MEMO TO: Distribution

FROM: J. Marcell Hall, Associate Civil Engineer

SUBJECT: FERC Recreation Plan

This is a replica of a memo that was first written on October 16, 2003. The purpose of this memo is to clarify that the “recreation plan” is not a single bound document, but a compilation of a number of different submittals, as shown below.

Listed below (for reference and filing) are all the documents that together constitute EBMUD’s FERC Project Recreation Plan as it was approved by FERC. FERC issues on May 1, 1997 the “Order Approving and Modifying Amended Proposed Revised Recreation Plan” for Project 2916-013. The Recreation Plan received this extended name due to its many successive parts – see list below:

	Mailed	Filed w/FERC	Document “Name”	Reason for Submittal / WRPD File #
1.	4/9/90	4/12/90	Revised Recreation Plan	Requested by 7/8/86 Emmerling letter after the 1986 Environmental Inspection / 722.01.02
2.	12/30/91	1/3/91	Supplement	Requested by 11/1/91 by Robinson letter / 722.02
3.	9/3/93	9/7/93	Amendment	Directed by Order of 7/9/93 / 722.02
4.	4/12/94	4/18/94	Amendment	Requested by 1/12/94 Springer letter / 722.01.02
5.	5/27/94	6/16/94	Amendment	Notice to eliminate horse stable at NS / 722.02.01
6.	7/11/94	7/15/94	Amendment	Requested by 5/27/94 Robinson letter / 722.02.01

This email is for current and future information. The original “memo” is now located at:

You may want to keep it in an email “recreation” subfolder, or save it someplace on your computer. I will place hard copies in several WRPD files relating to Recreation, as the above column shows.
