

Addendum No. 1

To Prospective Proposers for the EBMUD Request for Proposal (RFP) for Integrated Pest Management (IPM) Services, RFP# IPM-2021

The following are the answers to questions that potential proposers submitted:

1. Can you please send me a copy of any current IPM programs that are being implemented on EBMUD lands?

Please check the following link for information on EBMUD's IPM program, including the Annual Staff Report for 2020 that outlines various IPM methods implemented by the District staff and contractors. <https://www.ebmud.com/about-us/sustainability/>

2. Could you send any summaries you might have from last year of your non-pesticide use and a breakdown of costs for your IPM programs?

Please refer to the Annual Staff Report for 2020 in the attached link for summaries of non-pesticide uses implemented by the District.

<https://www.ebmud.com/about-us/sustainability/>

The District has not conducted a detailed breakdown of costs for IPM programs implemented by individual workgroups within the District.

3. Could you please send any outlines of the trainings conducted in the past for EBMUD staff on IPM?

Please see the draft agenda for annual IPM training conducted in March 2021 (see Attachment 1).

Proposers are required to acknowledge this Addendum in the "Proposer Information and Acceptance" form (see Exhibit A of the RFP). Failure to do so may deem your proposal incomplete.

Agenda

2021 EBMUD Integrated Pest Management Workshop (Virtual)
March 4, 2021, 8:00AM-12:15PM

CEUs Available: 2.5 (Other), 2.0 (Laws and Regulations)
