

Supporting Common Core and Next Generation Science Standards: **PROJECT WET WORKSHOP**

For Educators Saturday, November 7, 2015 in Pleasant Hill

Workshop hours: 9:30 a.m. to 4 p.m.

Project WET (Water Education for Teachers) trains educators on diverse water topics to help them reach children with objective, experiential, science-based water education. **Project WET activities are aligned to Common Core and Next Generation Science Standards.** They are effective tools for integrating student knowledge of water resources with activities that provide strong foundations for STEAM and Service-Learning programs.

*This **FREE** workshop for educators includes:*

- **Project WET Curriculum and Activity Guide, Generation 2.0**
 - Contains 64 hands-on activities
 - Aligned to **Common Core and Next Generation Science Standards**
 - Includes access to the Project WET portal
- **Hands-on training and take-away materials**
- **Lunch from Panera**
- **0.6 CEU credits** (Optional. Requires \$20 fee. More info at the workshop.)

Workshop Leader: Brian Brown, State Coordinator for California Project WET. Brian is an invaluable resource. He and the Water Education Foundation have been honored by the California Science Teachers Association with the 2014 Distinguished Contributors Award. We are very lucky to have Brian leading this workshop!

***Registration is easy:* Just e-mail your name, address, phone number, grade level and the name of the school where you teach to chelton@ccwater.com no later than Friday, Oct. 23, 2015.**

Workshop location: Pleasant Hill City Hall, 100 Gregory Lane, Pleasant Hill
