

EBMUD LAC Professional Development Subcommittee

January 22, 2018

EBMUD - 375 11th St, Oakland, CA 94607

Attending: Paul Modrell, Carly Behncke, Paul Schultz, Ann-Marie Benz, Kristin Bowman, Lou Bendon

Discussion:

Properties that have received refunds or Bay-Friendly Rated Landscape status may not be maintained to a WELO based water budget. Discussed creating a maintenance contract that includes water budget criteria for the property, offering more training to water managers to successfully meet a water budget, and listing knowledgeable water managers on the EBMUD site.

Tech papers were reviewed for Calendar and Resource sections. For the Calendar, committee recommends adding calculators as a category and for CEU's to be included in calendar events.
