

California's Department of Industrial Relations (DIR) Registration & Reporting Requirements

The DIR now requires vendors/contractors providing public works services to East Bay Municipal Utility District (EBMUD) to be registered with DIR before bidding on any public works projects. Vendors/contractors cannot be issued work without us first confirming they are registered. EBMUD must report subject purchase orders to the state within five (5) working days. This applies to all public works projects over \$1,000 where prevailing wage is required.

“Public Works” is defined in the Labor Code to include but not be limited to work performed under contract (e.g. not by our own forces) and paid for in whole or in part out of public funds:

- construction
- alteration
- demolition
- installation
- repair work
- maintenance
- carpet laying
- hauling (sometimes)
- inspection, and
- land surveying work

Note: By statute, “construction” includes work performed during the design and preconstruction phases of construction, including, but not limited to, inspection and land surveying work.

Prevailing wage is required for public works projects and vendors/contractors must submit certified payrolls to the state for these projects. All bidders are required to pay the applicable prevailing wage rates or higher to their workers on a public works project.

For more information please visit the DIR website www.dir.ca.gov/Public-Works/PublicWorks.html.

If you provide quotes/bids over \$1,000 for a public works project, for EBMUD or other public agencies, please make sure you are registered with DIR and include your DIR registration number on the quote/bid. Currently the fee to register with DIR is \$300 annually. EBMUD will verify all vendors/contractors are registered prior to issuing any purchase orders and will complete the required state notification.

Construction

Latest Information: www.ebmud.com/business-center/construction-bids

Wastewater-specific projects are identified by a Specification Number bearing an "SD" designation. These specifications are available from the Wastewater Division at (510) 287-1754. Most other specifications are obtainable through the Specifications Section at (510) 287-1040. Call about 30 days before the estimated bid date.

Recycled Water 12-Inch Pipeline Extension and Commercial Fill Station

\$320,000 • Proposed Due Date: TBD • (510) 287-1626

Install approximately 420 feet of 12-inch recycled water piping and a commercial fill station.

South Reservoir Replacement – Spec. 2075

\$13,000,000 • Estimated Bid Date: 10/12/16 • (510) 287-1040

Construct a partially buried 9 MG concrete reservoir; install 42-inch I/O pipe, bore and jack overflow and drainage pipes; pave access roads and basin; relocate seismic fault crossing containers and landscape reservoir site.

Mokelumne Aqueduct No.1 Temperature Anchor Upgrade at STA 2505 – Spec. 2115

\$2,000,000 • Estimated Bid Date: 10/12/16 • (510) 287-1040

Replacement of Mokelumne Aqueduct No. 1 Temperature Anchor at Station 2505.

Influent Pump Station Odor Control System Upgrade Phase 1 and Aerated Grit Piping Replacement – SD361

\$6,800,000 to \$7,200,000 • Estimated Bid Date: 10/12/16 • (510) 287-1709

Work includes but is not limited to installation of a pile supported foundation and duct supports; two (2) biotrickling filters; two (2) carbon adsorber scrubbers; two (2) FRP exhaust fans; two (2) irrigation pumps; associated FRP ducting; dampers; appurtenances; irrigation and feed water piping.

Faria Pumping Plant No. 1 and No. 2 Reservoirs Construction and San Ramon Reservoir Rehabilitation – Spec. 2114

\$8,700,000 • Estimated Bid Date: 10/26/16 • (510) 287-1040

Construct a new 1.6 MG per day Faria Pumping Plant and new 0.5 MG twin Faria Reservoirs (Faria #1 and #2) and associated inlet/outlet pipeline. Rehabilitate San Ramon Reservoirs.

Upper San Leandro (USL) Reservoir Tower Upgrade – Spec. 2106

\$7,000,000 • Estimated Bid Date: 11/16/16 • (510) 287-1040

Retrofit USL Reservoir Outlet Tower located in Alameda County.

MacArthur/Davenport Pipeline Replacement – Spec. 2099

\$9,000,000 • Estimated Bid Date: 12/14/16 • (510) 287-1040

Replaces the majority of the 20-inch transmission main along the Interstate 580 corridor between 39th Ave. Pumping Plant and Field Reservoir.

98th Avenue, Oak Street and Sequoia Rate Control Stations Rehabilitation, and Grand Regulator Demolition and Pipeline Replacement – Spec. 2104

\$1,200,000 • Estimated Bid Date: 12/14/16 • (510) 287-1040

Demolition of 98th Avenue Rate Control Station in Oakland and full mechanical and electrical rehabilitation of Oak and Sequoia Rate Control Stations in Castro Valley and Oakland, respectively.

San Pablo Tunnel East Access Shaft Improvements – Spec. 2118

\$350,000 • Estimated Bid Date: 12/28/16 • (510) 287-1040

Install a concrete plug in the San Pablo Tunnel just upstream of the East access shaft as a mitigation measure against seismic failure of the Outlet Tower.

Grand Avenue Pipeline – Spec. 2102

\$2,500,000 • Estimated Bid Date: 1/4/17 • (510) 287-1040

Replace 2,400 ft. of small diameter pipeline and 2,000 ft. of 24-inch pipeline in Grand Ave., Piedmont.

Sobrante and Upper San Leandro Water Treatment Plants Ozone System Improvements – Spec. 2117

\$30,000,000 • Estimated Bid Date: 1/18/17 • (510) 287-1040

Install new ozone generators and feed system, destruction units, bubble diffusers, and improvements to all related electrical and control systems.

Please register your business with DIR before bidding on any EBMUD project.

Construction *CONTINUED*

Carisbrook Reservoir and Skyline Pumping Plant Replacements and Montclair Reservoir Rehabilitation – Spec. 2085A

\$6,000,000 • Estimated Bid Date: 1/18/17 • (510) 287-1040

Rebid. Replace Carisbrook Reservoir and Skyline Pumping Plant and provide various civil and mechanical repairs and additions to Palo Seco, San Ramon, and Montclair Reservoirs.

Country Club, Berryman North, Schapiro and Road 24 Pumping Plants Rehabilitation – Spec. 2112

\$3,300,000 • Estimated Bid Date: 2/1/17 • (510) 287-1040

Mechanical and electrical rehab and minor civil upgrades to the Country Club Pumping Plant (PP) located in Oakland and the Schapiro PP located in El Sobrante. In addition, all electrical and mechanical equipment associated with Road 24 No. 1 PP, and within Schapiro PP, will be demolished.

Materials and Supplies

Latest information: www.ebmud.com/business-center/materials-and-supplies-bids/

Trailer Mounted Portable Pump – RFQ No. 1615

Estimated Bid Date: 9/26/16 • (510) 287-0644

It is the intent of these specifications, terms and conditions to describe one 3.0 MGD trailer-mounted, electric motor driven centrifugal pump package with acoustic enclosures complete, including factory tests.

Large Valve Replacement – RFQ No. 1630

Estimated Bid Date: 10/5/16 • (510) 287-0644

It is the intent of these specifications, terms and conditions to describe the large diameter valves and actuators that meet the requirements for this proposal.

Professional and General Services

Latest information: www.ebmud.com/business-center/requests-proposal-rfps/

Requests for Proposals (RFPs) for the projects listed may be obtained by calling the phone numbers listed approximately 30 days before the estimated proposal Bid date.

Biosolids Handling Services 2017

Proposed Due Date: 9/30/16 • (510) 287-2059

Furnish labor and equipment to receive, haul, and beneficially use biosolids from the District's Main Wastewater Treatment Plant (MWWTP) located at 2020 Wake Avenue in Oakland.

Landscape Irrigation Equipment Qualified for Rebate

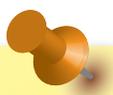

Proposed Due Date: TBD • (510) 287-0593

Information on certain high-efficient landscape irrigation products that may be eligible for EBMUD's new combined lawn conversion and irrigation upgrade rebate program.

Workshop Presenters for Gardening and Conservation

Proposed Due Date: TBD • (510) 287-0597

Information will be used to create a roster of speakers and facilitators in the subject area supporting EBMUD's WaterSmart Gardener Program, landscape and irrigation system upgrades, conservation education, management tools, and incentives.
