

Pressure Regulator Rebate

Requirements

- **Install a system-wide pressure regulator** to improve performance and reduce wear and tear.
- Must be installed **upstream of the irrigation valves** to regulate the entire system.
- Must be made of **metal** (plastic drip system pressure regulators are not eligible).
- **Maximum of one per property.**
- Receipts are required and must list the unit price for each item.
- Rebate amounts are limited to the price of the item alone and do not include taxes, labor, or shipping fees.

Documentation

1) Photo of newly installed brass or bronze pressure regulator installed upstream of the entire irrigation system.

2) Copy of receipt showing date of purchase and price (excluding tax and fees).
