

Pilot Spring Irrigation Repairs Rebate

What is the Spring Irrigation Repairs Rebate Program?

The Spring Irrigation Repairs Rebate Program is a pilot program for EBMUD commercial, municipal, and multi-family (5+ units) customers that provides a rebate for repairing qualified broken irrigation equipment and leaks. **Applications for the pilot program must be submitted between January 1, 2026 and June 30, 2026.**

Reimbursement

EBMUD **will** reimburse up to \$30 per active irrigation station inspected and repaired, up to \$1000 per account, and not to exceed 50% of the total cost of the final invoice. Limited to one rebate per account during the pilot period.

EBMUD **will not** reimburse costs for the following:

- Taxes or service fees
- System or equipment upgrades
- Inspection related costs
- Repairs in new construction or to meet Model Water Efficiency Landscape Ordinance (MWELO)

Requirements

- Be an EBMUD commercial, municipal, or multi-family (5+ units) customer with an active, potable EBMUD water service location.
- Pre-approval is required and repairs must not have started or been completed prior to application submittal.
- Eligible repairs are listed on our [Qualifying Repairs List](#), and must have the following:
 - Be on a functional and operating irrigation system with minimum 3 active stations. Hose bib/faucet controllers are ineligible.
 - Does not include any system or equipment upgrades and inspection related costs like troubleshooting or wire tracing.

Applying

Step 1. Review the eligibility requirements. Complete an inspection of your existing irrigation system and generate an irrigation repair proposal or inspection report/workorder.

Step 2. Submit your completed application to EBMUD along with a copy of the approved proposal or inspection report/workorder that includes the identified repairs and total cost per station. See our [Rebate Requirements and Documentation](#) for details.

Step 3. Complete repairs within 90 days of receiving approval. Send to EBMUD:

- Photos of completed repairs.
- Copy of final invoice showing itemized repairs per station and total project cost (inspection report/workorder with itemized receipt may be accepted on a case-by-case basis).

Step 4. The final rebate may not exceed 50% of the total cost of the final invoice. The rebate will be issued as a check payable to the account holder and mailed to the billing address on file within two months of final rebate approval. Please notify us to request a change to this information.

EBMUD may verify repairs with an in-person site visit.

Documentation: copy of proposal with application submittal; after completion submit photos of completed repairs and final invoice.

Agreement

I, the undersigned, understand that this is a limited, first-come/first-served program for EBMUD customers with active potable water service and that EBMUD is entitled to deny any application that does not meet program requirements. I certify that the information provided is accurate, and that all work performed will comply with all applicable federal, state, and local laws. I acknowledge that EBMUD may inspect the property to verify existing conditions and completed installations. Except as necessary to determine eligibility, these inspections do not address or determine the quality, safety, efficiency, or suitability of materials, workmanship, or installations. I understand participation does not guarantee lower water bills or any specific performance of installed materials or equipment. I agree to assume all risks associated with the installation and use of materials or equipment associated with the installation. I agree to defend, indemnify and hold harmless EBMUD, its directors, officers, agents and employees against any and all loss, liability, expense, claims, suits and damages, including attorneys' fees, arising out of or relating to the installation or presence of any devices or equipment on or affecting EBMUD property. I HAVE READ THIS DOCUMENT AND UNDERSTAND THAT IT INCLUDES A RELEASE AND WAIVER OF CLAIMS AND THAT I AM ASSUMING RISKS INHERENT IN THE UNDERTAKING OF THE INSTALLATION. I understand that rebates are contingent upon proper installation, verification, and compliance with all program requirements.

Please provide Property Owner signature and Applicant signature (if Applicant is not Property Owner).
