainable Landscapes Speaker Series

Dave Phelps

Designing, Installing, and Maintaining Soil Health

A growing knowledge about the interaction between plants and soil ecology is raising the bar for the landscape industry. Take a deep dive into the rhizosphere as Dave outlines a new paradigm to base landscape decisions. Learn how soil stewardship provides healthy landscapes to save resources, suppress diseases, and sequester atmospheric carbon. See how soils drive proper plant selection and walk away with best management practices you can use on your sites immediately. Soil succession, soil fertility, symbiosis, phytoremediation, de-compaction, dripline protection, anaerobic conditions, biomimicry, and nutrient cycling are a short list of concepts to be covered through a number of case studies.
